The Registers in the present volume have been transcribed by the Rev. J. Harvey Bloom, Rector of Whitchurch, near Stratford-upon-Avon, the Rev. W. Symonds, late Vicar of Frocester, but now of Great Sherston, in Wilts, and the Rev. R. H. M. Bouth, Rector of Elkstone, and to them the Editor desires to tender his best thanks. Thanks are also due to the parish clergy for leave to print the various registers. Their names are mentioned under the several parishes.
As before, this volume is issued without any index. Hereafter the Editor hopes that it will be feasible to issue a general index for the whole county, and thus avoid that great evil—an undue multiplicity of indexes.

The reader must bear in mind that these transcripts are not legal "evidence," and that for certificates the clergy must be applied to.

Volume VII, now in the press, will include the important parish of Cheltenham; while Painswick will appear in Volume VIII, which is also in the hands of the printer.

The Editor desires to impress upon the reader the fact that it is only volunteer assistance that renders the issue of these Registers possible. He will gladly welcome further help in the work of transcription, especially in the north of the county, and on the west side of Severn.

It may be well to note that since the issue of the last Volume the Marriage Registers printed in this series have been bound separately and sent to the Clergy of the respective parishes "for preservation in the parish chest."

CORRIGENDA.

Volume II, p. 29.—Line 22, Hayes is probably Jeferys.
Volume III, p. 6.—Line 8, for Kept read Keyt.

" p. 52.—The identification of Shennington with Sevenhamp-ton is erroneous. Shennington is a parish now in Oxfordshire, but formerly in Gloucestershire.

Gloucestershire Parish Registers.

Marriages at Batsford,

1565 to 1812.

Note.—The Marriages are contained in two volumes. The older is of parchment damaged a little by damp, the other is an ordinary official folio. In the former the entries are intermingled in a very confused way, and at one end are 3 pages of Briets. The title runs:

The Register Boke of Christeningis and Weddinges made for the Parishe of Bachetorde in the Countie of Gloc. in the iijth yere of the Raigne of o* Soveraigne Ladie Elizabeth de An* Salutis, 1562.

It will be observed that the Register was irregularly kept since between 1596 and 1656 only seven weddings appear to be recorded. The Marriages have been extracted by the Rev. J. Harvey Bloom, Rector of Whitchurch, and are printed under his supervision by permission of the Rev. S. J. Jones, Rector.

Note.—The Marriage entries at Beverston, to 1836, are contained in six registers, containing the following years:

[Here Vol. IV. ends].
Marriages at Standish,

1559 to 1812.

Note.—The Standish Marriage entries are contained in four volumes, viz.,

Vol. I, 1559 to 1627
Vol. II, 1654 to 1690
Vol. III, 1691 to 1753, also 1763 to 1783
Vol. IV, 1754 to 1812.

There is a double register of Marriages for most of the years from 1763 to 1783 in Vols. III and IV, the entries in the former being written by the Clerk, in the latter by the Vicar.

There are two large gaps in the Marriage Register, viz., from 1609 to 1621, and from 1628 to 1653, for which years no entries occur.

Besides these important omissions, the entries are wanting for the following years:

Vol. I, 1561, 1565-6, 1570, 1580, 1586, 1588, 1593, 1596, 1603-4.*
Vol. II, 1661, 1681, 1683-4.*
Vol. III and IV, 1765 and 1767.

The entries from 1559 to 1578 are dated by the regnal years of Elizabeth only; the order of some of these entries is irregular.

Queen Elizabeth's reign began, it is well to remember, on 17th November, so that every year of her reign runs from the 17th of November to the 16th of the following November. From 1578 the years of our Lord are given.

The following transcript has been collated with the extracts from the Bishop's transcripts at Gloucester. Marriage entries marked with an asterisk are from the Bishop's transcripts only.

A large number of the Marriage entries are of people belonging to Randwick, Saul, and Hardwick. To the two former Standish is the Mother Parish, and the latter is ecclesiastically united to it.

The Marriage entries are mixed up with the Burials and Baptisms for most of the years from 1622 to 1754, a fact which has greatly added to the labour of transcription, and also to the risk of omissions.

These Marriages have been extracted by the Rev. W. Symonds, vicar of Frocester, and are now printed under his supervision by permission of the Rev. Alexander Nash, M.A., vicar of Standish.

