The only proof we have that Catten Eads is the son of Samuel Eads is an entry made in a bible that belonged to Samuel Eads grandson, Joseph Eads (1817-1899) I have enclosed those bible pages in their entirety, and numbered them, even though page #4 is all that's needed. This Joseph is a son of William Eads (1784-1871) and a nephew of Catten Eads.

My thanks to Mrs. Agnes Ferry (400 W. 115th St. Kansas City, MO 64114) for submitting the bible pages, and the picture of her great uncle, Joseph Eads, the owner of the bible. Agnes and I set up a couple of meetings, and corresponded frequently. My brother, James, found her name in a book of those making application for membership in the organization Daughters Of The War Of 1812, using the name of William Eads from Monroe Co., WV (her great, great grandfather William, and his brother Catten Eads served in that war) I had only her maiden name to find her, but she was from a small Missouri town, so an Ad was placed in the town newspaper, an old friend of hers spotted it, and the rest is, as they say, history.

In the beginning of our research, a most capable genealogist, Mrs. Marty Banks, of the Monroe Co., WV Historical Society, assisted Agnes and I. I highly recommend her.

You'll note from the bible copy, page #4 that Samuel is listed as having only three sons; Abraham (B. 1770 - D. 1830-40), Catten (1780-1856) and William (1784-1871). Undoubtedly there were more children, Charles Grant Eads of "Eads Family Of America" thinks so.....he believes the Jacob Eads on the early Monroe Co., WV census to be his ancestor, and a son of Samuel Eads, he also thinks on that census that Burwell may be another son, and a daughter may be Fanny Eads. (No Eads are on the 1782 tax list Monroe Co., WV)

Many thanks goes out to Charles G. Eads, too, for his generosity in sharing research papers that helped in countless ways. Many years ago, (1978) an Ad was placed in the "Genealogical Helper" magazine, and out of ten respondents nine suggested that I contact Charles. I was astounded by his knowledge of that surname! His present address; 1019 Kensington Ave. Salt Lake City, UT 84105.

Quoting from a letter from Charles, dated 5 Nov 1978;...The father of Calton Eads is probably Samuel Eads of Montgomery Co. Maryland who moved to Monroe Co., WV between 1790-1800. The tax lists of Monroe Co. indicate he died about 1800". And another letter;...Samuel Eads was included in the records of Prince George's Parish, Rock Creek, Maryland, now referred to as the Rock Creek Church. It is the only colonial church to be located in the boundary lines of the District of Columbia....the original church burned down and the cemetery which surrounds the church contains very few headstones. Robert Eads, and his wife Mary, were also members of the Rock Creek Church. They moved to Bedford Co., VA. Many of their children were early settlers of Kentucky. A majority of the Eads of Kentucky came from this line.
The 1850 census of Monroe Co. WV lists Maryland as the birthplace of both Catten, and William Eads. In looking at the earliest census record of Maryland (1790) there are only 6 Eads over the age of 16 living in that state, 4 of them heads of the family; James, Henry, and Johnaton in Washington Co., and Jacob Eads in Montgomery Co. (Samuel Eads could be one of the other 2, living with them). Those 4 households have a total of 10 white males under age 16. On the other hand Samuel Eads may have struck out for another area. Brother James Eads, found a tax list in Hanover Co. VA pre 1800 showing a Samuel Eads being taxed for a horse he owned.

All of the papers pertaining to Samuel Eads military service came from books at the St. Louis, MO main library, that were viewed and copied by James Eads. Again we find someone in our lineage who served in the Revolutionary War.
1. EADS, Abraham - Little is known about him. He was on the 1820 & 1830 census of Monroe Co., WV, but not 1840, and according to the census he was probably born 1770-74. He married Susan (Sarah) Kelkenen 24 Feb 1824 in Monroe Co., WV, file 4, jacket 2433. Surety was Thomas Pitt and Alexander Kerney (yet Dunlap Kerney signs).

They had 5 children, and according to Monroe Co., WV court records on 20 Dec 1841 their first four children were bound out. All were born in that county (Abraham must have died at this time... What little I have about the children comes from Charles G. Eads, and is as follows; James b. 1826, Patsy b. 1828, Essom b. 1831 (married Sarah H., had a son b. 1858 Craig Co., WV, Nancy b. 1836, died 13 Aug 1857, Monroe Co., married James Morris 16 Oct 1855 in that same county, Jackson b. 1840.

Sally (Susan) remarries in Monroe Co. 18 May 1849 to John Neighbors (Nabors) File 8, Jacket 4960. Robert Carter is the surety, he and John both mark an X, Record does not say who Sally is the daughter of.

The 1850 census of Monroe Co., WV, page 479, house 685, lists a John Neighbors, age 29, and wife Sarah age 43, and living with them a Rebecca Neighbors age 6.

Nothing else is known about Abraham Eads Born ca 1770-died ca 1841.

2. EADS, CATTEN -- LOOK UNDER ANOTHER COLOR FILE SHEET (OUR LINE)

3. EADS, WILLIAM LEWIS - Quite a bit is known about him, as I have been in touch with others researching that line, and we are sharing information. I mentioned in another section that this is the Agnes Ferry line (it was her ancestor who had the bible that proved the descent from Samuel Eads) Another is Glenda Brockman, from Lebanon, MO, this William is her G.G.G. grandfather. Her mother Lucille Simpson, now deceased, and I began this search 20 years ago.

William married his first wife Elizabeth Douglas 17 Dec 1812 in Monroe Co., WV by Rev. William Adair, surety was Thomas Burns, in Marriage record 1, jacket 1227. They make an X. She is the daughter of Henry and Nancy (Johnson) Douglas.

Shortly after that, 15 Nov 1813, he enters the War of 1812, just as his brother Catten did. He enlists as a 2nd Private in Capt. J.V. Duvals Co. 20th U.S. Infantry. He was discharged 18 Oct 1815 at Fort Severn because of Paralysis.

Not long before that, William receives his first land-15 Feb 1814-500 acres from his in-laws, Henry and Nancy Douglas, "for and in consideration of their natural love", and in the sum of $1.00 paid by William. (This was part of a survey of 570 acres by patent to said Henry Douglas 24 Aug 1804 in Monroe on "waters of Second Creek on Reabourns Mountain" Deed book D, pg 195. William continued to buy surrounding land, and when he dies he is owning 725 acres on Rayborn Mt.
The early pictures of this Eads line have been hard to find. I do not have any of Catten Eads children at this point in time.

Fortunately, I have two pictures of Catten Eads nephews, children of his brother William Eads 1784-1871 (opposite page). These would be grandsons of Samuel Eads 1732-1800.

These were submitted by my third cousin, once removed, Mrs. Agnes Ferry, Westminster Retirement Village, 12000 N. 90th St., Apt #2131, Phoenix, AZ 85260.

That is her grandfather James Douglas Eads 1813-1871, his picture is on the left. He was born in Monroe Co. WV, and died Warrensburg, Johnson Co., MO.

On the right is Agnes' great uncle Joseph Douglas Eads 1817-1899 (Owner of the Eads family bible entries enclosed in this book). He was born in Monroe Co. WV, and died in Carthage, Leake Co., MS. This appears to be a 4-generation picture - shown with daughter Caroline (Callie), age 44, Lynnie Dudley, age 24, and Lynn Dudley, age 2½. (taken 1892) Joseph D. Eads was age 75.
3. EADS, WILLIAM - Continued;

Most of this land is atop Rayborn's mountain, and the Monroe Co. map shows this area as Eads Ridge. A picture taken in 1981, and included in this book, pretty well shows the rugged terrain, where many of the Eads families lived. This was taken from a road near the little town of Hollywood. William Eads is buried on this ridge...with a marked stone, another grave is there, too, unmarked, probably one of his wives. Charles G. Eads, of Utah, visited this spot, and passed along this information. One small parcel of this land (12-1/2) acres is listed in the book "Sim's Land Grant's" in Monroe Co. WV this was in 1840. Was this for military service?

William's first wife was born 12 March 1793, and died 9(?) 18, 1823 in Monroe Co. WV. They had five children;
1. James Douglas Eads (Agnes Ferry line) 1813-1871 married Kanawha Co. WV Minerva Foster, 27 September 1813. Lived IL, IA, and Warrensburg, MO.
4. Archibald Douglas Eads- 1819-? (Moved to Fort Madison, Iowa)
5. Rebecca Eads 1821-1823

William Lewis Eads married a second time to Elizabeth Humphreys 30 August, 1924, in Monroe Co. WV, file 3, jacket 2430(or 38). Surety was Chittester Leach, and he and William make their X. According to census they had only one child, William L. Eads, referred to as "Little Willie". He was born 25 Nov 1834 in Monroe Co. WV. He married in that same county, 5 Mar 1853 to Martha McDowell. William Eads, Sr. & Jr. are on the 1850 census of Monroe Co. page 4598, house 403. Could not find Elizabeth anywhere else on this census, so I assume she has died.

"Little Willie", has two children, Virginia Agnes Eads, born Monroe Co. 31 Jan 1854, and James born 1857 in Fort Madison, IA (where his brother was living?) This family moves to Missouri, and is on the Wright Co. MO census of 1860. This county adjoins Laclede Co. where many Eads and Humphreys settled. Infact Virginia Agnes Eads married Thomas Humphreys on 26 May 1878. Virginia dies 10 July 1932. This is the Lucille Owens/ Glenda Brockman line, Lebanon, MO.

William Lewis Eads, 1784-1871, his estate settlement goes on for years in Monroe Co. WV and is finally settled in April 1885 for $1357.84. I would say court costs took the bulk of that...this in Will book 10, PAGE 288. This Chancery case #767 proved all of the above six children.

NOW WE GET INTO THE UNPROVEN TERRITORY

EADS, BURWELL ??? All we know about him is that he was a resident of Monroe Co. WV in 1799, and he was poll tax delinquent for 1801 & 02, from "History of Monroe Co. WV" by Morton. Charles G. Eads says he may be another son of Samuel, yet to be proven.
EADS, FANNY -?? On the 1840 census of Monroe Co.WV she is in the 60-70 age group. Little is known about her. Can't find a marriage record. She was a housekeeper for a John Soffer, and was given property in his Will (which mentions that she is pregnant). Her son John was born about 1813. According to school records in that county 1829 he is listed as age 16. Date of John "Toffer" settlement is March 1831, the amount $63.28.

EADS, JACOB -?? Charles G. Eads of SLC, Utah believes this to be his line. He has done a great deal of research here, I hope he has finally made a connection to Samuel Eads (1732-1800). All the rest of this material on Jacob comes from him.

Charles believes Jacob was born about 1760, and married an Elizabeth born about 1765, both in Maryland, and thinks they had at least six children, all having records in Monroe Co. WV as follows:

1. John Eads - born 1789 in Maryland, living in Monroe Co. WV in 1810, Delinquent in tithables there in 1810, charged with poll tax 1811, county and parish levies 1812 - insolvent property owner 1813. John dies in the War 1812. He was a Pvt. in 20th U.S. Infantry under J.P. Duval. Description; 5-7 3/4 hazel eyes, black hair, light complexion, age 24, laborer, born Maryland, enlisted 7 Sept. 1813, period of 5 years. Served at Camp Defiance. Died 30 Jan. 1815. From service record U.S. National Archives.

