In Burke's General Armory of Great Britain are described the coat of arms of no less than twelve families of Hintons. The name was sometimes written Hynton. The arms of the Hintons of "Earlscott" and "Chilton Foliot!"
The compiling of a second edition of Hinton History is due to interest in the history of our family and the related families. A vision and desire to gather together all the records which might otherwise be lost, in the hope that they may be helpful to future generations, was accomplished through you.

This volume will be devoted to the disassociated Hintons at the time of publication. These Hinton families are symmetrically listed from the start of the line to the end. We are in hopes of allocating each line to the early Hintons of the past. The line we have descended from is of no significance because it is believed that all Hintons/Hintons' Hintons' lines go back to the Hintons of early England. As you can see, we are distant kinsman. Let's try to work towards a common goal, that is working together, to correlate all the links and produce one homogenous association of the Hinton lineage. Listed is all the data we have been able to compile on each line. Would you help us connect these lines to the main stream of the Hinton lineage.

It is our intention to be able to correlate this data more appositively by the printing of this book. In order to keep this material systematically organized, we will number the different lines consanguinity as we received them.

Any family history is like a great body of water, each drop helps. The history of a family is not compiled by any one person but by numerous individuals over the generations, who have contributed their bit of information.

Many persons have given invaluable information on their individual lines, others have assisted in the research and audit of all the lines. To list but a few who have given much time and money to make this book come true for use by all: Reverend Paul Jakes, Dr. Owen Hinton, Dr. Onida Fay Paul, and Dr. and Mrs. Ray Edwards, Mrs. Phyllis Queen.

It is hoped that the publication of this book will provide a stimulus to its readers so that, as a result, sufficient additional information will be supplied to warrant the publication of another edition in the near future. Undoubtedly, some of the lines have only limited data and can be amplified with present information already available from members of that line. Other lines may not be listed because the data was not available at the time of the printing. Please send any additional data you have to the undersigned for future use.

Born July 23, 1929 in McLain, Mississippi, into an average family. Joined the United States Air Force July 10, 1947, served over 20 years in the defense of his country, retired at the young age of 38 years. Saw a challenge in writing a book to cover all Hintons throughout history.
All the money received from the sale of this book will be spent for further research, printing, mailing cost and other general expenses. No money will be spent on labor or obtaining information.

We are in need of researchers and data gatherers. Each one of us owes some of our time to this project to preserve the Hinton and Related Families History for posterity.

Since the descendants of this large family - Hinton, Hentune, Henton and Hynton, as it is sometimes called - are to be found in all the United States and in many countries overseas, the writer takes this opportunity to thank all the nice people who sent him information.

This book was compiled only after much research was done by many people, the pieces of information were then reviewed as received and valid information placed in the Hinton Data Bank for the use by anyone. To list a few sources that were used as reference data during the actual preparation of this book is as follows:

Volume I covers the Early English Ancestral Records and all lines that have proven ties to the early Hintons at the time of this publication.

Volume II will be devoted to the disassociated lines with no proven ties to the early English Hintons of 1066.

There are enough recorded facts from the time that the two brothers, Eruald and Ulbert Hynton, came to England in 1066 in the company of Geoffrey de Nagnavil of Normandy and fought at Hastings with William The Conquerer to prove this data. Later they both received land grants as promised in Northamptonshire at Donneman Day Survey in 1070; down to the adventurous life of Dr. John Hinton, son of Sir Thomas Hinton, the faithful friend and servant of King Charles I and King Charles II.

The name of Hinton, in England stands as high for bravery in battle, fidelity of trust, eminence in literature, as that of any family of commoners, that England has produced, and in this country they have steadily maintained their respectability, and have proved themselves, in all their different lines of work. Both the male and female have proven themselves useful and honorable citizens.

The Alumni Catalogue of Oxford shows (26) Hinton graduates from 1500 to 1714; the most prominent being Dr. Sir John Hinton, Court Physician to Henrietta Maria of Orleans and her son King Charles II; Sir William Hinton, Arch Deacon of Coventry; and his son Samuel Hinton, D.G.L., the scholarly Dean of Litchfield.

