Volume VI
Death of An Old Pioneer

Joshua Willis, at the age of one hundred and three years, lacking a few days, died March 28, 1869, at the residence of Elza Willis, his son near Marion, Aid Township, Lawrence County, Ohio. Josh Willis was born April 1766, in Monroe County, now West Virginia. Was at a fort three or four years in 1769, 70, 71, on New River, Virginia. Came to Guyandotte about 1800. He help to raise the first log cabin built at that Place, was one among the first immigrants in Quakers Bottom, (Lawrence Co, Ohio), lived at Russell’s Place (now called Getaway) in 1808, moved to Marion in 1811, In 1812 he was building the Wilson Water Mill at Marion. The first Mill built in Lawrence County, Ohio. He was drafted in the War of 1812. When he hired his brother Hugh to go substitute and he continued to finish and run the Mill. He helped to build the Salt Works in Jackson, Jackson County, Ohio in 1824. He also took a contract on the Ohio Canal, near Licking Summit. Cut off the timber : 120 feet in width, one mile in length and then grubbed up the stumps 60 feet. He had a strong constitution and remarkable good health. His teeth were all sound when he died.

Josh Willis, Piloted the Methodist Episcopal Ministers-Elders, Hunters and others, through Lawrence County and also Gallia County in 1817, 18 and 19. When they preached everyday except Mondays. It took four weeks to get around the Circuit.

Joshua Willis was a member of the M E Church. Was taken in by Elder D Clay of Jackson, Ohio. When he became old and feeble, he continued to read the Bible as long as he could see through glasses. Was a sober man all his life, on the 4th day of July, 1868, he was struck with pralyasis and never could stand on his feet afterwards. He was very industrious man also. His cottage was always the home for the hunter and the traveler was never turned away hungry.

On Friday evening, March 26, he said he had suffered a long time, but his suffering would be over soon. He then sang with a strong voice:

“ When through the deep waters I call thee to go, 
The rivers of woe shall not overflow.
For I will be with thee thy troubles to bless
And sanctify thee in thy deepest distress.”

Dear Mr Willis,

Thank you so much for taking time to list all the people you did who might help me. Maybe our line connects one more generation back or two. My Elizabeth Willis or Johnson was born 1793 and my Oliver P Sallee or Sally was born in 1790 so you see there could be about two generations before yours. Thank you again.

Dear Mr Willis,

In response to your query in T S T, Feb 20-24, concerning the Willis family, my husband’s mother was a Willis, a lineal descendant of Tilghman and Kesiah Wrotan (Sp?) Willis. Tilghman was born in 1779 in Dorchester, Md, was a War of 1812 veteran, m K Wroten 1805 and he died 1866 and is buried in Ross Co, Ohio. Kesiah was born 1781 and died 1866.

Their sixth (?) child was Sanford H Willis. He married Susannah Cline and their fifth child (of 11) was Wm Nelson Willis. He was killed at age 38 – in 1899- by a horse, leaving his wife and six children.

Their son, James Franklin Willis (1874-1955) married Ellen Eleanor Hughes, a native of Gallia County, and they were the parents of Zada Willis Hiser (1898-1974).

My husband is the son of Harley and Zada W Hiser.

Going back to Tilghman, he had a sister Henrietta who married Geo Washington Graham. She is buried in Cedar Grove Cemetery, Pickaway Co, Ohio.

Are you able to relate to any of this? I would like to know of Tilghman’s parentage. I have names, dates, etc of bros, sisters, of these generations listed and would be pleased to hear from you if you think there might be a relationship.

Yours Truly,

PS It is said that Tilghman’s father died young, when the son was about 12 yrs old.

Dear Mr Willis,

I am returning your money order for $8. The newspaper will be moving to Fort Gay, W VA, at the end of this month and we will have to discontinue the Boyd County Edition. So, I will then be out of a job. Sorry.

I know Mrs Simeon Willis personally. She was Ida Lee Millis before marriage. Thank you for the letter, which will appear in this week edition. The above is my home address if you should ever wish to write to me.

Sincerely,

Dear Mr Willis,

Thank you so much for sending me the reply to my query in Vol 15 of VA Genealogical Society and the exhaustive list of Willis researchers. Probably I’ll now find my answer.

I shall look out for Henry Willis and will let you know if I run across anything.

Right now I am handicapped with a severe back injury that restricts my activity.