2. William Eads - Born 1790. He married a Frances Crew (Crow) in Monroe Co. WV 28 Aug 1830, surety James G. Keadle. They had two children, Frances, and James Edgar Eads. William's first wife was born 1810-died 1885). William married a second time to Nancy Winkleblack, in same county, 13 Aug 1835, surety Patrick Donelly. 1st. marr. record file 4, jacket 3048, 2nd in jacket 3521. Charles G. Eads believes this 2nd family moved to Meigs Co. OHIO and are on the 1850 census there. There were more children.

3. Elizabeth Eads - Charles G. Eads believes this to be his line. In a letter to Agnes Ferry, dated Feb 11, 1980, this is the line of descent he gives; Samuel Eads born 1732, Jacob Eads, Elizabeth Eads, born 1790, Anderson Jackson Thomas Luster Eads (Andrew J.), Charles Levi Elisha Tucker Eads born 1856, Perry Raymond Eads born 1893, and Charles Grand Eads born 1940.

Shortly after the onset of the French and Indian War, Governor Horatio Sharpe ordered Captain John Dagworthy with a contingent of militia to man the yet uncompleted Fort Frederick, located on the Maryland frontier about halfway between Hagerstown and Hancock on the Potomac River.

The muster rolls of Captain (later Lieutenant Colonel) Dagworthy’s command at Fort Frederick, Fort Cumberland, Loyal Hanning, and Annapolis reveal something of the role Maryland played in the war, particularly the campaign against Fort Duquesne. They reflect the hardships endured by the private men—the sickness, death, and desertion—notoriously neglected in latter-day histories in which they usually emerge only as statistics.

The muster rolls which follow have been specifically selected from among fifty-five such rolls to show the names of as many private men as possible in a limited space and to give some personal detail. The original orthography has been retained as well as abbreviations, but punctuation has been added for clarity. These muster rolls, the originals of which are owned by the Maryland Historical Society, have been microfilmed and are available in that form for research by genealogists and historians. The notes correspond to personal information written on the muster rolls, and for that reason are printed at the end of the rolls given here.

We knew that Catton Eads was our next generation down the line when he made his "X" in Union courthouse, Monroe Co. WV granting permission for his underage son, Henry, to marry. He paid first Per.Prop. here 1799.

There may have been more info on Catton Eads marriage certificate, but someone removed it from the jacket and forgot(?) to replace it. Fortunately, Catten's marriage was recorded in a log, and kept in a minister's return box in the courthouse. He and Elizabeth Winkleblack were married by Rev. John Wiseman, this is also recorded in marriage book 1799-1823. They married 4 November 1800.

He is not listed as head of the household on the 1810 Fed. Census of Monroe Co. WV(They could be living in another household or moved to another state) He is on the rest, including his last - 1850, and this is the important census, for it gives us his year of birth and where - 1780, Maryland (Elizabeth 1785 - Virginia) He is listed as a Farmer, and neither can read or write...not uncommon in that time...they do not own real estate. (and according to court records, never did) On this 1850 census they are living in the 39th Division, page 453, house 320. I suspect this is near the town of Gap, WV (or Gap Mills, as it was sometimes called) This is the town listed as where Catton died, from Dropsy. This info was provided by his son-in-law Benjamin Burns, and it is recorded Monroe CO WV, book 1, page 10. The burial place for him, or his wife has never been found.

I would like to inject here that Elizabeth's father was Henry Winkleblack (and he appears on the 1810 Fed. Census, too) In fact, its shown as just Henry "Winkle". He applies for a Rev. War pension in Monroe Co. WV and receives it. Application was made 7 June 1832. He was born in Lancaster Co., Penn, 15 Sept 1756. Before the revolution he lived in Greenbrier Co. WV (later Monroe) I have this application. Again I can point out the eligibility for joining such groups as the DAR. There is a Genealogy of the WINKLEBLECH, WINKLEBLACK, WINKLEPLECK FAMILY IN AMERICA by Aaron M. Winklepleck of Connersville, Indiana, and I have a copy of page 516 pertaining to the marriage of John Henry Winkleblack's daughter Elizabeth to "Colton Eades". This marriage bond was signed 3 November 1800 by "Colton" and Henry Winkleblack, Sr.

Catton and Elizabeth had a large family, ten that we know of and since the first we know is 1805, there could be a couple before that. He signed several times for children to marry, and that provided many names for his family sheet. Other than that his name seldom appeared in court records. He did have a couple of personal property transactions like once sold a horse to pay off a debt, etc. That horse was a twelve year old Bay that sold for $18.20. That was on March 12, 1856, and Catten died 2 May 1856. Kind of sad... so, Frederick Hall was paid off, and the horse was sold to G.W. Carpenter - this from Grantor Deed book $, page 361.

Microfilmed school records of Monroe Co. provided names of their children, too, since a parent or guardian had to sign. These records are for their younger children only. Their youngest daughter Leanna was on here as age 13, and they had her father's name as SKELTON Eades...
Which brings up the matter of, how do you spell Catten's name? I just pick one spelling, and stay with it most of the time. I've seen it spelled Keton, Colton, Calton, Skelton, etc., and Edds, Eads, Eades, etc.

Catton served in the War of 1812 (His brother William did, also, in fact it was through searching these records, and finding the submitter's name that I found Agnes Ferry who was researching the Eads line.)

This record from Washington D.C. military Archives is only two pages. He is listed as Pvt. Calton Eads in Lt. William McDaniels Co. of Inf. 5 Reg't VA Militia, and appears on the payroll & muster roll 13 Sept. 1813. In November 1813 he is listed as Kelton Eades a Pvt. in Capt. James R. Nimmo's Co. of Inf. 5 Regt VA Militia, commanded by Lt. Col. Francis Preston, and he is sick in camp (encampment in rear of Fort Norfolk) He is still there, and sick Jan. 10th to March 10th 1814 at which time it appears they give him his pay & travel expense to return to Monroe Co. VA. According to his file he did not receive a pension, or bounty land.

According to the 1850 census Catton and Elizabeth lived near his brother, and a couple of their sons, and they all owned property.

By the time that 1850 census rolled around only two of their children were living at home, Lucinda, age 22, and Leanna, age 20, all the rest having married. The census shows these four adults cannot read or write, yet we know from school records that Leanna was attending school at age 13.

There are also three children living in this household; Washington, age 6, Alexander, age 4, and Leanna, age 1. Nothing is known about the year old Leanna (maybe need to check Monroe Co. death records again....) But school records show Lucinda as the parent of Washington (those records in 1851 also list him as age 9). After Catton's daughter Leanna marries Benjamin Burns, Alexander is shown living with them.

After Catton dies in 1856, they all move to Kanawha Co. WV, including Elizabeth, his widow. They are all shown living together on the 1860 census, with Benjamin Burns as head of the family. This is near Charleston, Post office is town of Clendenen, house 1515, taken 8 Aug 1860. Elizabeth dies 1861 at Daughter Leanah's in little town of Elk. Like Catton she dies of Dropsy, too. This is shown in Kanawha Co. death records, book 1, Pg. 27, line 13. She is listed as age 74, and parents as Henry and Elizabeth Winkle.

Following this sheet will be information obtained about Catton, and Elizabeth's children, and you will note that their first and last daughters married into the BURNS family. Several years ago I made an EAOS/BURNS contact (Who enjoys this hobby even more than I do!) Her name is Mrs. Janet Burns Shafer, 22 Maple Lane, Elkview, WV 25071. Her great, great grandmother was Mary "Polly" Eads who married George Burns. "Polly" is Catton's oldest child! Polly had a daughter Julia (b. 1835-married a Burns) I've enclosed her picture, shes a first cousin to William L Eads-Lebanon, MO. Also sending Mary & George Burns marr. record, Catton's name on it...

1785-1861

MUCH RESEARCH REMAINS TO BE DONE ON MOST OF THESE CHILDREN

1. MARY "POLLY" EADS, Born 1805, VA. Year and place of birth determined from the 1850 census of Monroe Co. WV (page 474 - House 607) She was married in that same county to George Burns 30 April 1823 (File 6 - Jacket 2243). George was born 1794 in VA, and that same census he is listed as a Laborer. He had to make an X for signing, as did his father-in-law, Catton Eads who was giving permission for his daughter to marry. The surety was William Humphreys (There's one in that county - same age as Catton Eads).

After their marriage they lived in the house next to George's brother William Burns, and his family. Catton's youngest daughter Leanna Eads marries into this family, to Benjamin Burns, sister Molly's nephew, by marriage.

That 1850 census shows Molly having six children (sure there were some before that) George is 56, Polly 45, then Rebecca 15, Juliann 15 (Janet Shafer line), Washington 13, Jane 11, Hannah 9, Henry 5. Note: Janet Shafer has been great to share Eads/Burns material with me, she lives 22 Maple Lane, Elkview, WV 25071.

Many in the Eads/Burns families went into western WV in the late 1850's. But it is my understanding Wm. Burns family stayed behind. Do not know, at this time where they are buried.

2. SARAH "SALLY" EADS, Born 1806 VA. The year, and P.O.B. from same 1850 census (Page 477B, House 661) Husband Alexander is not in the household, (Need to check courthouse records ... maybe passed away...) Sally marries this Alexander Meyers in Monroe County 17 March 1828 (In jacket 2827) Surety was father Catton Eads, and since Alex was underage, his mother Jane Landers signs permission. There are two Eads children living with Sally on that same census, Elizabeth 22, and Henry C. 16. Were there more children?

This is undoubtedly the Sarah we are looking for... her sister Hannah Vance is living next to her, and Sarah's brother John is living six houses away. This family's burial place is unknown.

3. MARGARET EADS, Born 1809 (?) VA From the determined dates of the other Eads children, she would almost have to fit in this slot. Charles G. Eads of "Eads Family In America", 1019 Kensington Ave. Salt Lake City, Utah 84105, believes she is Catton Eads daughter. Incidentally, if you want to know anything about all the Eads, contact him. I simply could not have reached this point without his assistance.

Margaret is married in Monroe Co. WV 10 October 1828 to Thomas M. Perry. The surety is Alexander Meyers, her brother-in-law (married to Sarah Eads) (File 4-Jacket 2844) Thomas makes his X in signing. They are not on the 1850 census of Monroe (three Perry families are) There are two on the 1850 census of Greenbrier Co. WV - Thomas B. Perry, age 59, wife Elizabeth, age 36 (probable) and Thomas 33, and Sarah 33. More research in Greenbrier Co. needs to be done.

Continued; #3. Margaret Eads

Kanawha Co. WV Death Index book lists a Margaret Perry—maybe they moved west also. Need to check this, and possible burial place.

4. WILLIAM EADS, born 1811, VA - He more than makes up for what we don't know about the others. That 1850 census of Monroe Co. WV gives his age, P.O.B. and occupation(farmer) and listing him with 2000 in Real Estate. (page 4528-House 311) He collects plenty of land to farm, and is buying and selling numerous times according to that county's court records. He and all members of his family are buried at Carmel Cemetery (near Gap Mills) in Monroe Co, with some of the most impressive large headstones seen anywhere. His obituary in the Monroe Watchman newspaper states; "Mr. Eads has been one of the counties landmarks for many years and will be much missed."