The word "Hinton", in Anglo Saxon, means "old town"; and is given to at least a dozen different parishes in England. The Family of Hinton, however, took its name originally in the early 1500's, from Hynton-Sutton, or Hynton-Brackley, as it is variously called, in the north-eastern part of Northamptonshire; and Hynton-Woodford in the north-western part. The Hynton-Henton-Hentune-Hinton people were known in the past as a great, adventurous people with large families, a fighting "Viking" type people who knew what they wanted and were willing to fight for it. Also this lineage has a greater percentage of doctors than the average family line. The answer to this may be due to the emphasis placed on education by Sir Thomas Hinton and his son, Dr. Sir John who passed this emphasis down through time. Education is the easiest way to get ahead, it also has been considered the greatest status symbol of all time.

BATTLE OF HASTINGS - 1066

A little about the Norman people. It is said they came from a little country on the French coast named Normandy. Previous to this, it was also said the Normans came from the lowland countries of Europe. Better known as the "Norsemen" or "Vikings", at one time they were also known as "The Sea Kings", a term which is applied to a man of royalty, who took by right the title of King when he assumed the command of men of lesser power. These men were Scandinavian adventures who, by daring, hardihood and endurance fought their way to thrones, establishing kingdoms, principalities and dukedoms in all parts of Europe and as far east as southern Russia and as far west as Great Britain.

The Battle of Hastings in 1066, commonly called "Conquest of 1066" had the most important influence on the Saxon manners, language and the present English Constitution, which had hitherto escaped with little change and is, therefore, one of the most important epochs of the great English history. This battle, even though it was of short duration, had a great impact on changing the world we now live in.
According to history, this battle was very well planned, and each man was to receive land or money as an incentive to fight. William the Conquerer promised each leader a large land grant in England, if they were victorious. This was an extra incentive to the leaders to push the warriors to their fullest extent.

A few facts about the battle itself. The Norman Conquest of England was only one very short battle, called Battle of Hastings. It was fought on October 14, 1066 on Senlac Hill, only a few miles from Hastings, between William, Duke of Normandy and Harold II, King of England. Harold's fortified position was attacked at 9:00 a.m. by the Norman Army in three divisions, strong in cavalry and archers, the center led by William in person. The English made a stout resistance with their battle axes and other weapons, but part of them, pursuing William's fleeing Bretons, the whole body was led into a trap by the feigned retreat of many of the Norman forces. The disordered ranks of the English were easily overborne by their enemies who stormed and carried the hill. The death of Harold, who was pierced in the eye by an arrow about sunset, disheartened his men and they shortly dispersed. Battle Abbey was erected by William on the field where Harold fell and portions of it still exist. Among the literary treatments of the event are two poems by Chatterton. Battle of Hastings grounds are about sixty-four miles southeast of London on the English Channel. William prepared his campaign with great care. At the most, William had 12,000 troops. The battle ground was only an 800 yard front. The battle began with Norman archers opening fire when within bowship and accomplishing considerable execution. A wave of Norman Infantry, however, broke against the shield defense. William then sent in his cavalry, but this, too, broke on the shield wall. In the final phase, infantry and cavalry under archer cover fire made a concerted attack and broke through. This is when, an arrow having pierced Harold's eye, he fell mortally wounded. At that time, William could see that the battle was won because of poor planning by the English. After the battle, William the Conquerer built a one story castle on Senlac Hill to show the world where the Norman Invasion took place. This castle is now in ruins, but you are still able to see its resting place.

A few changes which took place in England shortly after the conquest of 1066 were: (1) a House of Parliament was established in England; (2) The present Judicial System the world is now using was set up by the Norsemen in England; (3) The Feudalism System of rulers was discontinued; (4) Many other great changes were made for the betterment of the world we now live in.

