"Some people do not seem to know from whence they came,
    Just Pa and Grand Pa........
Many do not know the way ahead,
    Just Day to Day...........
My work may help you with the former,

Introduction and History

Introduction

We present here some information that we hope will give you some ideas why we are presenting to you this comprehensive family record of our progenitors. We hope you will enjoy the fruits of our labors.

Why we wrote this Book

After 30 years of teaching in the Virginia classrooms, the compilers decided to retire and spend their remaining years doing some of the things that we always wanted to do. Floyd had some difficulty with his back and took early retirement. This resulted in a slight handicap and has limited our physical activities somewhat. We have gotten interested in family history and research.

The first project was to research the Mason family and in 1986 we published our first book, "John Mason and Mary Ann Miller of VA". We then rewrote the "Ziegler Family Record" and published it in 1990. While doing this we kept files on many other families that we found the family related to. Our curiosity got the best of us and we began to add to these families. Having families that lived in the Shenandoah Valley of Virginia, we found that these family lines married into each other about every third generation. So when you have a record of one family you often have a record of many families.

After publishing the family book of my father, the Mason Family and then rewriting the family book of my mother the Ziegler Family, we plan to continue publishing other family lines as time and resources permit. Looking at many lines of our immigrant gggg parents and finding that the books written on their lines are out of print, need up dating or don't exist at all, we have decided to spend our efforts as writing some of them.

In these times when there is a lot of stress on family relations, the writer is dedicated to activities that will hold up the family-at-large and help our youth see them as "Models" or "Heroes". We have a rich heritage, one in which we can take a lot of pride.

We have tried to keep our expenses minimal and still present enough information to make you proud of your rich heritage. We write our information in a family tree form using the Henry numbering system. You can easily move from generation to
Henry & Margaret Knave Family Record
Introduction and History

generation with this system. Some will wish we had given more information, such as marriage dates, day and month of birth. In some cases we found these but in the effort to keep the book expenses down, we left out some details. We used the year of birth with our numbering system. It was important to establish the order of birth. In some cases we did not know the year and therefore they may be out of order.

Mistakes

We started out with the previously printed books and then added information that descendants sent us. Much of it was original information submitted on forms that you filled out. We have copied it as we found it but had no way to check the information to see that it was right. It is the best that we could do. We acknowledge that we have made some mistakes and have proofed and reproofed it to get them out. If you find that we have the information incorrectly recorded, we beg your forgiveness. When we found the information given two different ways, we often gave you both ways, like born 1940/41.

It has been a joy to work with this project and to learn to know so many different connections, many that we never dreamed existed. We found that those who worked the most on the project experienced the most joy.

We hope you find our work exciting and that you will help us spread the good news.

If you have been blessed with good fortune, please support the project by buying a few books and giving them to those who are living on limited budgets. A book of one's family makes a very nice gift. Thanks.

How to use the Henry Numbering System and the Index.

We suggest that you start with the index and look for the person that you seek. In some cases you will find many by the same name. In these cases we suggest that you look for the wife by her maiden name. This should take you to the page where they will be if this is in the family tree section.

Once you have found your person, you will likely find them as parents. Look back one generation, using the same number and you will find them listed with their parents.

In some cases they might be listed as children without a + by their number. This means that they were not carried to the next generation for some reason. When a + is given in front
of a number, look in the next generation for the same person and wife or husband and their children. Using the same number, you can move up and down the generations to find one descendant line or family tree.

Here is an illustration in which we take two cousins' numbers and show their relationship. Place number 2 7 sis/bro at the top and the next number is a brother/sister relationship. From there on they are cousins (coz).

...very easily done....works for anyone...

11B25 David Cochenour Jr.
11B7E John Samuel Neff - Carpenter
were 1st cousins ........Here's how.

Try it.....it's fun.

Numbering System

We have used the Henry Numbering System, revised.

The numbering system used gives the reader the generation and the child's number in each case. #11B7E would be the number of John Samuel Neff and Martha A. Fitzwater. The spouse has the same # as the descendent. You will read it as follows, 1st. Column is the 1st. Generation. The 2nd column is the 2nd Generation, etc. A = 10  B = 11 and so on.

The # in that column is the 1st., 2nd, etc. child of the previous child and so on. You will understand this as you begin to use it. The # is used twice, once in the gen. as the child and again in the next gen. as the parent. The + is given if the child is carried forward to the next generation using the same number.