Dear Mr Willis:  

Yesterday while looking through the Ohio Historical Society Booklets at the Marietta College Library noticed there were a good many queries by you concerning the Willis family.  

Noted your address and am taking a chance you may be still living at this address.  

I am interested in the Willis family as I have an ancestor William Underwood who married a Mary Hannah Willis around 1805. He was born in Del, in 1780 and she was born Oct 18, 1780 in VA. They came to Tyler County around 1803 and died there. However, have been unable to find their marriage record and do not know either of their parent’s names. The story is that her father was a minister and lived near Marietta, Ohio. 

Know there was a Joel Willis, Sr. Family as I have a notation of a will dated Jan 31, 1782 of a Samuel Willis who had the following children: 1. Samuel; 2. Sarah; 3. Ann; 4. Martha; 5. Hanna; 6. Rebecca; 7. Mary Jane. Samuel had a brother James and possibly Joel, Jr.  

Since you have been working on Ohio Willis family thought you might have some information concerning (REST OF LETTER MISSING)

Dear Mr Willis,  

Your name and address have been given to me by Mrs Bernice Francis who is president of the Pike County Genealogical Society as having done extensive research along that line. I have a double interest in writing.
The name of Nathaniel Willis appears on a list of Revolutionary War veterans who are buried in the Moore Cemetery just north of Cynthiana, near the line between Pike and Ross Counties. Further, that he was born in 1755 in Boston and died in 1831. Nothing further shown to date. Do you happen to have information on him: more exact dates, nature of military service, which he came to Ohio, etc.?

I am contemplating writing to National Archives to request research there into pension application and land grant, if such information is available. As you probably know, their service costs $2.00 per individual researched.

This particular project is bicentennial; I hope not only to write up some kind of comprehensive story on our county veterans of the Revolution, but it may be to spearhead a visitation to their graves around Memorial Day.

The second interest is more personally; my grandmother’s name was Willis. My mother told me that her mother was a cousin of Frank B Willis, one-time governor of Ohio. The family lived in her younger days around Lebanon and Franklin; she married George Washington Doudne just after the Civil War, and they lived most of their lifetime in Dayton, Ohio, where my mother was born, one of a total of sixteen children in the family, some of whom died in infancy, but one still surviving, an aunt, Mrs Clifford (Charlotte) Friend, who did extensive research on the Doudne family, but none on the Willises so far as I know.

I hope this request for information is not burdensome to you, and enclose a stamped address envelope for your early reply.

Sincerely yours,
Rev Ralph W Heller

Dear Sir:

I was checking through my Willis files and found your correspondence and the mention of your Mitchell kin. I am working on the Willis side (David D Willis) of our family (my mother was James A Williams dau from Tenn) and found Rev W L Mitchell born Tenn. 7-11-1828 m Mary Brady Muchmore whose father was Samuel Mutckmore born 1767 near Carlisle, Pa and the brother of my gr-gr-grandmother, Mary Muchmore Johnston-Milligan. The Rev Mitchells lived at 3825 Walnut St, Kansas City, Mo; he d 2-23-1864. They had a son, James Whitfield Mitchell b 2-12-1830 Ohio, m Ella Margaret Smith b 10-11-1862, dau of Jas M Smith & Elizabeth. Grandchildren was Florence Eleanor b Sep 10-1894; Samuel Mutchmore b 12-22-1895; Alice Brady b 11-1899; James Whitfield Mitchell Jr b 1-25-1902. The Brady name came from a boat load that came in their own boat in 1642 from Ireland and landed at Cape Menlopen, Dele.

You told me I could borrow your book Rockingham Co, N C Will Abstracts if I so desired. I would like to have this book now if I may and I will insure it when I send it home and return your postage for sending it. The mails are so uncertain today, however; I have not had any trouble but would be afraid to risk anything
borrowed. I am a very serious, reliable person and would not want anything to happen to other people’s property. I will be looking for this book and a letter from you.

I note in your letter what you say about helping people if you can. I have learned the meaning of that phrase and I too, have a good many letters come to me now days that I answer whether I have any knowledge of their folks or not. There are many Willis and Williams scattered all across the US and it is like “looking for a needle in a haystack”.

I suppose you and I are getting on the latter side of life, I will be seventy nine in May, but I still have a young mind and go to the Thurs. night dances at the Golden Age Club, 7-10 and that is about all we can stand. Like a bunch of kids, everything is funny to us. I live about seven streets from this Club and my niece comes for me about ten. Occasionally one drops out and passes on. We all feel sorry. Who next?