Two Hentune-Hynton men fought in the Battle of Hastings, along with many other Normans, but the Hynton brothers were leaders of the men, serving in the company of Geoffrey de Nagnavil. They both received land grants in Northamptonshire at Donnessday Survey in 1070, in accordance with the promise of William the Conquerer.
The Hinton Family contributed many great and famous people to the world; among these were:

Two Hynton brothers who were among the leaders of the Battle of Hastings in 1066.

Ulbert de Hynton, at Domesday Survey (1070), owned the estate called Hynton-Woodford (240 acres) which was granted to him for his part in the Battle of Hastings. Note: The line of Ulbert de Hynton seems to have become extinct before 1189, as King Henry II granted the Woodford estate to Robert de Hynton, the younger son of Elias, for back taxes.

Euald de Hynton, at Domesday Survey (1070), owned two estates; one in Hynton-Brackly (240 acres), which was granted to him for his part in the Battle of Hastings, and also a (60 acre) estate at Silvertone.

Sir Richard de Hynton, the son of Hugh de Hynton of Hynton-Woodford, was the first Hynton to be knighted. This great honor was accomplished by King Henry III prior to the year 1250.

Sir John de Hynton, the son of John de Hynton of Hynton-Woodford, received many high commissions as early as January 23, 1310 from King Edward I and King Edward II. He was knighted before 1320, appointed Captain of the Counties of Cambridge and Huntington March 25, 1322.

Geoffrey de Hynton the son of Sir John de Hynton III was appointed Comptroller of the Customs under King Edward II. He also had other high offices, was quite a prominent man in the reign of King Edward II and King Edward III.

Sir Thomas Hinton-Hynton (name spelled both ways). The name had been changed in the late 1400's to a more English spelling for political reasons. He was born 1510 had acquired an estate of over 4,000 acres before his death in 1568. He was the largest land owner of Berkshire County. During his life time he held many high offices, such as Justice of Peace, High Sheriff, etc.
Sir Thomas Hinton of Chilton Foliot, knighted by King James I, July 1, 1616, for his valuable services in procuring the King a loan of a large sum of money. He was the largest stockholder of the London Company which founded Jamestown, Virginia. Sir Thomas was the richest commoner during his time. He was High Sheriff of Berks, Commissioner of Wool in the English Parliament and had many other high offices.

Sir John Hinton, 7-10-1603 - 1682. Field Surgeon for the Royal Army, Fleet Surgeon Drake's Flagship Mayflower, Physician to Queen Henrietta Maria and Prince of Wales. His immediate family was given the credit for settling in America - one sister, one brother, three sons and three grandsons, which accounts for 85 percent of all the Hintons or Hinton blood in the United States today.

Mary Frances Hinton, 1601-1675. Married Captain and the first Governor of Virginia Samuel Mathews, 1592-1660, and is the ancestress of the Witherspoons of Kentucky.

John Hinton, 1732. Came to North Carolina with his two brothers in or about 1710 and settled in Chowan County. He was a man of great prominence, wealth and widely spread connections throughout the new world. He was called "Colonel" only because of his power and not because of military service.

Christopher Hinton, 1747. He was born in England and migrated to America. He lived in Amelia County, Virginia where he had a very large estate. Records show he received many land grants. When he died, his land was in the hundreds of acres.

Dempsey Hinton, died 1779. He was a patriot who defended the fort in Wilkes County, Georgia and was killed by John Anderson. He and his brother Leroy who was killed in battle were one of the first in Georgia with the name of Hinton.
Colonel John Hinton, he was a colonel in the Revolutionary Army when a colonel was the top brass. At that time, the colonies, as a whole, were only blessed with a very few. He fought in the Battle of Alamance, May 16, 1771 and was cited for bravery by the Governor of North Carolina. He had a large plantation in Wake County, North Carolina.

Malachi Hinton, 1730-1808. Had a large plantation in Wake County, North Carolina. He was called upon many times to pass judgement on civil matters, even though he was not a judge. He was well thought of and was also known as a fearless man.