He is married in that county to Elizabeth Morgan 29 August 1832 (File 5 Jacket 3243) The surety was William Derieux (a brother-in-law). She is eleven years older that William. Her home was originally Pomeroy, Ohio (near Minersville) and their youngest daughter, Elizabeth (who married Andrew Humphreys) and family lived there at one time (many Eads did) Many people who lived there were listed as Miners on the censuses. Elizabeth Morgan Eads name comes up again in court records when she is listed in her father's Will (husband William leaves one, too).

William dies at his home at Gap (Mills) 19 November 1890, that's in Sweet Springs District, at age 82 (Monroe Co. record Book 1 - Page 64.) From the obit in the M.W. paper"Daughter Elizabeth was with him at the time" His wife "Betsy" dies 1 December 1894, same place, age 96, and on her birthday - "oldest resident of Monroe Co., and member of M.E. Church South" (M.W. Obit) This is considered "the home place" (Father Catton live on it?)

They had only three children; Isabel, born 1833, unmarried, lived at home, dies 9 Sept. 1911, at Gap, of Uremia, age 77. Augustus, born 1835 unmarried, lived at home, died 16 May 1894, Gap Mills, Suicide, age 58. (Monroe Co. Records, Book 1 - page 71) Augustus served with the Confederacy in the Civil War - Co. B., 108 VA Militia, Pvt in McNeers Co) Their third child Elizabeth Ann, born 17 Nov 1840 marries in Monroe Co. 20 Feb 1861 (Book 1, page 35, to Andrew Jackson Humphreys (born 7 June 1837 - 6 Nov 1923) They were married by Rev. J.W. Bennett. She is listed as age 20, he's 23, and a "Millwright" (His parents, Andrew (K. rC) and Mary Humphreys)

William and Elizabeth daughter, Elizabeth, is living next door to them on the 1880 census of Monroe Co., but husband is not there, but 4 children are; William 18, Lornyl2 (Leonidas W. 1868-1942) Elizabeth 10, Rasa B.4 (Musa F 1876-1961. (many of these dates from Monroe Cem. records by the Hist. Society)

5. HANNAH EADS, Born 1816, VA, husband's birth date, and P.O.B. the same, from the 1850 census of Monroe Co. VA (page 477-house 660) She marries, same county 17 March 1832 to Daniel Vance (File 4 - Jacket 3237) He is listed as a Farmer on the census. Catton Eads is listed as the surety for the marriage, and Henry Vance consents for his son. Five children are shown on this census; Joseph M. 16, Hiram S. 15, Henry P. 13, Betsy A. 9, Mary J. 5, William H. 3, there may be more. Burial places unknown.
CHILDREN OF:

6. SAMUEL EADS—Born 1816, VA (All Catton's children born in Monroe Co.)
The 1870 census of Monroe county shows his birth as 1818. Could not find him as head of household on the 1850 census index of VA. Need to look at the 1850 census of Greenbrier Co., page 239, house 83 (from Charles Eads, Utah, notes) The 1870 census lists him as a Farmer.

His first marriage takes place in Monroe Co. He marries Harriet Talbert, (nee McCallister) 2 March 1840 (file 6, jacket 4005 or 4050) The surety was Harriet Tolbert, and signing were Washington Tolbert, and Washington McCallister. Harriet, born about 1821, was from Greenbrier Co., and died about 1860. She and Samuel are shown on the 1850 Greenbrier census as having three children: Louisa A. born 1841, Mary J. born 1843, and James born 1848. Louisa marries Charles L. Morgan, and Mary weds a Bryan. (Info about Samuel’s marriages, and his childrens from Monroe Watchman newspaper obituary)

Samuel remarries in Monroe Co. 3 October 1861 to Eliza Jane Honaker, by Rev. A.B. Beamer (Book 1, page 38) They did not have children. From the newspaper obit we know that on 18 July 1895 Jane died at age 66 at home of her sister (Mrs. A. E. Bostick,) and Samuel dies 20 April 1901, at age 91 (making him born 1910!) he dies at home of J.H. Bostick (nephew by marriage) Both die near town of Union, Monroe Co. WV. They were members of M.E. church South, and are buried in the Rehoboth Cemetery.

7. HENRY R. EADS—Born 1819, VA. Much has already been written about Henry Eads earlier as head of his own household, so this is a review with a few things added. (CHECK HIS FAMILY SHEET)

As was pointed out earlier, he joins the Confederate Army, 15 April 1862 for the “period of the Civil War”, this was done at Lewisburg, Greenbrier Co. WV. He’s a Pvt. and also in Company “D”. It’s mentioned one place on his records that he is absent, in Greenbrier Co. VA since 19 January 1863. Disabled by gunshot wound. Then he is in that "Battle Of New Market" 15 May 1864. As a seasoned, older soldier he is helping to lead those very young Virginia Military Institute (VMI) cadets into battle. As a result he dies of his wounds received there. He was removed to a hospital in Harrisonburg, VA, and he dies 1 July 1864, there.

Henry’s wife, Elizabeth is buried at the Salem Church Cemetery in Greenbrier Co. WV – that’s near Organ Cave. Nice tombstone there, and empty spaces on each side of it. Could he be buried here? Possible, I suppose...

We know that Elizabeth dies 7 May 1893 in Kentucky while living with son Newton, and prior to that they were living on the 1880 census, together, in Greenbrier Co. WV. Its the 1870 census of that county that needs to be checked to see if last child, Cynthia, is on it (age 9?) Then, follow up with either death or marriage records for her.

#7. HENRY EADS

Henry and Elizabeth had a large family - 9 children, that we know about. Additional information has been obtained about their child Joseph family. From his second marriage there were 4 children; Hattie, born 1898, Clarence N. born 1899, died 1973 (married 1922 Gladys Hedrick) Mary Elizabeth born 1900 (married Roy C. VanStavern) All children born Monroe Co. WV.

8. JOHN EADS- Born 1826 Monroe Co. WV-from the 1850 census of same county. He is listed as a Laborer, this on page 478, house 668. His wife Delilah is the same age, and they have a daughter Mary Ann, age 1. They were married in Monroe Co. 20 November 1848 (file 8, jacket 4812). John makes his X. Delilah EDDY was originally from Botetourt Co. VA. Her father signs, as a surety. Delilah dies in childbirth 27 November 1854 (Book 1, page 4) and her parents Samuel and Delilah Eddy raise their granddaughter, Mary A. (on 1860 Monroe Co. census, house 1337) These grandparents are buried in Carmel Cemetery, near Gap Mills.

John Eads heads west, and records show he remarries in Kanawha Co. WV 15 June 1856 to Hannah Ann Wood (Book 1, page 9) John is listed as a Widower, age 31, and she is single, age 27. Her parents are John and Mary Wood.

Did they remain in Kanawha county, have children? More research needed.

9. LUCINDA EADS- Born 1828, Monroe Co. WV from the 1850 census of that county (page 453, house 320) She is age 22, and living with her parents, Catten, age 70, and Elizabeth age 64, and younger sister Leanna, age 20. There are also three children living in that household; Washington Eads, age 6, Alexander Eads, age 4, and Leanna Eads, age 1.

No marriage record has been found for Lucinda, yet she is listed as "George" Washington's guardian in that county's school records of 1851. She is also listed as the parent of another child, Lewis, born 20 Mar 1856 on Peter's mountain in Monroe Co. (Book 1, page 27.) Nothing is known about the one year old Leanna (need to check court records) but the boy Alexander is living with Lucinda's sister, Leanna after she marries Benjamin Burns.

When Leanna Burns and family moves to Kanawha Co. WV, Lucinda, and 2 children join her, along with Catten's widow, Elizabeth - this is after Catten dies in 1856. They are all living together on the 1860 census of Kanawha Co. WV in town of Clendennen (near Charleston) page 218, house 1515.

Lucinda dies of Consumption 15 September 1861, at age 35, at sister Leanna's house in little town called Elk (view) Kanawha death records- (Book 1, page 27, line 14, her father is listed as "Carcon" Eads.) That same month Lucinda's son Lewis, now 5, by court order, is bound out to William L. Booker in Kanawha Co. Lucinda burial place unknown.

10. LEANNA EADS Born 7 January 1831, Monroe Co. WV. Her age, age and P.O.B. from that 1850 census, and 1860 census of Kanawha Co.

CATTEN EADS, AND WIFE ELIZABETH (WINKLEBLACK) EADS

Continued # 10, LEANNA EADS

- Leanna married at age 24, in Monroe Co. 25 February 1855, to Benjamin Burns, age 22 - this by Rev. G. Wesley Boteler (Book 1, page 4. Ben is her sister Polly's nephew by marriage, and is the son of William and Polly Burns. Leanna is the daughter of "Kalton" and Elizabeth Eads, and they are there as witnesses.

As I previously pointed out, the child Alexander, in Catten's household in 1850 is now living with Lenna and Benjamin in Peterstown, Monroe Co. and they have more children born there before moving to Kanawha Co. VA in the late 1850's. (You wonder if sister Lucinda was possibly living with them when she had son, Lewis (born on Peter's Mountain)

So, the Benjamin Burns family moves to Kanawha Co. along with Lucinda and her 2 children, and Catten's widow, Elizabeth, just in time to be counted on the 1860 census (page 218, house 1515) Five children were born in Monroe Co.; Alexander 1848, Mary A. 1854, Eliza J. 1855, Isabella 1857, and William H. 1858, then on the 1880 census Kanawha I show a George born 1858! Was he a twin to William? There's also Joseph M. 1861, William (?) and Gertrude 1868. Leanna had at least 9 children and possibly more.

Leanna's sister, Lucinda, dies at her house in Elk (now Elkview) 15 September 1861 of Consumption, and six weeks later her mother Elizabeth (Winkleblack) Eads dies there of Dropsy (Catten did, also) 23 October 1861. Elizabeth's parents are listed as Henry and Elizabeth Winkle (from Kanawha Co. Death records Book 1 Page 27, line 13)

Their oldest son, Alexander, is married in Kanawha Co. 10 Nov. 1868 to Judith Ann Riley. His profession is listed as a "Cooper" (Record Vol.2, line 163, Page 61)

Leanna nephew, George Washington Eads (Lucinda's son, born 1842) was living with them when his mother died. Wonder what ever happens to him...The Civil War began in 1861, and he was the right age...

One wonders why so many families moved into western WV in the late 1850's.... was it for economic reasons? Coal mining industry was there...also, the Civil War was imminent, did they feel more secure there? One of the first battles was fought at Cheat Mountain, not far from Monroe County.

So, this brings to a close what information we have on the Catten Eads line, at least for the present.

KNOW all men by these presents, that we George Burns and Mrs. Humphreys are held and firmly bound unto James Pleasants, Governor of Virginia and his successors, for the use of the Commonwealth, in the sum of one hundred and fifty dollars, to which payment well and truly to be made, we bind ourselves, our heirs, executors and administrators, jointly and severally, firmly by these presents. Sealed with our seals and dated this 26th day of April A.D. 1823.

The condition of the above obligation is such, that whereas a marriage is shortly intended to be solemnized between the above bound George Burns and Elsey Edes of Monroe county, if therefore, there shall be no lawful cause to obstruct the said marriage, then the above obligation to be void, otherwise to remain in full force and virtue.