Sincerely,  
Ella Lipps

Dear Mr Willis:

Thank you for your response to my request for information about the Willis family. Please accept my apology for a tardy answer. I have been hoping that more information might come from my own side of the family and perhaps some clarification as to where our branch of the family connects with others. I do have some information, but the net outcome is rather disappointing so far.

My cousin, Mrs Ruth MacNeil, 4986 Powell Road, Dayton, Ohio  45424, writes that her mother, one of the older children of the family of George Washington and Rebecca Jane Willis Doudna, our grand-parents, gave her some information as follows:

“Our grandmother, Rebecca Jane Willis Doudna, was a distant cousin of former Governor Willis. She is buried here in Woodlawn Cemetery on the Doudna lot……I am not sure where grandmother was born except in Butler County near Hamilton. I think, where she was married.”

She enclosed a short list from a record her mother made in a family book, as follows:

Our grandmother was born May 8, 1844 and died Nov 5, 1898, aged 54.

Your greatly superior expertise and background of study of the Willis family may provide clues which I do not see as to how these Willises are connected with the other branches of the family, if there be such a connection. The nearest I could come was an “Asa”, for the “Amassa”.

Sincerely yours,  
Rev Ralph W Heller

Dear Sir:

I saw Mrs S F Webster’s contribution of the Rockingham County Militia List in the April NC Gen So Journal. My grandmother, Mrs John Nelson Willis, was Elizabeth Webster, dau of Mathew and Amelia Webster and that was my reason for writing her.

In the run-down she gave me of her Websters, she also gave me some information on the Willises. She gave me your name and address and said you had bought her books and had ancestors in Rockingham County, I am searching the Willis and Webster lines (also Williams, my mother’s family) and have a quite extensive line-up on the Willises. My great grandfather was William John Willis b NC 1789; mother Margaret Willis 1754, but have not been able to find his father as yet. There may have been many brothers and sisters that we do not know of. Large families was the custom in those days and W J Willis and wife, Ann Johnston, had twelve, four born in NC, eight in Ala, Benton Co (Calhoun now).

Today I received from a friend in Bladen County, NC census lists from 1790-1850 of Willis heads of Households; also tax lists and abst. of Wills. One Robert Willis will dated April 4, 1787, wife & Exectrix: Anne. (Brothers & Sisters mentioned but not named) Witness: Elizabeth Lucas. Do you have much Willis ancestry material and would be interested in pursuing it farther? The founder of Lumberton, NC. Was Gen John Willis, a Capt in the Revolutionary War, later a brigadier general and a member of the legislature and of the conventions of 1788-89. He later moved to Natchez, Miss and died there. Do you know anything about him and his descendants? Where any one of the descendants may be living?

Did you get much information from Mrs Webster’s books about your ancestry? I am thinking of ordering from her and have written for a list of them and the price? I would appreciate your opinion of her books.

I would be glad to hear from you?

Yours truly,  
Mrs Ella Willis Lipps

Dear Robert:

I have taken the privilege of dispensing with formalities in addressing you and I hope you will do the same, if we need to have further correspondence. I have enjoyed your letter very much and I want to thank you for all the information and dates.
Last night I was listening to Nite Cap out of Salt Lake and heard a woman by name of Hilda Mitchell in New Orleans call in. I have a book that states Robert D MacAnelly (McAnally) came here in 1830 and settled in Lampasas County, Texas; and that his father was listed as coming from Ireland and his mother from KY. Some of his family history researches think it more likely that it was his grandfather who came from Ireland and that man may have been John McAnelly who was pioneering in KY soon after the Rev War. He was the only McAnelly among the listings of hundreds seeking and receiving those early land grants. In Lincoln County was 400 acres 1781; 400 acres 1787 and 800 acres 1791. This Robert D had a younger brother, Pleasant McAnelly, and they came while it was still a part of the Mexico Dominion for it seems that their acquisition of lands began with headright and donation grants. There is mention of other brothers and if think these McAnelly’s might be kin to you, write to O B Puryear, 5144 S Hudson PL, Tulsa, Okla, $5.00. He is cousin of mine and the book is well worth the price and it was edited by his mother, Grace Hollis Puryear. This book is full of folks from Ala, Tenn, NC and S C, VA, Penn, etc and Willises. If you do send for this book let me know and I will send you a run-down on the Willises on pg 55. They are not all there due to I am the missing link and have the bible that lists them all. Oh yes, there are 14 pages about these McAnellys.