Mary Hinton, married Lieutenant Colonel Joel Lane, 1746-1795 who later became Honorable Judge of North Carolina. He served as a Lieutenant Colonel in Colonel John Hinton's outfit, served as a member of North Carolina Legislature for 13 terms, founded Raleigh, North Carolina.

Robert Wood Hinton, 1850 - . He and his three brothers settled and founded the town of Lumberton, Mississippi in 1883. They called the settlement Lumbertown because they were sawmill people, cutting the virgin timber for their livelihood. The town name was later shortened to Lumberton.

Jesse Hinton, settled in Perry County, Mississippi. Came to Mississippi in 1812; one of the first in Mississippi. He was the progenitor of the Hintons in Perry County, Mississippi.

Thomas E. Hinton, 8-15-1843 - 11-21-1918. He was in the Civil War. He was a great story teller of his war experiences. He shot and killed at least one Yankee and maybe many more. He returned to his home in Perry County, Mississippi where he had an estate.

George W. Hinton, Was a member of Napoleon's private bodyguard. Came to the States about 1817 and settled in Alabama.

Mrs. I. G. Conklin, Was a Hinton and married I. G. Conklin. Settled in Hinton, Oklahoma, which was named after her. Her husband was Vice President of The Rock Island and Illinois Railroad.

Harold H. Hinton, The Hinton Rural Life Center located in the southeast corner of North Carolina was given to the Methodist Church by his wife in memory of her husband, Harold H. Hinton.

Dr. Onida Fay Paul, Living. A Doctor of Music at the University of Hawaii. She originally came from Alabama. She is considered the "Keeper of the Keys" for the German line of the Hintons in the United States. Her grandfather was George W. Hinton, Napoleon's private bodyguard.

Dr. Joan Chase Hinton, Living. Born approximately 1922. She is the only living American scientist, male or female, who holds the questionable distinction of having helped make atomic bombs on both sides of the Iron Curtain.
Jesse Hinton was born between 1755-1771 in North Carolina (maybe Johnston County). In the 1790, 1800, 1810 census he was listed in Johnston County, North Carolina. His parents are not known at this writing, but it is believed he was part of John Hinton Line, or William Robert Hinton, son of Thomas. He could have come from the William or James lines, the brothers of John. To list a few that could be his father; Aaron whose father was James, Amos the son of James, Cador son of Jonas, Hardy the son of James, Jonas the son of Jonas, John whose father was James, John the son of Jonas, Jacob whose father is unknown, Colonel James the son of Col. John, Micajah and Noah the sons of William, John another son of William, Jonas the son of William, Micajah Jr. the son of Micajah, Mallacie the son of Hardy, Reuben another son of William, Rubin the son of Jacob, Robert whose father is unknown, Solomon a son of Hardy, William the son of John, William the son of William, William the son of Hardy, William son of Jacob, or Wimberly the son of William or maybe someone else. Help is requested, all resources have been expended. Jesse applied for a passport to go into Georgia via the Indian nations to the western country. The Governor of Georgia granted this request on Thursday, January 2, 1812. He went with his wife and six children, also a Bridges O'Neal his wife Mary (Polly) Hinton, their five children and their three negro slaves. This Mary Hinton must have been Jesse's sister but no proof. The O'Neals settled in Alabama and Jesse's family went on west to Mississippi to settle in the part of Green County, that later became Perry County. It has been told that Jesse fought in the Indian wars of the early 1800s after he settled in Mississippi. It is also told he was in the battle at Mobile, Alabama. When the Indians burned the town (now city), no record of this has been found for proof other than hand-me-down family information, but I am sure it is true. The people of Perry and Green County, Mississippi traded in St. Stephens, Alabama for supplies required. Later a Mr. Bartlett brought a trading boat up the Leaf River. He made a lot of money, he buried several thousand dollars in Spanish Coin south of old Augusta, he died without telling anyone the whereabouts. It was found in 1854 by Allen Hinton. Jesse Hinton died between 1835-1836 and his wife lived beyond the 1840 census. She lived the last years of her life with her son Robert the oldest. Jesse and his wife Sarah are buried on the Leaf River (Joshua Bluff) just north of Beaumont, Mississippi, where he had settled. Many people worked hard to gather this information. Each person will be listed under their part of the line but an overall thanks goes out to Dr. Ray and Pat Edwards, 1132 Springwood Drive, Napa, California 94558, who helped with the research.

