Introduction

We present here some information that we hope will give you
some ideas why we are presenting to you this comprehensive
family record of our progenitors. We hope you will enjoy the
fruits of our labors.

Introduction and History

Why we wrote this Book

After 30 years of teaching in the Virginia classrooms, the compilers decided to retire and spend their remaining years doing some of the things that we always wanted to do. Floyd had some difficulty with his back and took early retirement. This resulted in a slight handicap and has limited our physical activities somewhat. We have gotten interested in family history and research.

The first project was to research the Mason family and in 1986 we published our first book, "John Mason and Mary Ann Miller of VA". We then rewrote the "Ziegler Family Record" and published it in 1990. While doing this we kept files on many other families that we found the family related to. Our curiosity got the best of us and we began to add to these families. Having families that lived in the Shenandoah Valley of Virginia, we found that these family lines married into each other about every third generation. So when you have a record of one family you often have a record of many families.

After publishing the family book of my father, the Mason Family and then rewriting the family book of my mother the Ziegler Family, we plan to continue publishing other family lines as time and resources permit. Looking at many lines of our immigrant gggg parents and finding that the books written on their lines are out of print, need up dating or don't exist at all, we have decided to spend our efforts as writing some of them.

In these times when there is a lot of stress on family relations, the writer is dedicated to activities that will hold up the family-at-large and help our youth see them as "Models" or "Heroes". We have a rich heritage, one in which we can take a lot of pride.

We have tried to keep our expenses minimal and still present enough information to make you proud of your rich heritage. Some will wish we had given more information, such as marriage dates, day and month of birth. In some cases we found these but in the effort to keep the book expenses down, we left out some details. We used the year of birth with our numbering system. It was important to establish the order of birth. In some cases we did not know the year and therefore they may be out of order.
Mistakes

We started out with the previously printed books and then added information that descendants sent us. Much of it was original information submitted on forms that you filled out. We have copied it as we found it but had no way to check the information to see that it was right. It is the best that we could do. We acknowledge that we have made some mistakes and have proofed and reproofed it to get them out. If you find that we have the information incorrectly recorded, we beg your forgiveness. When we found the information given two different ways, we often gave you both ways, like born 1940/41.

It has been a joy to work with this project and to learn to know so many different connections, many that we never dreamed existed. We found that those who worked the most on the project experienced the most joy.

We hope you find our work exciting and that you will help us spread the good news.

If you have been blessed with good fortune, please support the project by buying a few books and giving them to those who are living on limited budgets. A book of one's family makes a very nice gift. Thanks.

How to use the Henry Numbering System and the Index.

We suggest that you start with the index and look for the person that you seek. In some cases you will find many by the same name. In these cases we suggest that you look for the wife by her maiden name. This should take you to the page where they will be if this is in the family tree section.

Once you have found your person, you will likely find them as parents. Look back one generation, using the same number and you will find them listed with their parents.

In some cases they might be listed as children without a + by their number. This means that they were not carried to the next generation for some reason. When a + is given in front of a number, look in the next generation for the same person and wife or husband and their children. Using the same number,
show their relationship. Place number 131 the first digit that is the same at the top and the next number is a brother/sister relationship. From there on they are cousins (coz).

very easily done....works for anyone...

13152312 Truman Garber, retired mail carrier and 13175122 Maurice G. Wright - building contractor were 4th cousins .........Here's how.

Try it.....it's fun.

Numbering System

We have used the Henry Numbering System, revised.

The numbering system used gives the reader the generation and the child's number in each case. #1311442 would be the number of Edward G. Frantz and Effie B. Wine. The spouse has the same # as the descendent. You will read it as follows, 1st. Column is the 1st. Generation. The 2nd column is the 2nd Generation, etc.

A = 10  B = 11 and so on.

The # in that column is the 1st., 2nd, etc. child of the previous child and so on. You will understand this as you begin to use it. The # is used twice, once in the gen. as the child and again in the next gen. as the parent. The + is given if the child is carried forward to the next generation using the same number.

Some Early Pictures

The following few pictures are a representative of the Garber descendants. The first few generations did not leave pictures for us to show you. Most of them were Dunkers and they did not have their pictures made for religious reasons. This began to change in the late 1800s.