I wrote to Douglas M Willis about his book that you told me about. Thanks.

I also wrote C O Willis about his gr-uncle that served in the Confederate army and gave him a starting point with the mother, Margaret born 1754.

I have the Mildred Washington and Col Henry Willis story condensed, “The Willises of Virginia” by Maude Potter. There are several Williams and Johns but the dates doesn’t seem to fit. Maybe I need to search it a little more.

Again thank you for your information and write me again.
Sincerely,
Ella Lipps

Dear Sir:

I received the book today along with two others that I had ordered about three weeks ago. Of course in all my enthusiasm check for the Willis and Williams names, I found on page 171 #3514 Willis Fam Rec (#791) and immediately drew lines under it. Then it occurred to me that I had ordered only two books and when I examined the North Carolina book and found your name sticker in it I was so surprised and ashamed that I had already underscored six lines. I do my books that way bit I don't want other people to take that privilege. I apologize for this and there wont be any more underscored lines. I put the date on my calendar just over my desk when I am supposed to return it, and if something should happen to me (I am 79 this Tues) my niece knows about the book. Don’t think anything will happen soon – I go to the Golden Age Club dances.

Your book is a wonderful one to have in anybody’s library and I am about in the notion of buying one for myself. When I have finished with my family trees I am going to donate all my books to our library here in Alice. I have already given two that I paid $20 each for. We are building a genealogical section and have organized a little society. I have read North Carolina History a couple of times and found a John Willis who founded the town of Lumberton in Robeson County. It said that he was a General, a Revolutionary Soldier from North Carolina; that he later moved to Natchez, Miss, and died there. I wrote to Natchez, Adams Co but they had no record of his will.

I hope you are satisfied in your new home. It is always like a burn out to move; so many things accumulated that you hate to dispose of – and will need next day. Armco Steel is a good company. I take the Wall Street Journal and watch the market every day, having stock in about twenty companies, mostly gas pipeline and oil and a few utility stocks. They are all doing well, several split their stock last year. Of course I wasn’t mad about that.

I had better close and get busy. I have so much work stacked around and need filing, I can’t find what I want easily.

Sincerely,

Mrs Ella Lipps

Dear Sir:

I have been away on vacation with my nephew and family and have not had much time to peruse your book so I am writing to ask if I may keep it a little longer? You had said I could let you know by June 30 if I needed it a little longer.
The reason I need to keep it longer, I have another book that I must return to the Library (it is an inter-
Library loan from Corpus Christi) if I can’t make arrangements to keep it longer. It is Making It In The
Market by Richard Ney and a mighty fine book. I have his first book but this one is much more
enlightening. I have a good many stocks in different companies and this book has many charts and lots of
gook instructions as to how these market specialists operate, so I have to get busy with it since next Tues, is
July 1st. I have books by other stock operators that are good but this is the best I’ve seen yet.

I will take good care of your book. You would not want to sell it would you? When I finish my genealogical
study I am going to give my books to the library (I have already given them two $20.00 books); they are
land books, federal and state: one was a bounty book.

I have lots of genealogy to do before we can publish our book. I have to rest more so I can’t do as much as
I used to. I get letters from people I did not know existed before, and I suppose you do too. I still have all
of yours in the Robt M Willis file.

You will be hearing from me at times, telling you what I find in the Willis lines. I may find kin with you
yet that we do not know about now.

Bye, bye.

Your friend, Ella Lipps

Do you live in the country? I notice your add is on a Route. I am a country reared girl. My father had lots
of land right along the San Saba River and I could ride wild bridle-wise horses; had four brothers and two
sisters, older than I. It was a great life but lots of hard work even though we had renters. We had 1 ½ mi.
pecan orchard along the river and lots of good fishing. When the old folks died each wanted his inheritance
and now somebody else owns it. The name of Willis is still prominent in that county, but there is only one
nephew and two nieces left. Such is life.

some wonderful Willis cousins and they are all gook, law-abiding citizens.