Rehoboth Church

Aggressive Methodists with itinerant preachers traveling from settlement to settlement in the early days had much to do with the early history of West Virginia. What is said to be the first Protestant church erected west of the Alleghenies is a Methodist church, Rehoboth, in Monroe County.

This log house was built in 1786, a year before the United States Constitution was written. The famous Bishop Asbury opened this chapel and held conferences in it in 1792, 1793 and 1796.

In Asbury's Journal dated May 24, 1793, we find: "Came to Rehoboth, in the sinks of Greenbrier, where we held our Conference. I was greatly comforted at the sight of Brother Ellis Cox. We had peace in our Conference, and were happy in our cabin. I learn that mischief is begun in the lower parts of Virginia; J. O'Kelly, and some of the local preachers, are the promoters and encouragers of divisions among the brethren."

Rehoboth was a town referred to in the Bible and was built by Ashur, Genesis 10:11, "A city by a river."

At the last General Conference of the Methodist Church, held in Denver, Colorado, Rehoboth was listed as one of the six additional shrines of Methodism in the United States. This old log church is about two miles from Union. It is built in a sort of bowl, surrounded by limestone hills. The church was given five acres of land by Edward Keenan, a Catholic who later joined the church. In the deed is this sentence: "Deeded to Methodist Church as long as grass grows and water flows."
In the center of the side of the log church is a door about five and one-half feet high. A small window is above the pulpit in the end of the church. No provision was made for heating the building. The gallery was at the end opposite the pulpit and extended around on both sides. The floor was made of puncheon timbers. (Trees were split and the flat sides turned up to make the floor.)

Before the building was erected, the people held services in private homes and a little later in a nearby schoolhouse. In 1785 Bishop Asbury sent a young minister, Reverend William Phoebus, who probably served that community and others in the Greenbrier Valley. He must have been very frugal because his salary was listed at $64.00 a year; later it was raised to $84.00. By 1816 it was increased to $100.00 a year.

The church and lot were deeded a few years ago to the West Virginia Methodist Historical Society. That organization bought an additional four acres and built a fence around the entire lot. In the church lot is a cemetery where many of the early settlers in that community were buried.

In order to protect the roof of the church, the Historical Society built a substantial roof which was raised about four feet above the original roof.

This historic shrine is worth traveling a long distance to see. It is only a short distance from State Route 3 which leads to Old Sweet Springs.

Can you identify the gentleman below?

This sequence's type picture has been with the Eads family pictures for well over a hundred years. Dates can be made out on the back, but not the first name. This type of picture was first introduced in New York City in 1839 by Samuel Morse. This was first done by coating a copper plate with silver (and that's what this is). By 1840 artists were turning wagons into portable studios and traveling from town to town taking portraits.

The age factor would eliminate Samuel Eads 1732-1800, and
catten Eads 1780-1852, but it could very well be HENRY EADS
1819-1864, or possibly his son, JOSEPH H. EADS 1844-1904

Descendants of these two men may be living in Greene County,
or Monroe Counties, WI, and have a similar picture in their possession. If so, I do hope you'll contact me.

HENRY R. AND ELIZABETH M. (SAMS) EADS
(1823-1938)
(Parents of William L. Eads 1850-1924, of Lebanon, MO)

The names, and place of birth of William L. Eads parents were obtained from his death certificate. His second wife, Malissa was the informant, and she had it correct, for the courthouse at Union, WV had a marriage record for Henry Eads, and Elizabeth Sams in file 6, Jacket 3925. I have a copy. This just gets better—since Henry and Elizabeth were both underage both had to have a parent sign for them to marry. Granting permission was "Keton Edds!" (what a brogue he must have had) and John B. and Mary (Bower) Sams. The courthouse enclosed this sheet, too. I'd like to point out here that John B. Sams father, Samuel L. Sams, born 1758, fought in the Rev. War—namely "Battle of the Cowpens" I have his record, and of many other ancestors serving if anyone is interested in joining the DAR. But back to Henry and Elizabeth—there was only one Henry Eads listed as head of the household on the 1850 Federal census Index of VA, and that was in Monroe County. I found this family on microfilm, in that same county in 39th Twp., page 460, house 413 (giving me ages & birthplaces too. (William L. Eads is not on here, he was born September 1850, and the census was taken a few months before) Henry Eads is listed as a Laborer, and no real estate is listed. By about 1855 (from tax rolls in Monroe Co.) Henry is moving to Greenbrier Co. WV. Oral history has it that some of the ancestors land butted against each other in those two counties. On the microfilmed census of Greenbrier 1860 they are living in Dist. 2, page 161, house 1123. They are shown as having 2000 value in real estate, Henry is a Laborer, and William L. Eads is on here as age 11, alone with 6 other children. In 1862 Henry Eads enters the Civil War at age 43, and 8 months later his son Joseph, age 18, enters too, in his dad's unit. From the book "History of Monroe Co. WV by Oren F. Morton Chap. XXXV, page 438 Confederate Soldiers serving from that county.... Henry Eads (only Henry in county) in Burdett's Company. His military record (I have it—it's limited) shows he's in Edgar's Battalion, Company G, 26th Batt. Virginia Infantry. His record states he died in a field hospital as a result of injuries received in the "Battle of New Market" (I have son Joseph's military record, too) I don't know where Henry Eads is buried, maybe at Harrisburg, VA where he died. Yet there is a space on each side of his wife's grave... She has a nice stone there, but there are no markers at the side spaces. Is it possible someone brought him back for burial there? Henry's son William L. Eads (later to Lebanon, MO) was 14 when his father died. In a book, probably the one just quoted a "William Eads was serving as local defense" with Tuttle's Bn. Co A. According to the "Williams" on the 1860 census it would almost have to be William L. Eads. I was not able to spend much time viewing the 1870 census of Greenbrier Co. WV. I'm sure I overlooked Elizabeth Eads on this. But she and son Newton are on the 1880 Greenbrier census, living in the same household. That's in Irish Corner Dist., page 17, house 100.

Elizabeth M. Eads bought land in 1880 in Greenbrier County WV in that Irish Corner Dist. (Deed Book E-F, Grantee, Book 32, page 123) and sold same in 1885 (Book 36, page 322). She was living with her son Newton, in Kentucky, when she passed away, according to her obituary in the Monroe Watchman newspaper on microfilm, Vol. 22 No. 16, and (according to his obituary in the same newspaper, later), he moved to Catlettsburg, KY in 1888. His mother may have moved there at the same time.
1. EADS, Mary Elizabeth born 1840. Mary was married in Greenbrier Co., WV by H.C. Westwood, Book 1, page 10, line 36. Her husband John was born 1837 in OHIO, and his parents were Paul & Elizabeth McKenzie. Mary & John are on the 1870 census of Meigs Co. OH, Antiquity-Letart Twp., P.O. Syracuse, page 3, line 28, House 23. Her brother William L. Eads, and Sarah F. Humphrey, are married in Minersville, OH 9 Nov 1870, Vol. 5, Page 178, and sister Mary, and John McKenzie sign their marriage certificate as witnesses (I have a copy). Mary & John have four children in 1870, first one born in OHIO in 1861. One of their children, William, is shown born in WV 1867, so apparently they went back there, and possibly about the time her father was killed in the Civil War.

2. EADS, Hannah A. born 1842. Very little on her. School Records of Monroe Co. WV 1843-1853 show her in attendance 25 Feb 1853. Cannot find a marriage record for her. She is on Greenbrier census 1860, age 18, with parents. (Check Greenbrier marriages again - did she marry a Honiker?)

3. EADS, Joseph H. Born 1844. Birth date from that 1850 census of Monroe Co. WV, too. His death date comes from his Civil War pension records. His first marriage was to Isabelle Humphrey 13 June 1866 by Lewis R. Jones, in Greenbrier Co. WV (Book 1, Page 30, line 56). They had no children. Isabelle dies at Second Creek, Monroe Co. WV 24 May 1894 of Paralysis at age 55 (record Book 1, page 71 #17), her parents are John & Sally Humphrey. She was born 1838. Joseph's second marriage was to Minnie Myles on 24 March 1897 Monroe Co. WV, Book 1, page 230. They had four children (from his military pension record) Joseph was listed as a Farmer at time of enlistment, his death date also comes from his pension record. That occurred at Monitor, Monroe Co. near Second Creek, WV. Burial just north of Union, WV on Rt 219, at New Lebanon Cemetery (From book "Cemeteries of Monroe Co. WV" Pub. 1990, Monroe Co. WV Historical Society)

Joseph Eads first enlisted at Lewisburg, VA with the Confederate Army 29 Nov 1862, Company G, 26th (Edgar's) Battalion, VA Infantry, composed partly of members of the 59th Reg. VA INF (Joseph's father, Henry, had enlisted same unit 29 March 1862). Then, on 31 Mar 1864, Joseph enlists with the U.S. ARMY in Charleston, WV, Company G, 7th REG. of WV CAL. volunteers. He mustered out, same place, 1 Aug 1865. You wonder why he switched... Did his sentiments change... needed a horse... unhappy with his dad's treatment? Some answers cannot be found in the books. Joseph & wife 2 had four children.

4. EADS, Margaret J. born 1846, birth date from 1850 census Monroe Co. WV. She is married in Greenbrier Co. WV by Joseph P. Chittum (Book 1, page 26 line 81) Her husband, John was born 1831, his parents are Jacob & Emma Conrad and his occupation is listed as a "Wheel Wright". He dies 28 Oct 1880 age 52 of Consumption, in Greenbrier Co. WV (Book 1a, Page 60, line 72). Need to view the 1870 census of Greenbrier for more info on this family. That Co. or Monroe may have a record of her death date, too.

5. EADS, William Lewis Born 15 September 1850 (Bible record & Census). He told his daughter-in-law Ruth Eads, wife of Arthur, that his middle name was Lewis. Death date comes from family bible, and his death certificate. He and bride Sarah Frances Humphrey, were married in Minersville, MO.

SULLIVAN, MO 63080
CONTINUOUS WILLIAM L. EADS - He was married in Minersville, OH, where his oldest sister lived. He spelled the name EADES at that time. They were married by Rev. W.L.Lloyd (that original certificate in Eads family bible). His birth and death dates from bible, and death certificate. He and first wife, Sarah, are buried in City Cemetery, Lebanon, MO. Their marriage record filed in Vol 15, Page 178, Meigs Co. OH. Apparently William was successful with his produce and hides business, for I don't believe he had any other business in that 40 year. It's mentioned in his son Henry's obituary that this family came to Lebanon, MO in 1878. Sarah Eads told her daughter-in-law Ruth (Art) that she saw her first banana, at age 25, while passing through St. Louis heading West. Sarah Eads died of a heart attack in 1916, and William remarries 1918 to Malissa Nesbitt. They did not have children. More on William L. Eads on his family sheet.