We did not find many pictures to include before 1900. Here are a few. You will want to use their numbers to see more information in the text.

1 Jo Hannes Garber d 1748 m ? __ and left a Will in which he did not name his children. We believe that he was the brother of Niclous Garber and that they lived on lands in Chester Co., PA before Niclous Garber, Michael Miller and Samuel Bechtol bought land together in Lancaster Co., PA in 1744. This was land that soon would be York Co., PA. There is evidence found by "Garver and Masters" that he moved on the land of his brother and that they both lived there until 1748 when they both died. They both left Wills using a neighbor and friend, Samuel Bechtol Sr. as witness. The Will is enclosed in the Appendix. Mennonites We believe that these are his children

Michael Garber/Garver is believed to have lived with his brother, John and Barbara Garber all of his life, perhaps now married and starting his family. In 1768 they moved to either the
farm of his brother Johannes in Beaver Dam Creek, MD or some land owned by Eld. Jacob Danner on Beaver Dam Creek, MD. This writer has not found that he owned land on his own. The first record we find of this Michael Garver is where he is listed in some records as having a fine returned April 12, 1776 by the Committee of Observance or Frederick Co., MD. He is listed with the fines and return of fines of people who lived on lands purchased from Eld. Jacob Danner. He and John Garver, (John H.) are listed together along with Eld. Jacob Danner.

We believe that later he moved on some of the land at Flat Rock, VA owned by Johannes & Barbara Garber. We believe that he lived there and with his son Samuel and Elizabeth Miller Garber and their family. This writer wonders if Samuel's Mother did not die in MD or PA and we find no other children.

In the Garber cemetery # 1 on the Plot shown in this book is a small head stone with M G on it. It is placed beside the head stone of J H G (John H. Garber). This writer believes that this is the place that Michael Garber is buried. Near the grave sites of John H. and Barbara Garber is a section with no head stones and deteriorated sandstones. Likely there is where many early graves are and no stones were placed or they have disintegrated.

Generation 3

131 Samuel Garber b c1756 d 1817 m Elizabeth Miller b c1760. Elizabeth Miller is believed to be the da Lodowich and Barbara Miller and grandson of Immigrant Michael Miller. He was born in York Co., PA and she was born in Frederick Co., MD and they lived in Frederick Co., MD and she and Samuel moved first to Shenandoah Co., VA about 1780 and later to Augusta Co., VA as did her sister Frances Miller who married Elder John Long.

-------------
1. In the Mohler Book, (S-127) this Eld. Samuel Garber is reported to have been called Eld. Levi Garber. There is some reference to it coming from his old bible and also coming from Peyton's History of Augusta Co., VA page 89. This is the only place that this writer has found the name as Levi. There was a Levi Garber that was Bishop of the Middle River Church at the time Peyton was writing. This Levi Garber was the grandson of Eld. Abraham Garber the one that built the first church and gave it to the Middle River congregation. Eld. Abraham Garber and Eld. Samuel Garber were first cousins as their fathers were brothers.
We can only speculate that they lived in PA for a short time while preparing for the ministry. Samuel was a farmer and ChB minister and he and his sons began to buy land. In 1782 he got a grant of land from the governor of VA near Round hill of 17 acres. This land continued in his name on the tax rolls as long as he lived. Whether he lived here or moved to some of his other land is not known at this time. He continued to buy land and pass it on to his sons and daughters until in 1816 they owned about 1200 acres lying on various farms from Round Hill at New Hope to Barren Ridge. Some of the deeds state that land was on long meadows branch or run. Today, 1999, two cemeteries are on this land, Coffman Cem. and Barren Ridge Cem. It is reported that he built four houses on this land. He was a Dunker minister and performed many marriages. He is reported to have served in the Liberty Meeting House. This is believed to have been one of the early meeting places of the German Baptist Brethren before the Middle River Church and the Barren Ridge Church were built sometime after his death. It is reported that they are bu at the Middle River Church Cem. but this writer has not been able to find and evidence. Middle River Church and Cem. were not built until seven years after his death. ChB

...Continued...