I enjoyed your letter so very much; all the information about the Willises and Mitchells and your life in the
service. My husband was in the 1918 WW I. He ”went over the top” many times, and the last time orders
came through for everybody to lie down flat on their back that a barrage was coming through. He got lots
of shrapnel and gas but did not get killed, all his buddies on both sides of him did not make it and he was
very sad about that. He took pneumonia and during the time he was on sick leave the Armistice was
signed. A buddy from here, my husband and all the Texas troops had a time in Paris that day and I expect
for several days. Shrapnel worked out of his flesh for seven years. He had good health after that got a job in
the Mexia Oil fields and put everything in an oil well, even slept in the bank where he worked as a
bookkeeper and was going to be rich. One morning that oil well blew out and ruined everything. He lost
everything he had put in it. He decided he had better come back to Alice where he had a job waiting for
him in the same bank he left in 1913 to go though war (volunteered) and make a new start.

I moved to Alice with my family in 1929, leaving a ranch in McCulloch Co because it was so cold up there.
Brothers ran the ranch and we three sisters came with the old folks. I got a job with Chevrolet Mtr Co as bookkeeper, etc and met my husband then. I was a widow and very lonely and he was a handsome bachelor with no sweetheart. We married but never had any children (don’t know why) and lived a happy life. He was so good to me and I was very lonely when he passed away June 18, 1964. Everything we had made and saved was in S & L and stocks in different companies. I had been in the business world all my life, a bookkeeper and I was determined I could learn the stock market business, --- and I did. I bought some stock every year out of my income and now I have $50,000 in S & L and lots of stocks such as oils, gas pipeline and utilities. I knew how to hang on to my money and manage. I was first a country girl and in those days there wasn’t any rich people. Things were not worth anything and the money is getting cheap again.

I note your father married Lenora Robinson. We used to have kin by name of Robinson and they were at my home when I was born, May 16, 1899 and they named me Ella for her. They caught lots of fish and sold them while at our house before I was born; mother said she got so she wanted to vomit every time she saw a fish and to this day I don’t like fish. You are lucky to have so many of your family living. I am the last. We have some allied lines of kin in Ohio but won’t take time now to list them.

I decided I would buy your book and am enclosing my check for $20.00. The other book you mention, I wrote that man and sent along a family chart and wrote back and said he did not think I would find anybody in it for my line, that if he ever ran across anyone that he thought was my kin that he would let me know. He missed a chance of selling one of his books. I take the North Carolina Gen Society magazine but have not tried to send in my family chart. I think if I get the census of the names you sent me I would probably have better luck. I note one is named John and he could be the one I am looking for.

I know you and your wife are enjoying your new home. You probably are retired according to your birth date. My husband has been gone fourteen years and I stayed right on here in my nice home; three bed- Rooms, a bath and half, big closets and a screened in porch nearly all the way across the back which is on the south side. My bedroom is on the S E with six windows and ¾ ton air conditioner. I have 1 ½ ton air conditioner in the living room on the north but I don’t like air conditioners so we use fans everywhere and Put on the others when we have to. We bought the vacant lot on the west of us (an old house was on it at the time) several years before my husband even thought about dying. Right across the street is a Doctor’s clinic, on the west of that is a duplex and then a private home on the corner and they own a big flower shop and sporting goods in back facing west. We have a nice hospital and lots of new Dr office, a nice library in next block to me and next to that is the P O and another is my church (Methodist and across the st. from that is a huge M E B grocery. Two good sized new banks and savings loan but my bank is why out on the Corpus Christi road. Our town is growing so fast (about 35,000) it will be a city before many years. You know in Texas we have oil and gas and cattle too and being only about 45 miles from Corpus Christi (see map) and lots little town between we will grow together some day. Corpus has to come this way which is West; it has not way going east that is where the bay is. A niece (72 yrs) lives with me. She does all the chores, grocery buying, see that the car is kept running, house work, etc. (we don’t hurt ourselves keeping house; I run my own business and keep my books (I was a secretary first then changed to bookkeeping.

I must close this and answer some more letters from different people I hear from through genealogy. It is amazing how some of them you feel kin to and do get some of your personal life into the letters. I enjoy What they have to say about their life and the country in which they live. One mote thing, I wonder if you folks ever see PTL Club, Heritage USA, at Charlotte, N C? It comes on one of the stations in Corpus, #3 at 6 am in the morning and off at 7am. It is a non denominational organization and is broadcast by satellite all over the world. That is where I want to visit next summer. Will have to fly and take my other niece and her son with me to take care of me. Probably turn out to be only a happy dream.

Sorry, I misplaced your address the other letter. Wont do that again now that I have made a file for you.