6. EADS, MILTON TRACY - Born 1853, first one of Henry's children to be recorded by law, in Monroe Co. WV (book 1, page 4) and that was spelled Eades. His birth date also from census records, and from his death certificate. Death occurred in Lebanon, MO due to "Myocarditis & Cerebral Hemorrhage" signed by Dr. T. Casey. He came to MO also, and both of his marriages, 1882 and 1885 were recorded in Lebanon, MO. He supposedly moved to Kansas City, MO (a daughter died there in 1979. His death certificate shows that he is a stone mason, parents Henry & Elizabeth Sams Eads, and all born WV. The informant was wife Ella. She listed place of birth as "Orange Cave". That ORGAN CAVE in Greenbrier Co. WV. His burial place is in the Hough Cemetery (His first wife was a Hough) this is located in rural Laclede Co. MO (second wife Ella, and son are buried here, too, this from book "Laclede Co. MO rural Cemeteries", by Lebanon, MO Historical Society. Milton's middle name came from gravestone. Milton had 4 children; Lanie (1st marr.) Clarence, May, Howard 1895-1901.

7. EADS, JAMES M. - Born 1855, about the time his parents are moving from Monroe Co. to Greenbrier Co. WV and he appears on the latter's 1860 census as age 5. Nothing else is known about him, except Ruth Eads said that she thought two brothers came to MO with William L. Eads, and that they may have settled in Springfield, or Kansas City, MO.

8. EADS, NEWTON DIXON - Born 12 November 1858 (from death certificate) he appears on the 1860 census of Greenbrier Co. WV as age 1 (page 161, house 1123). He is in that same county in 1880 census, single, living with his widowed mother. The informant on his death certificate was wife, Nora Eads. She lists his parents as Henry & Elizabeth Sampers (?), and their birthplace as Monroe Co. WV (Newton's as Greenbrier Co.). He is listed as a salesman in hardware. He died of unknown chronic disease, "probably Mitral regurgitation" of several years duration. He is buried at the Ashland Cemetery, Catlettsburg, Kentucky. He lived in that city for 27 years.
CONTINUED, Child 8; Newton Dixon Eads; So, Newton arrives in that city in KY 1888, and that same certificate shows he married in 1889. His mother Elizabeth(Sams) Eads dies at his home 1893(Monroe Watchman newspaper obituary). She sold her property in Greenbrier Co. WV in 1885. Probably moved to KY to live with him shortly after that. A marriage record is not in that county of Boyd where he lived, or Monroe & Greenbrier counties, WV. Charleston, WV(Kanawha county) either, although there is a marriage there for a Nora Eads, book 5, page 90, but has not been checked out. From 1900 census, Catlettsburg, KY, Newton has four children, Clarence 10, John 9, Lucyleah 7, & Virginia 1. (These children may appear later on the Charleston, WV census) Forgot to jot down Newton's birth record which is recorded in Greenbrier Co. WV, Book 1, page 39, also his obituary appears in the Monroe Watchman newspaper, Vol. 44, page 10.

9. EADS, CYNTHIA A. Born 1861. Greenbrier Co. WV. This information must have come from Charles G. Eads, Utah research, and I'm reasonable certain it was in that county's birth records but book and page was not recorded. From my records there is not a marriage for her here. Need to look at 1870 census of Greenbrier Co. WV to see if Cynthia is on this. If not, she may be buried in one of those empty spaces next to her mother in Salem Church Cemetery. Look for her death recorded in Greenbrier, too. (A Cynthia Eads appears on the 1860 & 1880 census of Kanawha Co. WV, but she goes with the Thomas & Rachel Eads family.) OOPS! Her birth record FOUND in another file.....that was in Greenbrier Co. WV, Book 1a, page 59, line 81.
Know all men by these presents, that we
Henry Eads and Samuel Eads

are held and firmly bound unto David Campbell, Governor of Virginia,
in the sum of one hundred and fifty dollars, current money, and for the payment of which, well and truly
to be made to the said Governor and his successor in office, we bind ourselves, our heirs, executors and
administrators, jointly and severally, firmly by these presents. Sealed with our seals, and dated this
23rd day of December 1839

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, That whereas a marriage is
shortly to be had and solemnized, between the above bound
Henry Eads and Elizabeth Lams

of the county of Monroe. If, therefore, there be no lawful cause or impediment to obstruct said mar
riage, then the above obligation to be void, otherwise to remain in full force and virtue.

The spelling of Eades(Eads) changed from time to time. It was William Eads on the 1900 Federal census of Laclede County, MO, and on the deed to his cemetery lot in Lebanon, MO, but Eades on his death certificate in 1924. His first wife's death certificate listed the name as Eads in 1916. By 1924to 26 most of the family was spelling it Eads.

William Lewis Eades first appears on the 1860 Federal census of Greenbrier County WV, P.O. Lewisburg, Dist. 2 (as age 11)Page 161, line 10, house 1123 family 1011, with parents Henry & Elizabeth, and other children. The family had previously lived in Monroe County, WV in 1850- federal census 39th township, page 460, line 4, house 413, family 420(Our William was born a few months after this census was taken) William was only 14 when his father was killed as a result of a battle fought during the Civil War while he was serving with the Confederate army. William's oldest sister Mary McKenzie, husband and family lived in Ohio, Meigs County. and apparently came back to WV about that time. Mary had a son born there about 1867, and names him William. Then in 1870 William, and bride to be Sarah Frances Humphrey(s) are married in Meigs Co. Ohio, with Mary and John signing as witnesses. This was in Minersville, Ohio. Bordering town of Pomeroy was where William's first cousin Elizabeth Eades Humphrey lived(She's the daughter of William Eads, son of Calton Eads) I have a copy of their marriage certificate that was in the Eads family bible.

I believe that William & Sarah Eads came to Laclede Co. MO in 1878. This is written in their son, Henry's obituary, also in the book "History of Laclede County, MO page 329, Thomas Humphreys (brother to Sarah Eads) states"that he came therein 1878 from Greenbrier Co.WV in a 7-family wagon train"(that is the oral history related to his children) This date is probably right according to the birthdates of their children on the 1880 census of Laclede Co. MO. Speaking of oral history, Sarah Eads told his daughter-in-law Ruth Eads that she saw her first banana when they came through St. Louis, MO on their way west.

William and Sarah Eads family bible was finally located in a suburb of Chicago, and in the possession of their great, great, granddaughter, Mrs. Sheryl Moncey, 153 Springhill Dr.Bolingbrook, IL 60439, Tel. 312 759 5498. I have copies of all entries, birth, death, marriages including that of William's mother Elizabeth M.(Sams) Eades. That bible proved very helpful while doing this research.

William's death certificate gives birth date as well as names of both parents and their place of birth. He had chronic Nephritis with complications of Cirrhosis of the Liver for 15 years. His daughter-in-law Ruth Eads said he was hard to get along with, and was a hard drinker as well as his sons. Ruth's son, Arthur, Jr. remembers his grandfather (he was 9 when he left Lebanon) he'd visit the produce business, and said his grandpa was "grumpy", and said nobody liked his second wife, but he didn't know why.

Sarah Eads death certificate also confirms birth&death dates, and lists cause as Mitral Regurgitation. She had been seeing a doctor in St. Louis for 2 weeks before she died and staying with her son Newton who lived at 1534 Hogan St. Ruth Eads, her daughter-in-law, referred to her as an "angel", that all the family loved her, and anyone who knew her.

William Eades left a Will in Laclede county, dated 5 Nov 1923 (I have partial copy)In it he mentions his living children; Frank, lizzie, tom, and Arthur, and the ones deceased; Henry, Joe (mentions that he
JOE, left a widow, but no children. Newt, Jesse, and Everett. Mentions
his brother, Milton, of Springfield, and his second wife, Malissa - who
has to sign with an X. She didn't care for the Will's provisions, she
choose to just take the home and widow's share. After attorney's, and
doctor's fees, the children received $100.00 each, from their father.

Want to point out here that William Eads first land purchase in
Laclede CO.MO was in Lebanon, and this was 1 February 1882, from John

William Eads second marriage is recorded in Laclede CO, Lebanon MO
He is listed at the time as age 60, and she is 44. They did not have
children . That same courthouse has Malissa's later marriage in 1924,
14 Oct, to William Hollenbeck, from Crawford CO.,KS, and married by
Homer Davenport, J.P., this in Book L, Page 85.

In 1979 Loretta Scott, and her brother John N.EAd's, grandchildren
of William L. and Sarah Eads, had a large stone ordered for the Eads
burial plot in City Cemetery, Lebanon,MO. Many family members contributed
to it. At the time there was only one small marker there. This new stone
includes all their names, but not the dates(12 are interred here) The
names, AND DATES, are on file at the Lebanon City Cemetery office, in
ledger B, page 294, Lot 29, Block 10.(I have a copy of this page.)
1. HENRY R. EADES - Henry was named after his grandfather, who was killed in the Civil War. His birth record is in Greenbrier CO.WV(Book 1a, page 106). I have his death certificate, and newspaper obituary from Lebanon, MO. Henry is buried in his father's cemetery plot in that same city. His B & D are in that Eads family bible. He was married to Annie Hegger 18 March 1892 in Lebanon, MO by Rev. William Todd. (Book E, Page 369) She was from St. Louis County. They had children, and I'm sure they're listed in that Eads bible. His cause of death was listed as Cystitis, with complications.

2. JOSEPH M. EADES - He was named after his father's oldest brother, and his birth record is in Greenbrier CO.WV(Book 1a, page 117). Little information on him, there is not a marriage record for him in Lebanon, or the Eads bible. According to his father's will he was married, but had no children. He is not on the 1900 census of MO either. Old newspapers need to be checked in Lebanon. His B & D recorded in the Eads bible.

3. ELIZABETH M. EADES - Named after her father's mother. All dates in Eads bible, and from her death certificate (Died of Cancer) while living in St. Louis MO. She was married in Lebanon, MO to Leroy Taylor by Rev. J.E. Alexander (Book G, Page 41) They had 5 children; Florine (Oestreich), Mamie (Sutton), Raymond, Elmer, and Wilford (all listed in Eads bible) After Leroy died Elizabeth married a second time to a Rev. William F. Wilson (no children) She and Leroy are buried at Memorial Park Cemetery, Lucas & Hunt Road, St. Louis, MO. Her nephew, Art Eads, Jr. always remembered she had a big hug, and kiss for you, and niece Loretta always remembered her cheerful personality. They say she was born in WV, but a record could not be found in Greenbrier or Monroe counties, and I never heard that she was born enroute to Missouri!

4. WILLIAM FRANKLIN EADES - Named after his father. Ended up with 10 children (His dad only had nine!) Frank's B & D in that family bible, and I also have his death certificate. He died from a heart condition (was in the hospital). He is buried in Oak Grove Cemetery, in that city, and other members of his family are there, too. He was married three times. First was in Lebanon, MO to Mabel Street 6 August 1897, by R.A. Hall, J.P. (Book G, Page 11) Hiram Street was her father. They had 4 children; Lelia, Herman, Ralph, and Loretta. Mabel and Herman Eads are buried in Eads plot City Cemetery, Lebanon. When Mabel died 1910, Frank remarried to a Mary Truelove, from nearby Phillipsburg, that marriage record could be there, or in St. Louis, MO where Frank lived for many years. He and Mary had 6 children; Twins George & Eula, Dorothy, Edward, Mary Jane, and William. Mary died in childbirth, and Frank married a third time... that was probably in St. Louis as thats where Katheryn Lorenz was from. They did not have children. Frank bought some land in rural Crawford CO. MO in the mid to late 1930's, some thought out of Steelville, MO, but I remember visiting him on a farm out of Bourbon, MO, too., but he sold it all and moved back to St. Louis, MO, probably for health reasons.