The following data is known of the line of Mary (Polly) Hinton the sister of Jesse. (It is believed) Hinton. A Mrs. J. E. Thieke, 5525 Concord Road, Beaumont, Texas, 77708, supplied much of this data through her research. Mary was born in North Carolina and married in Johnston County, North Carolina. They had at least six children if not more. The passport dated January 2, 1812 stated they had five and it is assumed they were all born in North Carolina. Then they had at least one more who was Dr. Gilbert who was born in Alabama. No data is known of the first five at this time.

Thomas was born in Wingate, Perry County, Mississippi. He enlisted in Co. "F" 17th Cavalry as a Private January, 1863. Later was in Co. "D" 9th Cavalry. His co. surrendered at Meridian, Mississippi in May, 1865 at the war's end. Was paroled 23 May 1865 to return home to fight no more. When he came home he found Yankee troops occupying his home town of Old Augusta. The towns people had moved out of town a ways and set up a new town calling it New Augusta. Thomas even more so than the others was very sick of this war, where brother fought brother, and the kin was being killed on both sides. He packed his belongings and moved west of the town about ten miles, applied and received a land grant. He married a war widower with four children. Before her first marriage her name was Brelend. He was quite a story teller in his later years of life. He said when he joined the war the South was out of horses so they gave him a mule which was slow; therefore, he was always behind the rest of the troops, which he owes his life to the slowness of the mule. Also he states he killed at least one Yankee if not more. Before he died he divided his estate up (for tax reasons) and gave to his children and their children. A note of thanks goes out to Mr. Corbett D. Hinton, Beaumont for his vast knowledge of Hinton data. Also many others spent many hours of research and work; Mr. & Mrs. Herbert O. Kittrell, 6408 Hastings, St. Metairie, Louisiana 70803; Mrs. Bessie Hemeter, New Augusta, Mississippi; Mrs. Wert Green, 133 Stillwood Drive, Jackson, Mississippi; Mrs. Bernice Sheffield, Route 4, Box 320, Beaumont, Texas 77705; Mrs. D. A. Lott, Route A, Box 202C, Wiggins, Mississippi; and many others. Their children were all born in Perry County, Mississippi.

Theodosia Mixon (B)15-12-1871 (D)9-4-1935

William's full name was William Thomas Lazrus Jackson Hinton. With a name like that he could have been named after many different people. Was born in Beaumont, Perry County, Mississippi. Raised and died there, is buried in his father's graveyard with his wife and other Hinton kin. Theodosia was born in Bendale, George County, Mississippi. Her father was Aaron J. Mixon. They were married on the gulf coast in Jackson County, Mississippi by Rev. G. W. Byrd. She was part Indian it has been told. He received a land grant close to his father's estate. The grant was signed by President William McKinley. It has been told that he was butchering his yearly supply of hogs in late October 1910, it was a cold rainy day and he started early in the morning with many others helping him. When he finished it was way in to the night. He was wet and tired so he threw himself across the bed to rest a minute since dinner was not ready because his wife had been helping with the fresh meat also. Needless to say he caught cold which later turned into pneumonia. He never got out of the house again until his death about two months later. Leaving his wife with eight young children and one child not yet born. His oldest son Aaron was only (14 years) of age.
He had to take over the estate for many years that his father left. Because of this he never completed high school, but because of this hardship he became an outstanding manager and a self educated man. During World War I he enlisted in the Navy. He later settled in Texas to become a large home builder of the west. William's children were all born in Beaumont, Mississippi except the oldest girl which was born at her father's home in Bendale, George County, Mississippi.