OUR NEFF FAMILY

This writer is a compiler which means that much of our work is taken from the records that others have written. In preparing this line we have used records that we have had for years in our family files. In 2001 we found a file on the Internet which we have added to help us separate our line from other Neff lines from Switzerland. Jim Hughes <> gives credit to Mrs. Frances Naef Hardy's Grandmother's Family Record Book brought from Switzerland and researched by Swiss Genealogist Julian Billeter. Mrs. Hardy is from the (AD) line of the Neffs and lives in South Jordan, UT. We have entered information from his record into our record. We have not used all of it and have made some additions and changes.

OTHER NEFF LINES

The writer has been in contact with John F. Murray of Kouts, IN and some of the writers in the Neff News Letter. He has not read all the News Letters but is familiar with the work by John F. Murray. He tries to puts all the Neff Families into one document. We recommend that you study what they have written. There are many lines out of Switzerland, Germany and other countries. He includes our line in what he call the Q line. The writer has found the lines of Dr. John H. Neff and Dr. Francis Neff that came to Shenandoah Co., VA from PA about 1748

living in the same VA area as our line. These descendents are
found in some of our other books.
Some Early Pictures of the Family

Early Picture were not found by this family member. We begin with Martha McMullen and Henry Mason. The writer was one year old when Henry died. We have a picture of me sitting with him in a four generations picture. Martha had died in 1916.

THE JOHN MASON HOMESTEAD

Broadway, Virginia

The John Mason Homestead

The above picture is a drawing of this old homestead that was torn down in the 1930's. We had pictures of a part of it and had to rely on our memories for the artist who made a drawing for us. You can locate it on the map as it lies on a small farm just across the road from the Cedar Run Church of the Brethren and the cemetery where many of the family are buried. Here John Mason had a wagon shop where he built and repaired wagons and farm impalements. Here he raised a big family. Many of them moved to IN, OH, MO and IA before the Civil War.
Area Map

In order to show where certain family members lived in the northern side of Rockingham County, VA we have drawn a Map for your use. We believe that most of our Nave ancestors lived in this area. The land area that can be located is on or near Fort Run between Timberville and North Mountain. John Mason, s William Mason and Barbara Cline moved from Runion's Creek North of North Mountain to land across the road from the Cedar Run Church of the Brethren about 1880. Henry and Martha Mason lived on a small farm adjoining his father where he operated a blacksmith and carpenter shop.

11B815 Joseph Marion Mason b 1873 d 1957 m Hannah Margaret Hiser b 1872 d 1959, da Noah Hiser & Susan Ritchie. They were born near Broadway, VA where he was a blacksmith. About 1898 they bought property from R. F. Nair in Cedar Run near the Cedar Run Church of the Brethren. This was near where his father and grandfather lived and operated their shops. Both of them were wagon makers and had shops where they made and repaired farm equipment and industrial supplies. Here they built a new house using the old one and he established a blacksmith shop. They lived here until 1910 when they sold this and moved to Mayland, VA. Here he was a blacksmith and general farmer. They lived here until Mar. 30th 1921 when they sold and moved to Belmont, VA in Spotsylvania, Co. on a 284 acre farm that they bought March 1921 from Amos & Carrie Altman where they farmed and lived the remainder of their lives. They are bu at Ceder Run Cem. near Broadway, VA. ChB

11B8151 Russell Earl Mason b 1894 d 1962 m Mary Pauline Zigler b 1891 d 1978, da John P. Zigler & Sarah Andes. They were born near Broadway, VA. He was a carpenter and a farmer. He grew up at Broadway and Mayland, VA. They moved to Belmont, VA 2-19-1920 and March 1920 bought a farm of 100 acres from W. W. Cox. He and his brother Luther owned and operated the farm as "Mason Brothers" until about 1939 when they returned to Broadway, VA. They moved to Bridgewater, VA Sept. 1941 and managed the Bridgewater College Farm. They moved in time for the children to begin the school year. His contract with the college began Jan. 1st 1942. He went back and forth to his work in Broadway and the children began helping the previous manager, Maynard Seehorn, with the milking upon moving. Russell developed heart problems and they moved back to Broadway March 1945. 1954 they bought the George B. Holsinger house and moved to Bridgewater again. He worked for the maintenance department at the college until retirement. They are bu at the Fairview Cem., near New Market, VA. ChB