Sincerely,

Ella Lipps
Dear Robert & Edna:

Your greeting card brought me great pleasure. I am so glad you remembered me in this way. The reason I have not answered sooner I was gone all the month of December visiting nephews. One of them had invited me up to go to the Elk’s ball Dec 6th and I packed my beautiful new evening dress and gold slippers and went. I belong to the Golden Age Club here in Alice and we dance every Thursday night; there is only a handful of us but we have a lot of fun just being together. As old as we are we couldn’t get into much trouble and we don’t allow any alcoholic drinks therefore we are not bother with drunks like some clubs are. Oh yes, we have an electric record player, music box I guess you would call it.

Your card was beautiful. I had never thought of having a coat- of-arms put on but it does make it very attractive. I don’t have one of my family. Just after my husband died I received one made up into a sample of what his would be, but – they wanted $339.50 for it. I let them keep it.

Do you remember the book I brought from you? You could not guess how much I use it. And now I have another one I ordered from Gen Pub titled COLONIAL GRANVILLE COUNTY AND ITS PEOPLE. This one is full of Williams families and their children and who they married, where they migrated to, some coming to Texas, and in this book I located my gr-gr-grandfather Williams and gr-gr-grandfather William Willis; I have the service papers on Willis. I want to suggest you order this book from Gen Pub, which is only $10.00 and 75 cents for handling. I think you will find your ancestors in it. This book was compiled by Worth S Ray and I have one from the library here by him, AUSTIN COLONY PIONEERS, which is our state capitol. So many of the people I know of and know their descendants. I am building a small library of genealogy and historical books.

Edna what do you do for entertainment? Several of my friends belong to a sewing club also church affairs. I am Legislative Chairman of our AARP chapter here, belong to our UMW (United Methodist Women) Circle IV. And Stardust account at my bank. Stardust plans tours to different places, mostly in Texas; plan on going to Mexico City next time which I am going to miss: I have not lost anything in Mexico. Last June a niece and nephew went with me to Charlotte, North Carolina, to visit PTL Club. We stayed a week and enjoyed it very much. I checked the phone book and found lots of Williams but was afraid some would be black, my grandfather had slaves, so I let it be.

Let me hear you to sometime. I imagine way back somewhere we are from the same line – tree likely. About once or twice a year I set a card or letter from several different correspondents doing genealogy. I have one more such person to answer; she sent me a once a year family letter that goes to all her kin, some not kin. I am kin to one of her kin, a Willis not a Williams.

Love in Christ’s name to you both,

Ella Lipps

Dear Robert & Edna:

I sent you a card but sent it to your old address and it came back. I spent Xmas with my Lipps kin at Fredericksburg; went to New Brunsfels for New Year and visited my Willis nephew 7 family, coming home Jan 2. I took my cards with me to mail out but was too busy, now I am trying to catch up.
Am still doing Genealogy. Hope to go to Charlotte, NC in June; have to trace some more Willis & Williams. I had our phone Co order a phone book- it is 2 “ thick, weighs 5 lbs 1 ½ page Willises, 4 pages Williams.

We have not had much rain here or much winter, but expecting some soon. We are not making a garden this year except will put out five tomato plants. They cost lots per lb. in store but I buy them anyway. I will be 82 May 16th so I don’t have too many years to eat tomatoes. Beside my heirs will know how to use the money? I may as well have everything I want. Times are tight financially which I guess you know. Young people now days don’t try to save a penny for old age; they think So. Security will be enough. How surprised they will be.

Hope you two have good health. I am in pretty good health, considering my age.

Best wishes to you both.

Love – Ella Lipps

Dear Mr Willis,

I am sorry it has taken me so long to answer your sweet letter and to thank you for the information that you sent to me. I’m still hunting for the parents of Ritty Crabtree (proof that is). We are almost positive that Reece is her father and no knowledge of her mother. We are almost 100% sure that he is the son of Issac Crabtree the lone survivor of the James Boone massacre. BUT we need proof. I have written letters to all kinds of Crabtree’s and still finding new ones from the general area that Ritty was supposed to have moved to but can’t find any trace of her. I do keep adding to the descendants however so maybe one of these days I’ll find something to connect it positively. I have the Crabtree’s from England on down to Issac the lone survivor and then Reece and then Ritty but getting the proof is worse than looking for a needle in a haystack.

I was very sick the months of Jan, Feb and most of March but I am finally recovering. I was in the hospital three weeks. I hope your health is much better now.

I thought I’d let you know I’m still working on the tree but haven’t found anything really of sufficient proof.