(D) 17-2-1912

Susan was born in (Wingate) New Augusta, Mississippi, married her second cousin who also was born in the same town. They moved east of the river and set up a complete new settlement called Hintonville. He owned all the land around, through a land grant he received. He gave some land to the railroad for a depot, therefore, the settlement was called Hintonville, Mississippi. Jeptha built a large wooden boarding house to handle the traffic from the train. Many saw mills moved in, but as soon as the timber was all cut they moved on, and the town died as many others did. Now it is just a farm community. Their children listed all born in Perry Co. Mississippi.

Blakely was born in North Carolina and moved to Perry Co., Mississippi in 1812 with his complete family. He married a girl first name Mary who was born in South Carolina. It is believed they were married in Mississippi around 1822. Blakely moved north some five miles from his father's settlement and settled on Coleman's Creek. He had three sons who fought in the Civil War. Two of which died while fighting the war. They were Hugh who joined Co. "H" 7th Infantry. Enlisted as a Private 26 August 1862 at Enterprise, Mississippi. Was wounded and sent to Chattanooga Hospital 14 November 1862. Due to the bad reporting of troops during the Civil War, he was reported a deserter even though he was not. Hugh died 21-2-1863 in Tallahomce, Tennessee. The Army paid his family $5.00 back pay. Death Certificate No. 7152. Blakely, Jr. also joined Co. "H" 7th Infantry as a Private 26 August 1862 at Enterprise, Mississippi. Was wounded and sent to Chattanooga Hospital. It appears Lena Mae from the 2nd family should be with the first family because his first wife was named Mae. Also, Ruby should be with the 3rd family because the wife is named Ruby. Since the second Nathan may not exist, he may not have had any children by that wife. This is being checked out.

**NUMBER (8)**

George Washington Hinton lived in and around Alabama. It is believed that he descended from the Thomas Hinton line either the Christopher branch which came from Virginia to North Carolina, South Carolina, Georgia, Florida, Alabama, Louisiana, and Kentucky or Vachel Hinton whose line went from Maryland to Kentucky, Tennessee, Alabama, Indiana and Illinois. It was first believed this line was unique and descended from Germany but after much research, no proof can justify this family belief. Dr. Onida Fay Paul 5710 Haleoia St., Honolulu, Hawaii 96821 took over the Hinton reigns from her mother after her death.

For many years he taught in the University of Minnesota, finally moving to Washington D.C. and working in the U.S. Patent Office. He died in Washington D.C. and left a will (Reference Book 37 page 1h57/H). He had four sons: two died at an early age. The others were: George moved to Mexico as a Mining Engineer; Sebastian Hinton and his wife founded a school in Putney, Vermont, which is still in operation. NUMBER (11)

This line is from England and went to Canada. William Wiseman first married a girl named Mary Hinton. She was the cousin of Esther Hinton. She had at least one child if not more, dying at an early age. William also married another Hinton for his second wife, this time Esther. It is not known whether this line came from England then to Canada or vice versa. Listed are the two families of William Wiseman and both Hinton girls. Many hours were spent in research on this line by Mrs. J. Stanley Brown, 271 Wolfe St., Calgary, Alberta, Canada. It has been told the first Hinton girl came from a very rich family in England and William was the gardener. They fell in love and ran away to the new world with her cousin Esther who later married William.

Ellias Hinton was living in Virginia February 16, 1623. He must have been working for Sir Thomas Hinton with the founding of Jamestown, Virginia.

NUMBER (15)

Veitchel was born in Maryland in the early or mid 1700's and came west to Washington County, Kentucky. It appears he was married in Maryland and had his first family then married again in Maryland because John Hinton, the son of the 2nd marriage was born in 1790 in Maryland. We feel he is one of the grandsons of the Thomas lineage that started in Maryland and went west. The research on this line was assisted by Mrs. Henry C. Gardner, R. R. h Box 11, Scottsburg, Indiana 47170, also Mrs. Sue Henry, 7037 N. College, Indianapolis, Indiana 46220.