Eld. David Miller of Barren Ridge was the Elder in Charge or Bishop for the congregations in Augusta Co., VA about 1790. About 1800 number of congregations had grown until it was decided to divide the area and Eld. Samuel Garber was given charge of the second division. Eld. David Miller and Abraham Miller were brothers of Elizabeth Miller who had married Eld. Samuel Garber. They were children of Lodowich & Barbara Miller of Frederick, MD. This was before the first church at Middle River was built in 1824. Congregations were meeting in homes and other suitable buildings. Eld. Samuel Garber in addition to performing marriages in Augusta Co., VA, acting as Bishop of the 2nd portion of Augusta Co., VA is reported to help establish new congregations in VA and making several trips by horseback into TN and KY to help establish new congregations. It is believed that both he and his wife died at Middle River in Augusta Co., VA.

1. Five Samuel Garbers lived about 1800 and many writers have confused them as they write different family histories. This writer has studied Wills, Deeds, Tax Records and the Census to try to get them straight. Here is what we found:

1. Martin Garber states in the Ludwig Mohler Book that he was a layman in the church and that all of his brothers were ministers. It was the custom in the early German Baptist Brethren Church, now Church of the Brethren or Old German Baptist Brethren, that young men about the time that they became adults joined the church, got married, began wearing the beard and dressed in plain clothes, especially at church. The congregation in business session often called young men to serve as deacons. The congregation then chose from the deacons those that would be made ministers. Ministers then would be advanced through 3 steps in the ministry before they would become Elders. At some point the Elders would have some control in the process. There would be a ruling Elder sometimes called the Bishop. According the Martin all his brothers were ministers but he remained a layman.

The End
In order to understand this, one has to understand that German Lutheran, Mennonite, and Dunker/Tunker immigrant families that came to America lived together, worshiped together and intermarried the first two generations in the new world. It was rough going, the elements, Indians, wars, English Rule and American efforts to colonize and form a new republic.

Michael Danner Sr. got some land from William Penn and helped the settlers move to the lands near Hanover, PA in what is today York Co., PA.

These two sons of Niclous Garber of Germany came to America and is believed to have lived together on one tract of land, first in Chester Co., PA and then in Lancaster Co., PA. They built homes there and raised their families. They were Mennonites by faith and farmers & shoemakers. This was done by many families as they began their existence in the new country. As they moved from one area to another they often lived together until they could get enough money to buy land of their own.

This was true of brothers and sisters as well of parents and their children in those times. Often the father would see his children build homes on his land and later he would have the land resurveyed and sold to his children. Sometime this would be listed in the deeds as for a few dollars and love.

John Gerber and his wife built on the land that his brother owned. They are believed to have lived in Chester Co., PA from the time of immigration to about 1744 when they moved to Lancaster Co., PA to the area which later became York Co., PA. Niclous Garber and his wife Elizabeth owned the land. They lived here only a few years, from 1744 to 1748 when they both died.

They wrote their Wills and instructed their executors to distribute their estates to the wives and children on an equal basis. Niclous named two of his four children. Samuel was to have first chance at the land, and the 2nd unnamed son was to have second chance. If neither took the property it would be sold and the money divided on an equal basis.

John Gerber Will - The father of John H. Garber
In the name of god, amen, I John Gerber of the County of Lancaster being very sick and weake in Body but of perfect Mind and Memory, thanks be given unto god there fore, calling unto mind the mortality of the body and knowing that it is appoint-ed, for a man once to dye, do make and order that this my last will and testamony, that is to say principaly and first of all I give and recomend my Soul into the hands of god that gave it, and for my body, I recomend it to the earth to be buried in a Christian like & decent manner and as touching such wordly estate where with it hath pleased god to pless one in this live, I give devise and dispose of the same in the following manner and form:

1) It is my will and I do order that in the first place all my just debts and funeral charges be paid and satisfied,

2) It is my will, that my wife, shall live along with my children together as long and as good as they can but in case of they cannot stay no more together there my said children shall give her a liven and all necessities as long as she lives.

3) It is my will that my eldest son shall have three pounds current money be the other children and then the children all will shear and shear alike.