5. JESSE O. EADES - Both dates from bible entry. This child was buried in McBride Cemetery, located out of Lebanon, MO - rural-near town of Competition. Just a field stone, short row between 34 & 35. Some of William & Sarah's friends, and relatives lived here when they first arrived, maybe them, too.
6. THOMAS ALBERT EADES- His birth and death dates from bible, and death
certificate. He was married at Lebanon, MO by Rev. Thomas P. Shaffer
Book H, Page 255 (she is from Richland, MO). They had three children, Carl
(lived Fenton, MO) Mary Weiland (St. Louis, MO) and a boy that died young
believe name was Charles. All are on bible pages. They divorced and,
and she remarried to a Fleming. Tom died as a result of a fall down a flight
of stairs. He is buried City Cemetery, Lebanon, MO.

7. JOHN NEWTON EADES- All dates on "Newt" from Eades bible sheets. He was
married at Lebanon, MO by J.A. Pond, J.P., Book I, Page 153, his wife was from
Aurora, MO. He served with the U.S. armed forces during World War I, and
during that time died from the 1918 Influenza, and is buried at City
Cemetery, Lebanon, MO. His military records, along with many others, were
destroyed by a disastrous fire at the Army Records Center, St. Louis, MO.
He is the only one of William & Sarah Eades children to serve in the
armed forces. He too is buried at City Cemetery, Lebanon, MO. He had
several children listed on bible pages - from old newspaper obits I know
that 2 died young. A search is presently underway in Lebanon, MO of their
old newspapers on microfilm for his obituary to find out WHERE he died.

8. ARTHUR ROY EADES- Father of the submitter of this Genealogical material.
His birth recorded in Eades family bible, death date is shown in 2 obits
from newspapers "The Cuba Review" issue of Mar 9, 1944 (stored in Crawford
Mirror office, Steelville, MO, and "The Steelville Ledger" issue 3/16/44
from same town (I have these sheets) A death certificate does not exist for
him in Vital Records, Jefferson City, MO. I don't know where the error
occurred, undertaker - county courthouse - or just lost in the mail, but it
is not there. He was married at Newburg, MO by A.B. Cottle, J.P., and since
he picked up the license at Lebanon, MO is housed in Book J, Page 118. Ruth's
last address on their certificate was listed as Indianapolis, IN. They had
6 children (4 on bible pages - last two born Cuba, MO) Two died young (one of
the 1918 Influenza) and are buried at City Cemetery, Lebanon, MO. Arthur
worked first as a U.S. Postal Clerk, then with the Frisco Railroad (believe
brother Joseph did, too) Arthur was transferred to Cuba, MO. He later went
into the restaurant business, and was the agent for 3 bus lines with food
stops. He and Ruth were divorced in 1943. His death was due to heart failure.
Arthur and Ruth are buried at Kinder Cemetery, Cuba, MO.

9. EDWARD EVERETT EADES- Both dates from Eads family bible. He died young
and is buried City Cemetery, Lebanon, MO. His was the only grave that had
a (small) marker when this research began in 1978. Later it was replaced
with one large one with all the names inscribed.

Cottrell, a justice of the peace, did at Newburg in said County, on the 10th day of October, A.D. 1911, unite in Marriage the above named persons, and I further certify that I am a citizen of the United States, and legally qualified under the laws of the State of Missouri to solemnize Marriage.
ARTHUR ROY EADS was one of nine children, and was born 16 Feb 1890 in Lebanon, MO, Laclede County, and his birth is listed in the Eads family bible. He appears on the 1900 Federal census of that county as age 10.

Arthur and Ruth married in Newburg, MO, and their marriage record is in Lebanon courthouse, Book J, page 118. At the time she was using the surname of the grandparents - Wilson - who raised her. Her birth and marriage are recorded in the Works family bible; Mrs. Florence Wilson, 200 Murphy St. Kahoka, MO 63445 present owner of the bible.

Art was first working with the U.S. Postal Service when they married, then was employed by the Frisco Railroad, as were some of his brothers. According to their son Arthur, they lived with his grandparents, William and Sarah Eads for a short time before moving to a couple of other locations in Lebanon, then he transferred to the town of Cuba, MO, Crawford County, with the Frisco Railroad in 1923. It was that year that Arthur's father William came under the care of a doctor to treat Cirrhosis of the Liver, and he died of this disease in 1924.

My father was not a very "talkative" person... almost to the point, at times, of being withdrawn. By the time I was a teenager I realized that his back bothered him a lot (he called it Lumbago), and his feet always hurt him (he wore arch supports) But it was only after I began researching the Eads family that I realized that by 1924, when he was just 34 years of age, he had already lost both parents, two of his children, ages 4 and 6, and four of his brothers, all in a span of eight years.

They had only been in Cuba a short time, when he decided to embark on a new career. With the paving of HY 66, and with the detouring around the old, they purchased their first restaurant/gas station (Ruth was always known as an excellent cook) So he left the railroad, and continued with other restaurants, upgrading each time. By the time that they acquired the agencies for several bus lines, with some food stops, this enterprise ceased to be a mom & pop operation. (Believe me, all of us kids worked there, too!)

Art, and Ruth were divorced in 1943, but neither remarried. He passed away suddenly with a massive heart attack (medical records show that was probably inherited from his mother (Humphrey) side of the family. He was only 54. Ruth lived another 30 years, in fact trying to continue with the business, but a spectacular fire destroyed their last place of business in 1945. She did indeed relocate with the business, but failing health caused her to bring this 20 year enterprise to a halt.

It wasn't all hard work, for Art always found time to hunt and fish, and according to others, excelled at both. He enjoyed the role of Deputy Sheriff from 1932-36 (detective magazines were always around), and he served the city as alderman, too. Both buried Kinder Cemetery, Cuba, MO.

Arthur and Ruth Eads

The Eads family came to Cuba in 1923 from Lebanon, Mo., when Arthur transferred with the Frisco Railroad. Shortly afterwards they opened their first restaurant, the Eads Cafe. That business, including the agency for several bus lines, was to continue in various locations in Cuba for over twenty years. Their place of business was also a showplace of antique rifles, stuffed birds, mounted deer heads, and Indian artifacts. Arthur served several Crawford County sheriffs as deputy, as well as serving as city alderman, and Ruth at one time was quite active in the Music and Arts Club, as well as the Methodist Church.

Arthur Roy Eads was one of nine children of William and Sarah (Humphrey) Eads, who came to Laclede Co., Mo., in 1878 from Greenbrier Co., W. V. He was born in Lebanon, Mo., 2-16-1890, and died at Cuba, Mo., 3-8-1944. He married 10-10-1911 at Newburg, Mo., to Mary Ruth (Pate) Cram, eldest of three children of Bruner and Molly (Robbins) Pate. She was b. 6-26-1893 at Kahoka, Mo., and d. 11-10-1974 at Sullivan, Mo. Both are buried at Kinder Cemetery in Cuba.

They had six children. Eleanor and Robert died young, buried at Lebanon, Mo. The others are: Arthur Hamilton, John Newton, Loretta Mary, and James Doss. Art was b. 9-1-1914 at Lebanon, Mo. After graduating from Cuba High School he entered the CCC in 1935. During World War II he served in the south Pacific, later he resumed his civil service career in St. Louis from which he is now retired. He married Georgia Miller in Marshall, Mo., in 1939. John was born in Lebanon, Mo., also, 2-12-1919, and d. 6-30-1986 in Rolla, Mo. Graduating from Cuba High School he joined the U.S. Postal Service in Cuba and was employed for some thirty years. He also served in the south Pacific in World War II. He later studied for the ministry, and many will remember his various churches in Crawford Co. He married Bernice Kitchen in 1945 at Leasburg, Mo., children Roger, Darrel, and Steven Eads. Loretta, was born in Cuba, Mo., 10-21-1925, and after graduating from Cuba High School entered the U.S. Postal Service in Cuba and was employed for over twenty years. CHILDREN OF:
Arthur R. Eads, and wife Ruth(Pate) Eads
1890-1944 1893-1974

1. ELEANOR ELIZABETH EADS- She was named after her maternal aunt Eleanor Stoneking, and maternal great aunt Elizabeth Wilson. Her birth and death dates are entered in the EADS, and WORKS family bibles. 12 July 1912-8 June 1918. Born and died in Lebanon, MO, Laclede County, and buried Lebanon City Cemetery. Her death certificate lists cause of death as Chronic Pneumonia, lasting from April 21 to June 8, 1918, and signed by Dr. J.L. Benage. I believe this to be the "Influenzia epidemic of 1918". Her uncle, John Newton Eads died of it 19 April 1918.

I've included her picture(and her brother Robert who died young, also) in this book. I remember looking at her pictures all of my life...the sister I always wanted, and never knew.

2. ARTHUR HAMILTON EADS -1 Sept 1914- 20 Jan 1998. He was named after his father, and his maternal great grandfather, Hamilton Pate(who married a Works) His birth certificate shows his name as Artie Eades! (His given names are recorded in the Eads and Works family bibles. The doctor in attendance at his birth, as well as sister, Eleanor, was DR.T.H. Casey.

He was nine years old when they left Lebanon, for Cuba, MO, Crawford CO. He remembered many things about Lebanon, grandpa Eads produce business, his home, and the various places he had lived. He remembered well the move to Cuba in Oct.1923, and helping his dad unload freight from the Frisco railroad boxcars, then when they bought their first restaurant/station he started pumping gas. This was in 1927, on the detour route, and it was called "Snappy Service Station#1". By early 1928 to the Star Cafe, with pumps on the newly paved HY66(Midway Cafe building). In 1929 they moved east on the highway to the Barnsdahl building with pumps, then to the "Pool Room" across from the train depot from 1930 to 32. All places had living quarters except the first one. The pool room had two tables with room for a third, and brought an end to the gasoline service. So Art learned to work the tables, and John and Loretta went to work selling popcorn! Art said dad bought that popcorn machine, made by Burch, out of Chicago, for $500. Mom popped it, bagged it, and John age 13, and Loretta age 7, took it around the corner to the Nicallee Theatre, walking up and down the isles, selling it. We didn't mind the work - we got to see the movies free!

Art graduated from Cuba high school in 1932, taking all business courses available, including typing, filing bookkeeping, etc., which proved beneficial the rest of his working career.

By 1933 Art & Ruth were managing, and living at the Grand Hotel in Cuba. Prohibition had been repealed, and they had 3.2 draft beer. This was Art's job manning this project, when he wasn't working at Bluemel's Bakery next door.

It was the beginning of the Great Depression, and jobs were hard to find. By 1934 Art, and friend Oscar Greaves were "riding the rails" (hopping on freight trains) in search of picking crops, anywhere. They picked Strawberries in Monett, MO (knew a family there, and got a free meal) and went as far west as Hobbs, and Mountain Air, New Mexico, picking the bean crop.
2. ARTHUR HAMILTON EADS ....

A tavern, just around the corner from the Grand Hotel was opened by Chub Grayson, as the "Little Brown Jug", and then changed to the "Green Front" by Tom, and Earl Rogers, who then sold it to Art and Ruth Eads. (There were living quarters upstairs)

That was the year that Art (and friend Oscar) entered the CCC (Civilian Conservation Commission) November 1935, at Centerville, MO and stayed there until September 1937. Even then, high school educations were not necessarily "norm", so the business courses that he took landed him a job in the office.