George Henton, the first of the name in America who settled first in Berks County, Pennsylvania in 1717. He died in 1748 in Olney, Berks County, Pennsylvania. He came from the south of England and obtained patent to land in Philadelphia County, Pennsylvania in 1720. His wife's name was Persis Boone, the daughter of George Boone and Sarah Uppery which were born in Devonshire, England. Many Hentons still remain in England. But the name (Henton or Hinton) is written both ways, more so in the olden days when spelling was phonetically spoken. This line has intermarried with the Daniel Boone and President Abraham Lincoln lines. Other details of this line are listed in: Collin's History of Kentucky, Conquest of the West, and Kentucky's Historical Society, to list but a few. A note of thanks goes out for the fine research accomplished by Mrs. Marjorie C. Regan, 32% N. South, Wilmington, Ohio 45177. Boone Association of Missouri, Mrs. C. C. Callarman, 2111 - 11th Ave., Canyon, Texas, and many others. It is believed their children were all born in Pennsylvania. The name will be spelled Henton throughout this line even though many of these people now spell their name Hinton.

1. Rev. William Henton (B) -1718 (D) -1779 (M) Mary Jones (B) (D)

Rev. William died in Rockingham, Virginia, leaving a will dated 17-12-1779. Mary was a member of the old Smith creed, Baptist Church, Virginia. It is believed that is where Rev. William served God. She died in Rockingham, Virginia leaving a will dated 13-5-1787.

2. Evan Henton, Sr. (B) -1755 (D) 2- -1781 (M) Mary (?) (B) (D)

Evan was a soldier of the Revolution. He was killed by the Indians in an Indian camp, "Waupacanatta," across the Ohio River from Kentucky. Evan was a close associate of Daniel Boone. In Harrodstown, Kentucky, Daniel and Evan owned a cabin there while scouting. The cabin was known to all as the "Boone-Henton Cabin." This cabin was burned in 1777 by the Indians. Later they owned adjoining plots of land where they built their homes to raise their families (Reference Smith's History of Kentucky). Evan first came to Kentucky about 1774.

Ezekiel may be part of the Thomas branches that moved into Kentucky, Ohio, Indiana, and Illinois. Ezekiel and Mary Jane came to Ft. Dodge in 18(?), and operated a general store, also a saw mill. They built the first frame house on his farm west of Livermore, Iowa. They built a large grist mill on the Des Moines River just south of Livermore, which the floods came one spring and washed it away. His first wife died of cancer so he married a girl that worked for him. In 1870 she and his child (Chester) drowned in Lott's Creek which was on the farm. He was born in Licking County, Ohio.

All the children were born in Livermore, Iowa. Much of this data was provided by Mrs. Marilyn Hanson, 1308 N 12th St., Estherville, Iowa 51334.

Born in Delaware County, Ohio.

General Otho Hinton was born in Maryland, married a girl who was born in Pennsylvania. The census of 1850 listed him in Delaware County, Ohio.
The Delaware county history list him as very powerful. His relatives owned the hotel "Hinton House," the largest in Ohio in 1816. Gen. Hinton commanded a brigade of troops which consisted of artillery, light dragoons, infantry, and rifleman. During the Mexican outrages and later the Mexican war, he sent many correspondence and messages to the President (James K. Polk) and Secretary of the War. He later became the Commanding General, 2nd Brigade, 13th Division, Ohio militia. His Aid-de-camp was Major E. L. Hinton (unknown at this time). His son Edgar joined the Army in St. Louis, Missouri, with Col. Doniphan's expedition to cross the plains and go into New Mexico. He later went to Boston and signed on a vessel bound for India. He returned home and later went to San Domingo where he died of yellow fever. The county history shows Gen. Otho as being born in Maryland but came to Ohio from Virginia in 1810. He is listed as a large land owner, stage coach owner and had many other businesses in and around Delaware County, Ohio. All the children were born in Ohio.