4) It is my will that Samuel Bechtly and Andrew Hershy shall be my soul executors of this my last will and testament, and to take gear of my plantation as long till my youngest son is of age and I do hereby utterly disallow revoke and disannul all and every other form of testaments will lagacies and executors by me in any ways be for this time named, willed and bequeathed ratifying and confirming this and no other to be my last will and testamont. In withess there of I have hereonto set my hand and seal the 5th day of March 1748

4 Daniel Garver b c1738 - bought land in Frederick Co., MD - no more information

It was not uncommon to name children with the same first name. Perhaps a Christian custom used in the Lutheran Church to make the first name a Christian name, often not carried forward in later years. The writer has a Miller Family that named many of their children as follows: John Jacob, John George, John John and the girls Anna Catherine, Ann Grace, Anna Margaret etc.

Now for the settlement. Mason has determined in his book on the Niclous Garber Family Record the names of the Four children. About 1752 Michael Miller, a neighbor, lost his wife and soon thereafter married Elizabeth Garber and became the executor of the Niclous Garber estate. In 1754 he went into court with the executors and reported that he now had enough money from the estate to settle the estate according to directions from the Will.

This writer believes that AB1 John Gerber/Carver, the oldest son of the second family, was wealthy enough to pay Michael Miller the sum that was needed for this distribution. John Gerber/Carver also made settlement with his brothers and sisters and became the owner of the 100 acres of land that Niclous owned and an additional 44 acres of land adjoining to the north which he purchased before he died in 1804.

Mason covers the move of the four children of Niclous Gerber to new lands in his book and it will not be repeated here.
John Gerber/Carver died in 1804. He had the following children.

AB1 John Garber d 1804 m Catherine
   1 Ann Garber m Henry Boyer
   2 Christian Garber d bef 1804
   3 John Garber m Elizabeth - sell land to John Snyder
   4 Nicholas Garber d 1802 m Eva Shultz, brother of John Shultz 4 ch
   5 Elizabeth Garber m Peter Shultz - sold the Garber 140 acres to settle her father's estate
   6 Magdalene Garber m Gotlib Himman
   7 Mary Garber m John Boyer
   8 Samuel Garber d 1816
   9 Barbara Garber m John Royer
  A Salome Garber m John Newcomer
  B Joseph Garber d 1850 m Eve __?__

John left a Will and named his wife and children. Anna and Henry Boyer were to sell the land and make the settlement of the estate. She sold it to Frederick Bentz Jr. in 1813.

Johannes Garver/Garber, 3, married Barbara Miller, daughter of Michael Miller that made to settlement of the Niclous Garber estate and bought 200 acres of land in 1751 near Codorus in York Co., PA in 1751. They lived there until 1768 when they moved on some land on Beaver Dam Creek in Frederick Co., MD and in 1775 moved to Flat Rock in Shenandoah Co., VA. Here he lived until 1787 when he died and is buried in a small grave yard on his farm.

Michael Garber/Garver, 2, is believed to have lived with his brother, John and Barbara Garber, perhaps now married and starting his family. In 1768 they moved to either the farm of his brother Johannes in Beaver Dam Creek, MD or some land owned by Ebl. Jacob Danner on Beaver Dam Creek, MD. This writer has not found that he ever owned land on his own. The first record we find of this Michael Garver is where he is listed in the section of (S-89) called War Years as having a fine returned April 12 1776 by the Committee of Observance or Frederick Co., MD. This is listed with the fines and return of fines of people who lived on lands purchased from Ebl. Jacob Danner.

We believe that later he moved on some of the land at Flat Rock, VA owned by Johannes & Barbara Garber. We believe that he lived there and with his family.
In the Garber cemetery #1 on the plot shown in this book is a small head stone with M G on it. It is placed beside the head stone of J H G (John H. Garber). This writer believes that this is the place that Michael Garber is buried. Near the grave sites of John H. and Barbara Garber is a section with no head stones. Likely there is where many early graves are and no stones were placed or they have disintegrated.