His friend married a girl from that area, then Art transferred to a CCC camp in California, MO. He met his future wife who lived there. Georgia Mae Miller (Father Audy, mother a Thompson) They were married in nearby Marshall, MO 22 Oct. 1939 by minister R.M. Ridge of Reorg. LDS church. They never had children, and were divorced about 1957.

By 1941 they had moved to St. Louis, MO where he was working the Civil Service CCC Headquarters at Jefferson Barracks, then the summer of '42 he worked as a supervisor at Welden Springs, MO (making only TNT, then) He worked briefly at the Small Arms Defense Plant in that city shortly before going into the Army.

Art went into the U.S. Army 1943. A group picture taken in California Feb. '44 is identified as 2nd Platoon, Co. C, 85th Tr. Bn., but this unit shipped out without him when he was called home by the death of his father in March 1944. When he returned to CA he was placed in the 3116th Signal Service Batt., and saw service in the Asiatic-Pacific theatre. He took some additional training in Hawaii, July '44, and arrived at the island of Peleliu 11 Oct 1944. He flew back to the island of Hawaii, Oct '45, and was discharged from the Army March '46, having attained the rank of Sergeant Major, and earning a Bronze Star. As a civilian he returned to Civil Service, working as a supervisor at the Army Records Center, in St. Louis, MO until his retirement.

Arthur moved to a Residential Home in Bourbon, MO 11 June 1993, after his health began to fail. He went into a skilled nursing home facility in Sullivan, MO in 1996. He had developed severe Emphysema, with periodic bouts with Pneumonia, which ultimately was the cause of his death 20 Jan 1998, Sullivan, MO.

He is buried at the place where he once worked... Jefferson Barracks National Cemetery, St. Louis, MO in section YY - grave 480.

3. ROBERT WILSON EADS - 4 JAN 1917-6 MAY 1921. He was born in Lebanon, MO. The middle name comes from his maternal great grandmother, and the maiden name his mother used. Both birth & death dates are recorded in the Eads, and Works family bibles. It was discovered in 1920 that Robert had Sarcoma of Mastoid. An operation was performed at Children's Hospital, St. Louis, MO Jan 1921, but it was not successful. He's buried City Cem., Lebanon, MO.

4. JOHN NEWTON EADS - Born 12 February 1919, died 30 June 1986. Birth recorded in the Eads bible. The doctor in attendance was J.L. Benage. He was named after his father's brother who had died the year before. He was only four years old when leaving Lebanon, MO so he remembered little about the town.

Johnny was always interested in professional baseball (brothers Art and Jim, too) I can still see in the early 30's-counting his baseball cards, playing games with them. As he got older, he played with the town teams...best left fielder around.

He was 17 when he graduated from Cuba High School in 1936, and started work at the U.S. Post Office the next month, 1 July 1936. A great job to have with the Depression going on. By the time I was 11 or 12 I remember thinking that John was getting rich working there for he had purchased a two-wheeled bicycle, and a CAR with a rumble seat! He was living at home, and I recall about 1940 that he ask me to teach him how to dance (I had watched mother teach brother Art how to do this when I was about seven years old) When I discovered John "had two left feet", the sessions ended pretty quickly. He didn't really want to learn anyway, it was just something young people were doing at the time. We teased each other a lot, mostly about other girls and boys, and mother had to referee more than once.

Then that dark day came - December 7, 1941- the beginning of World War II. I knew he would have to go to war, and brother Art, too. It was hard to comprehend, at age 16, but I remember feeling both sad, and frightened at the same time.

John enlisted early in the U.S. Army Air Corp., and began active duty 31 January 1942, just 53 days after war had been declared. He was stationed at Sheppard Field in Texas, and Scott Air Force base in Belleville, Illinois with the fifth Air Force. John was a radio repair technician. He was able to come home for visits several times while in Illinois. Then he went overseas... the Pacific Theatre. Australia, New Guinea (Port Moresby) Biak. His brother, Jim, said John flew supply missions for General MacArthur's ground troops in their northwest push against the Japanese... that included Hollandia, and Moratai. Jim also said that John's outfit flew Douglas C-47 Skytrain Aircraft (troop carrier cargo planes) A military version of the Douglas DC-3 Commercial Airliner.

In later years when I would ask John about any dangerous happenings while he was there, he would always play it down by telling me the danger he was in while making "fudge" for his buddies. John, the amateur chef, talked the fellows into pooling all their rations of sugar, dry milk, chocolate powder, etc. After a period of time, and gathering the allotted amount he began stirring. At the crucial time of testing an air-raid siren went off, and the guys all scattered, except John who stayed at his "post" (He said he could hear the flak hitting the roof) This seemed to me to be "above and beyond the call of duty" - but the fellows felt differently.
Letter to John N. Eads from his father Arthur R. Eads during World War II.

Dear John,

I am answering your letter of April 7 that I received about the 25th of April. The canteen for Red Cross done well with your book at the school and Green School house. I gave Mrs. Pat Hall the in the envelope your letter and she read it just before the picnics and things went over in big way for the Red Cross. I have taken care of the newspaper. As promised, I sent you several months ago.

It is impossible to get you a watch as they are scarce on base and the nearest store have any of those things and it is hard to get anything repaired. I will send you a fountain pen also. Your never said whether you got the package or not.

Several months ago, I worked on a very busy and long morning help for the Red Cross. I worked until 11:30 a.m. by myself. There was a school girl that stays until 12:30. I came in works from 11:00 a.m. until 11:30 a.m.

The Red Cross ran 2 on an hour: 10:00 and 12:00. I have been here to see what I can do against. I do not leave the place at night as I am so tired I cannot go back to the base. I have about 2000 people to work here. I am unselected for work and I am selected by Mrs. Eads is very tough. John L. bought me a new watch and new ring. Something like the one I have on my ring. Little finger only bigger, so when you return back I will give you the ring.

There is a picture before me of Mrs. Pat showing the 400/250 Salvation Army service quarters with straw roof. I also have another home where the Salvation Army does about 1000 people a day. The quarters are very good and clean. They are about 6 feet high and 4 feet wide. The women are very cute and clean. The men are very clean and neat. I am sorry to lose the old one. I am sure you are glad to see your sons. We are very happy and have a lot of fun. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here. We have a lot of fun here.

Best wishes to you.

With love,

Arthur R. Eads, one of Cuba's leading business men, died suddenly March 8, 1944. Death came without warning from a heart attack. Mr. Eads was active in affairs of his home city and had many friends. Funeral services were conducted by the Rev. Sam L. Roper of this city, Monday, March 13th. Hollow & Son, funeral directors of that city, were in charge of burial services.
4. Continued: JOHN NEWTON EADS; His long overdue rotation furlough finally came in February 1945, and it seemed like it took forever for the troop ship to arrive. I remember he was so nervous about seeing his girlfriend, Bernice Kitchen, after all this time, that he ask me to ride over with him to Dillard, MO where she was teaching school. Well, all I can say is he sure didn't need me along!

John and Bernice Alline Kitchen were married 18 March 1945 by Rev. George Richardson, at the home of her parents Waldo and Geneva Kitchen, Leasburg, MO, Crawford County. Rev Richardson was the pastor of Leasburg Baptist Church. I was there...they were such a handsome, happy couple.

Bernice was born 7 November 1922 at Leasburg, MO and completed her elementary education at a one room school near there in a community called Lick Creek. She graduated from Cuba High School in 1939 and attended Southeast Missouri University at Cape Girardeau, MO, returning to the Lick Creek school to teach there for four years, then one year at Dillard, MO, and two years at Cuba, MO elementary, with several years there as a substitute teacher.

After their marriage in Mar'45, John was getting ready for a second tour of duty overseas when the war ended. As Bernice said, "It was the best news imaginable for him and the bride he had so recently acquired." John was honorably discharged 28 August 1945 with a rank of Sergeant, after three years and seven months of service time, most of it overseas.

Johnny made me a copy of a letter that our dad had sent to him while he was overseas, and I'd like to share it with you, too. It's in this book...and it seems to say so much about those times...it must have been very hard for him to hear that his father had passed away 9 March 1944, while he was half way around the world, without family there to comfort him.

Maybe that was a factor later in his life in wanting to comfort others, and show them the Way, for he did study for the ministry with correspondence, and extension studies in Theology from Southern Baptist Seminaries.

Of course John's old Civil Service job at the U.S. Post Office in Cuba, MO was there for him, with his service time counting towards retirement. He worked there for 36 years, retiring 6 July 1972 as assistant postmaster.

While working at the post office, John served as Pastor of four Southern Baptist rural churches at; Center Point, Steelville, MO, Mount Pleasant, Owensville, MO, First Southern Baptist, Leasburg, MO, and Fairview at Bourbon, MO. Bernice says, "These good country folks in these churches, and their surrounding communities were among the top priorities in John's heart and life."
CONTINUED, JOHN NEWTON EADS;

John passed away as a result of Cancer, 30 June 1986, at the Rolla Regional Hospital, Rolla, MO, Phelps County, and is buried at Lick Creek, (Mount Olive) MO cemetery.

JASON AARON EADS - Born 4 Sept. 1983 Phelps CO. REG. HOSP, Rolla, MO. Just finished his first year of high school at Cuba, MO in 1999.
5. LORETTA MARY EADS - Born 21 October 1925, Cuba, MO. Named after her father's niece, and her mother. My name was not entered in the Eads, or Works bible as all grandparents had passed away.

Dr. Gustavus G.A.Herzog was the doctor in attendance when I was born, with Mrs. Everson assisting, she was a midwife, and nearby neighbor. We were living at the Ogletree house, corner of old HY 66 and Maple Shade Rd.

I remember most of our places of business, especially the Grand Hotel. We were in the midst of the Great Depression, and people traveling the highway had no place to sleep when nightfall came. The City of Cuba had worked out an arrangement with my parents - paying them 50$ a room, with the stipulation that they would have to be gone the next day. Many swapped jewelry, clothing, any thing for another nights lodging so they could look locally for work(it wasn't there). I met a lot of kids....never to see them again.

My brothers used to kid me about my love of tap dancing, I even took a few lessons....and our old piano, I loved it ,too(picked up a few lession: too, but mostly I played by "ear". Brother Art say he remembers coming home from school in Lebanon, and seeing a brand new piano, and gramaphone there that had been shipped from Springfield, MO. He didn't know how the folks came up with the money for them. (while doing research later I realized that my mother received an inheritance from her grandmother Wilson about that time) Mother, and her sister, Eleanor Stoneking both played the piano well. I remember my aunt, and her family would come from Indiana for a visit, and she always had the latest sheet music. All of us together around the piano, in that large hotel dining room, with many of the steadyrenters listening, too..there are just some things you will always remember. Yes, music meant a lot to all of us. I can see my dad playing the Harmonica, at that place(he didn't do that often) Then there were mother's books - she had SO many of them. In fiction, there were all of Harold Bell Wright's(A Lebanon, MO man)all of Zane Gray's books, and a wonderful writer, Edna Ferber, and many, many more. The love of good literature, and music stayed with all of us kids, and we're all most grateful for the exposure.