Keep in touch and let me hear from you from time to time and take care.

Do you know of any family tales that might provide any clues on anything, I would appreciate it very much. Would you care to tell me about how and why of the deaths of Edward Crabtree, son of Harvey, and about Walter, son of Joshua. I notice they died of homicide or accident. Please.

Sincerely,
Mrs Patricia Perry

HISTORY OF GREENUP COUNTY, KENTUCKY by Nina Mitchell Biggs & Mabel Lee Mackoy 1951 Pages 155-6

DEERING FAMILY

Richard Deering was one of the first furnace men to come to Greenup County. He bought a farm west of Hopewell in the vicinity of what was Pactolus near the Little Sandy River, and engaged in salt boiling. He was above the average of his day for enterprise and investigation and was something of a mechanic. He noticed iron ore in his fields and on the hillsides and thought he might do some smelting, as in his old home in Pennsylvania.

In 1815 he constructed a crude cupola and charged it with a small quantity of iron stone. The results proved so satisfactory that he engaged four or five moulders to run his iron into hollow ware.

The success of this crude attempt induced him in 1818 to form a partnership with David and John Trimble for the erection of Argillite Furnace, the first iron plant to be established in Greenup County. It was located six miles southwest of Greenupsburg, on the left bank of the Little Sandy River. In 1824, Richard Deering built a forge at Hopewell and converted it into a furnace in 1832.

Richard Deering’s children were John, William and Martha. John married Sally Rains in 1822; William married Nancy Hannah in 1827; and Martha married Elisha Mayhew in 1827. William’s children may have been Nancy, who married Henry Davidson of Greenup; Mary, who married William Warneck; and
Martha, who married Jacob Everman of Hopewell. Members of the early Deering family are buried in the Oldtown Cemetery.

John Deering, a brother of Richard, made the blast cylinder and the water wheel of the Argillite Furnace. He seems to have moved to Lawrence County, Ohio, and lived at Hecla Furnace, where he and his wife, Ruhamah Davis Deering, are buried. A small village near Hecla is still known as Deering, named for this family. (This village is four miles east of Coal-grove, Ohio, state Rt 243.) They intermarried with the Gholson family in Lawrence County and Mrs Doris Deering Gholson Rappalee of Portsmouth, Ohio, is a descendant of the John Deering family.

It has always been said by the folks of the Hopewell section of Greenup County that William Deering invented a mowing machine and brought it down to Argillite, about six miles away.

It has been told also that the Deerings wrote to some Chicago relatives asking them to come to look at the machine and they did so. This was in 1832-34. The machine proved too heavy for use, but about the same time, in Illinois near Chicago, a mowing machine was invented by a William Deering, who may have been a relative of the local Deering family. The people of Greenup County like to think the mowing machine idea was born here.

Correct account of family names of Grandfather Henry Willis who was a citizen and merchant in the city of Richmond, Virginia and reared his family in Richmond. The following named are the children of Grandfather Henry Willis; Isaiah, Joshua, George, John, Hugh, Andrew, Tabitha, Catherine, and Mary.

When Ohio was admitted as a state and the Pre-emption law passed, these seven sons and three sons-in-law, Mathias Cooper, Charles Cooper and William Corbin, husbands of the above named daughters of Grandfather Willis, all pre-empted homes. Grandfather Henry Willis served as Colonel in the Revolutionary War and when he died he left 75,000 dollars to his heirs. The city treasurer wrote to father Joshua Willis and Uncle George Willis that he had that amount collected in his hands and would pay it to legal heirs.

Brother Elza Willis and I, Hugh Willis were appointed to go there and receive the money and was supposed to start May, 1861, but in April, 1861 the first 75,000 soldiers was called and on account of the war we could not go tho Richmond to receive our estate and it was said it was captured during the war of 1861-65.

I am the oldest Willis in the county and the only one of father’s family living. The following are the children of father Joshua Willis: Elza, Clara, Andrew, Elizabeth, John, Hugh, Julian, George, Mary, Joshua Jr, and Arimetha.

I was born in Aid Township on the homestead at Marion, County of Lawrence, State of Ohio, Sept 3, 1817 and worked on the farm with father. When Spring came I helped mother to make sugar. She sent sister Arimetha to Loss Creek for water to fill the pots when the syrup was done. Sister stayed too long. Mother sent me to look after her and I went to the place where she sent to get the water and lo, she had fallen in and was drowned and I took her out of the water and carried her to Mother at the camp in the bottom where Father’s orchard was. Uncle Henry Webb was there and rolled her in a barrel and brought her to life.