We know that Michael's son Samuel Garber married Elizabeth Miller a niece of Barbara Miller the wife of Johannes Garber. He was living at Flat Rock when his first daughter Barbara was born in 1780. Samuel and Elizabeth then moved to Westmoreland, PA where his 2nd child was born and then c1784 bought 374 acres land in Augusta Co., VA and lived there when their third child was born. He was an Elder in the Dunker Church. Here he ministered to a small congregation, the Liberty Dunker Church, and made many marriages before he died there aft 1812. Most of his large family moved to TN about 1830.

This is the grave of the founder of Flat Rock. No. 2.5 is a recent granite stone. Low but very thick with letters on the top by the side of NO. 2 Eld. John A. Garber b _____ d 1787.

There are no stones on the vacant spaces. This cemetery is about one mile west of Flat Rock Church of the Brethren, Shenandoah County, Virginia.

Lydia Garber lived on the original homestead of Eld. Johnnes Garber. It is located a few hundred yards north of the cemetery hard by a spring. Ernest Coffman owns the place now. 1946.

The spring house may be the original. It is built of logs. We are told that Harry Garber now owns the farm on which the Cemetery is located.

Inscriptions on the head stones - located with a tape by Harry M. Strickler and W. Hoyle Garber in spring of 1946. The cemetery has a good fence all around it and is well cared for.

Garber's Cemetery near Flat Rock Church of the Brethren

Eld. John Garber, founder of Flat Rock Church in all probability originally spelled his name Gerber. At about two dozen immigrants coming into the colony of Pennsylvania during the period from 1727 to 1776 with the name spelled the name Gerber, with two or three exceptions. These families have spread all over the United States and the most of them spell the name Garber. Garber means tanner, and tanner would be spelled Danner by certain Germans, hence the grave of Elizabeth Danner may be that of Elizabeth Gerber and could be the pupil of Kelpius who wrote a letter to her in Virginia in 1704. In an old court record one Jacob Hottle, I believe it was, had Der Gerber written after his name to identify him from another Jacob Hottle, der Gerber meaning the tanner.

Near the cemetery a few hundred yards to the north of it, hard by a spring is the dwelling where Lydia Garber lived. Ernest Coffman was living there when we took our notes at the cemetery. The spring House is of log and supposed to be the original built by Johannes Gerber (we use Gerber for reasons stated above and also to identify him from the other John Garbers). We were told that the road at one time passed along a few feet above the spring.

The Coffmans have an old wooden slaox of locust but recently decayed at the ground level. The inscription is very plain after all these years being exposed to weather. It is: "John A. Miller b Nov. 20, 1824, d. Sep. 8, 1857, age 32y-2m-18d."

We were advised that Lydia Garber Miller brought it to the house after it had fallen over.

We were advised by Mrs. Ernest Coffman that the children who died in 1855 all died of Diptheria.

We would like to verify the age of Elizabeth Danner. There were some Brethren very early around Madison County, about 1760 some German Tunkers located near Herbon in Madison County, VA and about 1780 a great number of them returned to Pennsylvania under the leadership of Rev. John Tanner who had been a Lutheran or of the Hebron stock. The Tunkers, we are told had gained
many converts from the Hebronites. (See Hist of Hebron by
Huddle p. 43) Elizabeth Danner may have been a member of this
family. Furthermore Flat Rock may not have been the first
Brethren Church in Virginia, altho it was the first in the
Shenandoah Valley and probably the first in Virginia that has
had a continuous existence.

It was nothing unusual for the Germans to Anglicize their
names. The Zimmermans of Germanna became Carpenters.

Land Office Patients & Grants
Samuel Garber - VA

119
In the writing of the grant from Governor James Wood of VA 17 acres of land is granted to Samuel Garber in 1782. There is a assignee of Mathew Kenney. It is located on Round Hill.

However this land, the 17 acre grant, does not show up on the Tax Rolls until 1798. Beginning in 1797 Samuel Garber lists 142 acres from Matthew Kenney. This may be the same Matthew Kenney who is listed on the Grant of 1782.

Land Tax Roll

Beginning in 1799 Samuel Garber has land listed as 137 1/2 + 17 acres. The 17 acre land is listed each year until 1817. Samuel adds land through the years and resurveys it to his children. In 1816 we have the following listing for Samuel and his children. The children may have bought some of this land from others. We make our assumption solely from the Tax Record. The land is located on Christian Creek and near Christian Coffman. Christian Coffman married one of Samuel Garber’s daughters and was a neighboring farmer. This land was located near Middle River and near Round Hill. You can locate Round Hill and Christian Creek the 1885 Augusta Co. Atlas.