* The Rev. Edwin Pitt, Minister of Standish, died in Feb. 1684, and was buried on 6th of that month.

Marriages at Quinton,

2 Edward VI [1548] to 1812.

Note.—The Register books of this Parish form an interesting series. The Marriages are contained in five volumes. The oldest of these is of parchment, in a flexible binding, and consists of 68 1/2 leaves, measuring 13 by 8.5 inches. It is very beautifully written in the handwriting of Henry Hornby, Vicar 1538-1634. The gaps are very few, and the entries in English. They include several documents, including more than one licence to eat meat in Lent. Records of the rehanging and recasting of the bells in 1621, releading the “centre ile” 1624, other repairs to roof and windows 1629, and copies of a deed of Dorothy, Abbess of Powliesworth, giving particulars of the building and enfeoffment of the Vicarage house, temp. Henry VI and another deed relating to certain church lands in the common fields, dated 1 June 1628.

Volume II is, like the above, a parchment book in a flexible binding, and consists of eighteen leaves, measuring 12.5 by 7.75 inches. The leaves are many of them loose, but otherwise it is in good condition, though in places the ink has faded.

Volume III is, like the last, of parchment, and contains the Marriages from 1705-41. It has 26 leaves and two small portions of leaves, and measures 14 by 6 inches. The handwriting is in places peculiar, and here and there much faded.

Volume IV is, like the last, of parchment, and also resembles it in having a stiff cover. It contains but few Marriages, 1742-54.

Volumes V and VI are official folios, of paper.

The manors, hamlets, etc., of Quinton Parish are Admington, Meon, Over and Nether Quinton, and Radbrooke, all of which will be found mentioned in the Register.

The Marriages have been transcribed by the Rev. J. H. Bloom, and are now printed under his supervision by permission of the Rev. Edmund Cumberland, vicar.

Marriages at Elkstone,

1592-1812.

Note.—The earliest Register commences with a baptism on April 7, 1592, and concludes with list of overseers and churchwardens for 1685. For the most part the entries have evidently been made with considerable care, though towards the end the writing falls off. The book is not bound, and has been grossly ill-used, many pages being torn out. Many of the early entries are now hardly legible. This book contains sixteen pages.

The second Register begins with a baptism on July 24, 1685, and concludes with a burial on May 10, 1728. The writing on the whole is fairly good, and the book is properly bound, and has been well preserved, though one page is mutilated. There are thirty-one pages. At the end of the book there are entries of various collections, for special objects, made on receipt of a "brieve". A collection on July 15, 1689, on behalf of Irish Protestants, realized 28/- in good money, and "one groate in crackt and suspicious money".

The next Register, properly bound and kept in a methodical manner, commences June 1729, and concludes 1794, though in 1754 a separate book with a proper printed form is used for marriages.

These marriages have been extracted by the Rev. R. H. M. Bouth, rector, and are now printed under his supervision after collating in proof with the Register.

Marriages at Ebrington,

1653 to 1812.

Note—The six volumes containing the earlier Registers of Ebrington are of interest owing to entries relating to the families of Keyt and Fortescue, who were lords of the manor.

Volume I contains Baptisms and Burials from the 9th of Elizabeth till the Commonwealth (the five pages which probably contained the Marriage entries are cut out). The Book has no cover, but consists of 30 pages of parchment.

Volume II is a paper book of 16 pages, with 2 blank fly leaves at the end. It is bound in parchment with brass clasps, but now fastened with rough leather thongs. It is very much injured by damp. It contains entries of Baptisms, Burials, and Marriages 1653-1680.

Volume III is a parchment book of 43 pages, with a cover of the same material. It contains all entries to 1739. Volume IV contains Weddings up to 1754. Volume V from 1754 to 1803. It is a parchment volume, the entries being entirely in writing. The succeeding Volume VI is the folio of printed forms and extends from 1804 to 1812.

These extracts have been made by the Rev. J. H. Bloom, with the consent of the Rev. W. J. Guerrin, vicar, and are printed after collation with the originals.

Volume I.
The Register Booke of the Prishe of Ebrington begininge ye 7th day of September in the 9th year of our Soveraine Ladie Elizabeth.

[The five pages containing the Marriages have been cut out.]

Marriages at Stinchcombe,

1583 to 1812.