I wasn't allowed to handle waitress duties until I was about 12 or 13 years old(and could handle the cash register) prior to that I did jobs in the kitchen, or took care of my little brother, Jimmy. We either lived at our places of business, or at the last, across the street from them, which was convenient since my parents never drove a car. I never saw my brother Art drive one either, although he drove deliveries for Bleumel Bakery, he said he never wanted one of his own.

Suddenly I was in high school...chorus, band, basketball, typing(still not very good at it, as I do it now)and of course World War II had begun. The president of the United States urged all students to help in the war effort in any way they could, but to return to their education in the Fall, and that's just what I did.
continued, LORETTA MARY EADS;

It was the summer of 1943, my junior year at Cuba high school that I worked at Neidringhaus defense plant on Natural Bridge in St. Louis, MO for three months...staying with my brother Art and wife (he soon went into the Army) and I walked the two miles to work every day. It was quite an experience, this exposure to all walks of life, and I found the money, dazzling to say the least, but I had promised my mother (and the president) that I would return to school; and I did, and also to my part time job at Ripson's Drug, and graduated from Cuba High School in 1944. What did I do for the war effort? I welded "eyes" on ammunition boxes, and welded the nose on practice bombs. I remember feeling very patriotic about it all.

That was the year my father died, 8 March 1944. Jimmy and I were minors, Art and John were in the armed services, so an executor of the estate was appointed by the courts (a family friend, Samuel C. Bayless, former Supt. of Schools) and mother came back into the business. I went into the Moeler Cosmetology School in St. Louis, MO, but the lack of restaurant help (many went into defense work) forced me to come back to assist mother with the ever increasing Fort Leonard Wood soldier buses/food stop trade.

I married Michael P. Murphy of Cuba, MO 24 November 1945 at Steelville, MO by Rev. George Bruner (Book M, Page 152) He was born Tennessee, 5 Dec, 1922 and died 26 May 1975 Sullivan, MO of Cirrhosis of the Liver. He had been in the Army, Pacific theatre, but returned with medical problem that summer. He worked briefly at a Kroeger store, but then began working for the U.S. Postal Service. We had two children; Theresa (Tracy) Ruth, born 21 January 1947, and Michael P. Jr. born 30 December 1953, both born St. Louis, MO at St. John's Hospital. Mick and I divorced 13 November 1958, in Crawford County, MO (Book 40, Page 15). Steelville.

I remarried to John Henry Scott, 30 December 1960, in Hernando, MIss, DeSoto Co. (Book 144, Page 59) by J.A. Massey J.P. I had known John from high school days when he coached, and taught Math at Sullivan High School. We had two children Hallie Ann born 30 September 1961 in Washington, MO, and Sally Jan born 3 June 1963 at Sullivan, MO. John adopted my two children Tracy and Mike 4 September 1963, at Union, MO Franklin County, (Circuit Court cases #1092 and 1092A)

John Henry Scott was the son of John S. and Hallie (Anthony) Scott. He passed away suddenly from heart failure 1 November 1983. Studying our roots "Genealogy" was a shared hobby.

In January 1999 I decided that about all I could do with the Eads line had been done, and thus the decision to put it all in this book.

I hope you enjoy it as much as I had putting it together.
CHILD #1 THERESA "TRACY" RUTH (SCOTT) GAWER—She was born 21 Jan 1947, at St. John's Hospital, St. Louis, MO, and delivered by Dr. Henry J. Ringo. Cuba, MO did not have a practicing medical doctor at that time, a hospital, or ambulance service, so I took a train into St. Louis, staying with my brother Art, for about a month, and when the time arrived I phoned for a taxi to take me to the hospital. The name Tracy came from a book I was reading about this young lady, loved the name immediately, and still do, but my mother said she should have a "proper" name to go with the middle name, Ruth (after her), so, Theresa was chosen.

After I remarried, we moved to Sullivan, MO. Tracy did some babysitting while growing up (and for me, too!). She was adopted by her step-father, John H. Scott 4 September 1963 at Union, MO. I remember when we returned home that day John said to her, "It's the next time you change your name that you need to be concerned." and after she graduated from Sullivan High School that is what she did, marrying Ronald Harry Gawer of Sullivan, MO, son of Harry Franklin, and Olga Ruth (Krestmeyer) Gawer. They were married by Rev Vernon Maxted of Temple Baptist Church (Book 2, page 49) and his mother gave consent. Ron and Tracy have had a Tire business in Sullivan for many years. Their three children are:

JULIE LYNN (GAWER) DARRAH—Born 12 November 1965 at Sullivan (MO) Community Hospital. She graduated from Sullivan High School while also doing part time work. She is a graduate of Maryville University, St. Louis, MO, and is a high school English teacher. She was married to Chase Darrah 17 January 1996 on the island of Maui, Hawaii. He is the son of Johnny and Lorene Darrah of rural Sullivan, and a graduate of Southwest Missouri State University, Springfield. He is in Sales with the company "Ditch Witch". They have a daughter Madison Lee Darrah who was born 13 January 1999 at St. Louis, MO.

JENIFFER MARY (GAWER) SCHMIDT—Born 23 February 1968 at Sullivan (MO) Community Hospital. She graduated from Sullivan High School, and did part time work, then attended, and graduated from an Airline School. She is presently working with the Paramount Company in Bourbon, MO in a capacity that required extensive traveling. Jeniffer was married to Dave Schmidt 18 May 1991 at St. Anthony's Catholic Church in Sullivan, MO, but have since divorced. They have a son Dillon Michael Schmidt born 19 August 1993.

RONALD "SCOTT" GAWER—Born 13 OCTOBER 1978 at Sullivan (MO) Community Hospital. A graduate of Sullivan High School, with part time work. He is currently attending Missouri University at Columbia, MO in his second year, studying Engineering. This is also the second year working Meramec Caverns for the summer months.
CHILD #2, MICHAEL P. SCOTT - He was born 30 December 1953, at St. John Hospital, St. Louis, MO, and delivered by Dr. Frank Robertson. I choose to go to St. Louis this time (it was there or Rolla, MO - about the same mileage) and did go in a few weeks early staying with brother Art again, and a brother-in-law, at the time, Phil Murphy, and his family. (He took me to the hospital). He was named after his father, actually the III.

Like Tracy, Mike was adopted by his step-father, John H. Scott, on 4 September 1963, in Union, MO. Mike worked for his dad (he adored him - the only one he really remembers), doing road construction, during the summer months while still in high school, and after graduating in 1972, he stayed with that work until 1978. He is presently with the Bobber Travel Center of Sullivan, MO and has been since March 1987.

Michael, and Gayla Schleuter were married by Pastor Oliver Mullen, but have since divorced. She is the daughter of Carol and Emmett Schleuter. They have one child John Anthony Scott, born 29 March 1984, John A. attends Bourbon, MO high school, and is working this summer at nearby Blue Springs Campground. John was born in St. Louis, MO.

Michael and Charlotte McClain have a son Nicholas Charles McClain born St. Louis, MO 22 December 1995. Charlotte is the daughter of Mr. and Mrs. Charles McClain of St. Louis, MO. Mike & Charlotte live at Stanton, MO.

CHILD #3, HALLIE ANN (SCOTT) KLINE - She was born 30 September 1961 at Washington, MO hospital, (Sullivan's wasn't completed) and delivered by Dr. R.N. Giem. Hallie was her grandmother Scott's name, and we just liked the name Ann with it.

Hallie took some classes at East Central College while still in high school, and after graduating from SHS, she entered Southwest MO State University at Springfield, MO, and worked the summer months at Sullivan's Meramec State Bank. She graduated from SMS in 1983 with a degree in Private and Commercial Recreation.

She was married to Guy Raymond Kline in Sullivan, MO by Rev L.H. Owens, a Baptist minister. Guy is the son of Raymond and Marian Kline of Sullivan. (Union MO marriage record Book 11, Page 148). They were divorced in 1996.

They have a daughter COURTNEY RAE KLINE who was born at Washington, MO 6 September 1984, at St. John's Mercy Medical Hospital.

They lived in Columbia, MO for awhile then moved to Crested Butte, CO. Guy lives in Camdenton, MO now, and Courtney is taking her first year of high school there with him.
CHILD # 4 SALLY JAN (SCOTT) BLACKBURN - She was born 3 June 1963 at Sullivan, MO Community Hospital, and delivered by Dr. R.N. Giem, and Dr. Robert Crawford. We liked the name Sally with sisters name of Hallie. The middle name of Jan was after her dad's sister-in-law Jan Durrett.

Sally also took some classes at East Central College in Union, MO while still in high school. After graduating from high school in 1981 she entered the University of MO at Columbia, MO for a semester, then changed to Central Methodist University at Fayette, MO as a music major. While there she received the Hall of Sponsors Scholarship ($5000) It couldn't have come at a better time. She also did waitress work while in college and graduated in Fayette, MO in 1985.

She was Band Director at Potosi, MO high school for six years, but has been in the Rockwood School District in St. Louis County, MO for the last eight years. First as a music teacher and Director, then after receiving her Master degree, and additional certification she is now a Counselor at the Selvidge School in that district.

Sally married William H. Blackburn 24 December 1994 at the United Methodist Church at Valley Park, MO, with Pastor Steve Williams officiating. "Bill" is formerly from Princeton, KY, has two children Eric, and Margaret Blackburn, and is the son of William and Nell Blackburn. He is an assistant professor at Lindenwood University in St. Charles, MO.

G. JAMES DOSS EADS - Born 15 September 1935. First one of Art & Ruth's children to be born in a hospital. This was the St. James Hospital, near that town, in Phelps County. He was named after two of his father's friends; James Trainer, sheriff of Crawford Co. MO, and Deputy Sheriff Doss Hines. He was delivered by Dr. E.A. Scott.

I remember when they came home that I sure was glad to see my momma for I had never been separated from her before. Jim was so tiny at only 6 lbs. 4 ozs., why, my dolls were bigger than that.

By this time brother Art was in CCC camp, but my brother John more than made up for any attention that Art might have given him. Johnny carried him all over town every chance he got to show him off.

I recall when Jimmy was about four that he contacted Bronchial Pneumonia, and Dr. Herzog was very concerned. The doctor came by the house one day and said that there was one other drug he could try, it was something new called Sulfa...he made a rapid recovery.

When our father died in March '44, I was a senior in high school, and Jimmy was just eight years old. I got him from class* and we had our talk on the walk to our home.

He was released from active duty with rank of Special Fourth Class E-4 on August 6, 1960. He took a job with Lever Bros. Co. in St. Louis, MO in September of 1960.

He was assigned to 11th Army Corps (RESERVE) St. Louis, MO and attended drills at U.S. Army Reserve Center, 5909 Kennerly Ave. St. Louis, MO. Was assigned to 4th Howitzer BN. 13th Field Arty., 102nd Infantry Div. attended meetings 3 week nights, and one week-end a month. Went to three summer incampments at Camp McCoy, Wisc. (by train) 1961-2-3, and released from active reserves in 1963 with rank of Sergeant (E-5) Communications Section. Given honorable discharge in August of 1964.

Jim visited his family in Cuba, and Sullivan, MO frequently over the years, bringing along friends numerous times. I can still see us now...a group of wholesome warblers gathered around the piano, just like in days of yore.