- Samuel Garber Sr. 193 + 12 + 13 + 17 + 100
- Solomon Garber 131 + 27
- Michael Garber 100 + 40 + 38 + 2 3/4 + 13
- Samuel Garber Jr. 161
- Samuel Garber Jr. and Martin Garber 205 + 205
- John Garber 23 + 127
- Abraham Garber 161

Personal Tax Roll

Beginning in 1796 we see the following listed as tithable and the number of Horses. Some years Samuel Garber is listed as Rev. and one year, 1799, as Preacher.

- Samuel Garber Rev. or Preacher several years
- Solomon Garber
- Michael Garber
- Samuel Garber of Samuel
- Abraham Garber of Samuel
- Joseph Garber
- John Garber
- Martin Garber

April 1, 1817 Samuel Garber was listed with 3 tithable and 6 horses. April of 1818 Samuel Garber Sr. is not listed and not thereafter. This has caused us to believe that he died in 1817 or early 1818.

We drove to Round Hill in 1998 and find it near New Hope, VA. We drove east on Round Hill School road and saw an old road called Round Hill. This is all on the west side of Round Hill and we believe this is where the first 17 acres of land was located in 1782 when the first Grant was given. Christian
Creek and a lot of beautiful land lies to the west of this Hill and we believe this is where Eld. Samuel Garber and his family lived in the early 1800s.

Martin Garber Family of OK

From the Garfield County Oklahoma 1893-1982, Family Stories - A thru R we copy the following on the Garber Family. This was written by Milton B. Garber of Enid, OK. [used with their permission]

Martin Garber Family

Only "mad dogs and Englishmen go out in the midday sun" - but a couple of young Hoosiers farmers back in '93 had a job to do and they went out in the midday sun day after day. They were Milt and Burt Garber and their job was to train a span of mules over for the big race - the opening of the Cherokee Strip. Every day for a month they ran those mules over the prairie building up their endurance. The race was to start Sept. 16 at noon.

Months prior, Martin Garber, farmer-lawyer, legislator, had moved his family from northern Iowa to Guthrie, O. T. and when the day came, the Garbers and their mules were ready. Father Garber, sons Milt and Burt, daughter Flo and son-in-law Dr. O. D. Taft, all staked claims in eastern Garfield Co.

Milt and Burt helped break out this virgin land with a walking plow and again the mules came in handy.

A Garber general store took shape with the usual hitching rail, cracker barrel, bolts of piece goods, a smattering of hardware, shelves of groceries and a post office in one corner. Milt and Burt took turns clerking and hauling freight, wheat to Enid and Perry and goods for the store on the way back. In addition, Milt began the practice of law with his father, as a small country town named after the Garber family began to form.

It was July, 1899, An attractive 19-year-old woman entered the Garber store with a big grocery list. She was buying to re-supply a cook shack for a harvest crew which had just moved into the area from the 101 Ranch. She was Lucy M. Bradley, daughter of Dudley T. Bradley of Moberly, MO., owner and operator of the threshing machine outfit with a crew of 15 people. Three of those people were daughters of Bradley and they manned the cook shack.

Waiting on Lucy Bradley was Milt Garber. That shopping experience led to the marriage of Lucy Bradley and Milt Garber in Wichita on Oct. 21, 1900.

Milt and Lucy (Bradley) Garber

Between the first meeting and the marriage, Lucy taught at a stone schoolhouse a mile east of town. There were 38 students - all grades including high school in her charge. Her salary was $35 per month and $10 of this went for room and board.

After the wedding she worked in her husband's law office.
Eld. Samuel Garber & Elizabeth Miller
Appendix

(owning the only typewriter in Garber) and when Milt was appointed probate judge of Garfield Co. - a job which kept him in Enid weekdays - she helped run the law office with her husband's father, Martin Garber. Later in 1903, she was appointed U. S. Land Commissioner, succeeding her father-in-law who died that year. As commissioner she proved up hundred of claims.