When I was 16 years of age in the year of 1833, I went with Father to work at Vesuvius Furnace and quarried lime rock in the water. The mornings were so cold the wedges would stick to my fingers. I worked at the furnace in winter and back to the farm in summer. I hauled ore and pig iron from Vesuvius to Hanging Rock six years for Father. In the year 1838 Father and I cut fifteen hundred sawlogs. I hauled them in to Loss Creek and we run them down in the back water to Symmes Creek and on to Clarks Dam and the money Father received for those logs paid the expense of entering four 40 acres of land. Then we went to work at the furnace again.

**PIONEER TELLS OF LIFE IN LAST CENTURY**

Wade & Co was running the furnace when we first went there to work and $3,000 was due Father on first settlement and book account. The company broke up. Wade went to England to make Wade razors and Father never got a dollar of his money.

Then William Patten & Co came in as signers for Wade J Gould & Co. I was hauling ore to the furnace and patten weighed it and several loads had lost weight and at the same time I had increased the amount of each load and Father told me to have the scales balanced which I did and drove on to weigh the ore. I
turned back to the wheel horse. I heard the roller on the beam click. I jumped forward and caught him cheating me in the weight. I drew my horse whip and as he run to his office I gave him a lick across his legs about every other step to his door. The boys just laughed and he never came to weigh my ore anymore. He cheated me out of several hundred pounds in several loads.

In the year 1839, Nov 6, I left the furnace, went home to Marion and went to school that winter. In 1840, Sept 20, I took a subscription school on Yellow Creek and taught a three month term. In the year 1841, I taught the Marion school. In the year 1842, on May the 9th, I entered the academy at Burlington (Ohio) and remained in school six months and took the second degree of graduate signed up by the officials of the institution, George C Beamam, teacher; and a grand teacher he was. I turned my attention to the science of mathematics. I sat under the great beech trees on the banks of Symmes Creek and Loss Creek on the hillside and there I took some of the best and most lasting lessons I ever got in figures.

Then for four years I run as clerk on the Gondola. William F Davison was Captain and on the relief Fuson Davison, Captain during the summer season and fall. In the winter I taught school at Marion. Then I entered the Big Sandy store boat as salesman. Joseph Davison, Captain and owner, continued in that capacity four years.

In the year 1847 on Feb 8, I was married to Miss Phoebe Crowley. I taught school in Lawrence Co, Ohio seven years in all at Marion and in all 30 years in Lawrence Co., 1 year in Gallia Co, Ohio and two years in Scioto Co. In all, 33 years in the state of Ohio. I taught two years in the state of Kentucky and three years in the state of Indiana and twelve years in the state of West Virginia. In all, 50 years in the school room I labored in the cause of education. Besides, I did a great deal of teaching outside the school building.

Another sad experience in my boyhood days, Father rented the Holderby Farm on the West Virginia side of the Ohio River, the first farm above Guyandotte, lived there three years. When the great explosion of the boat “Kanawha”, I first heard the report then I looked and saw the smoke from the field where I was pulling fodder. I saw the bodies of nine dead men side by side from that accident.

And after that brother Joshua, sisters Remetha and Elizabeth took the Flux and all died and all this distress was what enthralled Father in the Holderby debt. It was when I grew up it was settled. Father told me if I would stay with him until the debt was settled (which I did) I should have the upper part of the farm above the lane but I did not get it. This was after I was of age and when I was 23 years old I could not write my name.

When the war of 1861 came up, I responded and served three years and 1 month in the U S Army, Co C, 5th West Virginia Vol Inf, in which service I contracted the disease for which I drew pension. While in service I had a recruiting commission from General Seigle. I recruited 64 men for Lieutenant John Witchers Cavalry Co and twelve men for the 5th W VA Inf.

In the year 1875, March 31, my wife Phoebe Willis died and left me and seven children to mourn her loss. In the year 1876, Jan the 18th, I was married to widow, Mrs Harriet Louisa Wilson, nee Harriet Louisa Stratton, in Wayne Co, W VA. Five daughters were born to this union, three of whom died in infancy, the second, third, and fourth, and have raised Mrs Olive May, the oldest and Amanda Willis, the youngest. This I leave to be published after I pass away. This is a true account.