Note.—The Registers of Marriages solemnized at the Church of St. Cyr, whichanciently was a chapel-of-ease to Cam, have been transcribed by the Rev. R. C. Lynch-Blosse, Vicar of Stinchcombe, and are now printed by his permission. The transcription has been collated with the original, and also with the Bishops' transcripts at Gloucester, for the sake of greater accuracy, by the Rev. W. Symonds, Vicar of Frocester.

It is necessary to add that part of the Stinchcombe Marriage Register was issued in Vol. II. At that time the Register for the period 1754-84 was missing. The publication of the remainder drew attention to the loss, and through the inquiring of a Correspondent the missing Register has since come to light. Under the circumstances it has been thought expedient to print the whole register together in this volume.

[Note.—There are no Marriages entered for 1754. The Marriages from 1755 to 1783 (inclusive) are entered only in Vol. II. There is a double register of Marriages from 1784 to 1812 in Vols. I and II, but the entries of these in Vol. I are rather imperfect. Vol. I contains all the Marriages from 1583 to 1753 (inclusive), and, as stated above, most of the Marriages from 1784 to 1812. It would seem from the writing and style that the entries in Vol. I from 1784 were made by the Clerk, and those in Vol. II from 1755 to 1812 by the Curate or other officiating Minister.]

Marriages at Weston Birt,

1596 to 1812.

Note.—Volume I of the Weston Birt Register is quite sui generis on account of its modest size. The tiny book, which measures only 9 1/2 inches in length by less than 3 1/2 in the breadth of its parchment pages, excited the interest of the late Sir John Maclean, F.S.A., who had it nicely rebound in 1887. The date on the cover is stated to be 1594-1650. On the first leaf are some personal notes, perhaps recording the dates of Birth or Baptism of the Rector's own family, ranging from 1573 to 1585. On the reverse side (fol. 1b) is this entry:

“Memorandum that I was baptized the 10 of April Ano Dom 1575, my wife the 4 of March, 1579.”

This has given the impression that the Register commences in 1575, which is obviously incorrect.

In the Parish Register Abstract, printed by order of the House of Commons 2 April, 1833, as quoted in Gloucestershire Notes and Queries, part xxvi, p. 115, the entries are said to commence in 1611. This is also contrary to the fact.

The entries really commence on folio 2 with the year 1598, but on the reverse of this leaf (fol. 2b) are entries of 1596 and 1594 mixed up with those of 1598 and 1599.

It seems likely that the book was bought in 1599 and that the entries of some previous years were written into it from existing notes. Unlike many registers it has no proper heading at the commencement. Baptisms, Marriages, and Burials are entered throughout as they occurred, without any distinction of place in the book. The handwritings are small and clear throughout, and fairly easy to decipher.

Volume II is a book of parchment pages, nearly square in shape, bound in leather. There was a praiseworthy attempt on page 6 to keep the Marriages distinct for a few years, but the whole book is of the roughest order of registration, and indeed is quite a curiosity as a specimen of how not to keep a register; as, e.g., a Rector thus records his own Marriage:

1696. “Samuel Broadhurst, Clerk, and Rector of this Parish married May ye 4th.”

We may conclude that his wife's name was Grace, as on the 6th July following occurs the burial of “Grace, the wife of Samuel Broadhurst, Rector of this p'sh.” On 15 April in the year next following is recorded Mr. Broadhurst’s 2nd marriage to Lydia Hinton.

GLOUC.—VI.
The Rev. John Jackson speaks pathetically of the two volumes of the Registers of Weston Birt coming into his possession 5 February 1702-3, "miserably torn and confused." It is, however, to be regretted that Mr. Jackson was not himself a very clear or orderly registrar. The volume contains entries from 1654 to 1733-4 with many omissions. Mr. Jackson, who was educated at Queen's College, Oxford, afterwards became Rector of Uley.

Volume III. A register of the usual shape, with parchment binding and leaves, contains Baptisms and Burials from 1734 to 1812, and Marriages from 1734 to 1753 inclusive. The Marriages in this volume are among the entries of Burials and Baptisms.

Volume IV, a smaller book than the preceding, contains parchment pages, and is bound in leather. The entries are of the usual form prescribed by Lord Hardwicke's Act, but the formal part is all written throughout. The entries consist of Marriages only, 1734–1811. This transcript has been made by Rev. W. Symonds, Vicar of Sherston, and is published by permission of Rev. David Kitcat, Rector of Weston Birt.