In 1911, the Garbers moved to Enid where "Judge " Garber continued to practice law. He acquired the title of judge not only because of service as probate judge but because he was also an associate territorial judge before statehood, having been appointed by Teddy Roosevelt.

At the time of the move the Garbers had three children, Ruth, Martin and Martha Elizabeth. Two Milton and Lucy Ann were to come later.

In the late teens and early 20s farm property north of Enid was acquired and this became the site of "Elmstead", a large colonial type of home. Part of this property was turned into a stock farm where Judge Garber supervised the raising of wheat and short horn cattle. Always interested in new farming methods and seed varieties. Judge Garber introduced Tenmarq, a new strain of wheat to the area. Another part of the farmland was developed by Mrs. Garber into a poultry farm. With breeding stock from England, Mrs. Garber produced a strain of white leghorns noted for "long-distance " laying qualities. Mrs. Garber was appointed as the only woman U. S. delegate to the World's Poultry Congress in London in 1929.

By 1922, Judge Garber and his brother Burt had gone into the oil business. Because of friends made with the extension of credit at the general store in hard times, they were able to assemble a large block of leases and a drilling of a test well. This became the Garber-Covington oil field.

After serving as circuit court judge and a term as mayor of Enid, in 1922 Judge Garber ran for congress. It was the Eighth Congressional District, composed of 12 northern and northwestern counties. His wife served as campaign manager. The Judge won over Zack A. Harris of Blackwell by 3500 votes. He served in the U. S. House of Representatives for 10 years. He secured an order from the proper government authority requiring railroads to make an annual pre-harvest check of available cars and distribute them on an equitable basis. Some of the legislation called for the study of the Arkansas River Valley with the emphasis on flood control.

In 1920, Garber bought the Enid Morning News and in '23 the paper was consolidated with the Eagle, owned by William M. Taylor. As operating policy of the Enid Publishing Co., Garber assumed responsibility for the news and editorial side while Taylor managed the business side. This policy was continued by succeeding generations. After retiring from Congress Judge Garber took a more active role as editor. He campaigns for a Garfield Co. Fairgrounds, was instrumental in promoting a $350,000 bond issue to finance the project. He helped establish a junior livestock show and annually presented a News and Eagle Achievement Trophy to the outstanding 4-H boy and girl and FFA boy in the district. Through editorials he helped
Eld. Samuel Garber & Elizabeth Miller
Appendix

promote livestock improvement, an annual tree and shrub planting campaign, better school facilities and many projects aimed at civic improvement. In recognition of his years of public service Judge Garber was introduced into the Oklahoma Hall of Fame in 1943. One of his favorite sayings as a judge was: "The source of justice is in the people and not in the Judge. He is simply their servant to administer their desire."

For many years Judge Garber took his family to a cottage near Alexandria, Minn. for vacation. He enjoyed fishing more than any other sport, and it was during one of these trips that his life ended. A heart attack occurred as he landed a boat on the shore of Lake Le Homme Dieu, Sept 12, 1948.

After Judge Garber's passing Mrs. Garber took over as editor of the Enid papers until 1955, when a son Milton succeeded her. She then became Chairman of the Board until her death June 16, 1971.

Mrs. Garber did extensive gardening and landscaping at Elmstead and one spring has 6000 tulips in bloom. On the adjoining poultry farm she planted 1000 Chinese Elms. Two miles of highway were ordered with American Elms. Mrs. Garber was a charter member of the AZ chapter of PEO and was president of a new chapter DO was formed. As first president of Enid's YWCA.

Mrs. Garber was honored by this group when it observed its 50th anniversary.

Next Generation

The young schoolteacher and pioneer lawyer, farmer made successful marriage of 48 years and on passing left a heritage of agricultural and civic improvement across the state. There were five children, all of whom are still living. They include two sons, Martin, who served as southwest regional director of the USDA's Food and Nutrition Service in Dallas; Milton, who is still editor of the News and Eagle; three daughters, Mrs. Howard (Ruth) Waldo, Cincinnati, OH; Mrs. Robert (Martha Elizabeth) Earle, Lake San Marcos, CA; and Mrs. Milliam (Lucy Ann) Thompson, Denver, Colo.