Many hours have been spent trying to connect this Thomas W. Hinton to any early line. At this writing some last minute information was received to make the writer feel that this line must be part of the George Henton line Number 17. In the early 1800's they were listed in Indiana as Henton. The 1850 Ripley County, Indiana, census listed Levi, son of Thomas, as Henton. Many of John's (son of Thomas) line today still use the last name as Henton. Many others in the late 1800's changed their name to Hinton for reasons unknown. Therefore, just as a matter of tracking, this line will be listed as Henton/Hinton. In this way, it can be tied to the early Hentons faster.

A note of thanks goes out to Mrs. Florence Ondler, 1410 - 2nd St. S., Coggon, Iowa; Harold Henton, Wichita, Kansas; Dale E. Hinton, 1125 - 7th Place, Wasco, California 93280; Earl L. Hinton, Walker, Iowa 52352, and Marion Ayker Chiarello, 11,111 Kenmore Ave., Buffalo, New York 14216.

John Hynton was born in Bichester, Oxfordshire, England and had Abigail Hynton who was also born there. She married William Averill who was bailiff of Chipping Norton in 1634. They moved to Ipswich, Massachusetts, before March 2, 1637. Abigail's daughter, Sarah, was hanged as a witch 19 July 1692, in Salem, Massachusetts. William Averell Harriman is a descendant of this line. William was born 15 November 1891 in New York City, educated at the Yale University. He was the head of various railroads, shipping, and banking enterprises. He entered the government service in 1934. In 1954 he was elected Governor of New York and many other
high offices. The research of this line was assisted by Mrs. Robert McCoy, 3151 Broadway, Grandville, Michigan 49418. All the children were born in Chipping Norton, England.

This Hinton family came to America in the later part of the 18th century from Scotland in a small sail boat with a group of Scotch-Irish-English people. It took many months to make this crossing and many died on the trip. They landed in Virginia. Some of them stayed there and others moved west through the Shenandoah Valley into Tennessee and up into Kentucky, Ohio, and Illinois. Michael Hinton was one of the ones that moved west. He was a school teacher and understood law very well. He was nicknamed "Squire." Michael fought in the Mexican war and his wife received a pension at his death. As you can see, many Hintons have come to this country in the 1800's and the 1900's. There must be a way of connecting them back to England. A great note of thanks goes to Mr. Lisle Lester, Box 67, Mahomet, Illinois 61853, for the great work he has done working with the others and adding bits of data at a time. He did an outstanding job, working with others as listed: Ethel L. Wright, Rt. 2, Watseka, Illinois 60970, Mrs. Lylek Williams, Rt. 1, Gifford, Illinois 61847, Mrs. Bernice Davis, R. R. #1, Dewey, Illinois, and many others.

It is believed Michael was born in Kentucky and as it's told, his father
came from Scotland. It is believed his forefathers some time back came to
Virginia by the way of a sail boat from Scotland but not his father. I
think this line is part of the Vachel branch of the Thomas Hinton line
who came to Virginia and it would be just like Thomas to go to Scotland
then to Virginia via a sail boat. The names seem to match up with the
Thomas line. Let's get proof on this point one way or the other. Michael
was married in Ross County, Ohio, was in the Mexican War and is buried at
Shiloh Cemetery in Colfax, Indiana. His wife was born in Pennsylvania and
she also is buried with her husband.

NUMBER (89)

Thomas W. Hinton was born in Virginia and was married in Rockingham County, North Carolina. He and his wife died in Kosmuth, Alcorn County, Mississippi, and they are buried in Wheeler Grove Cemetery, Alcorn County, Mississippi. Sarah was born in Rockingham County, North Carolina. Her father was Thomas Dilworth and mother was Mary Jones. Thomas Hinton was by trade a millwright and an expert craftsman in the art of cabinet making; his avocation was horticulture. In his early days he was hired by Thomas Dilworth to come to North Carolina to build a mill on his property. Thus by this good fortune, fate brought Tom to the doorstep of his future bride. During the building of this mill, he was married. Later they moved to Caswell County, North Carolina, to call it home. About nine years later, the Dilworth family decided to move west to Mississippi after the Ponotoc Treaty was signed in October 1832. Thomas Dilworth persuaded Thomas Hinton to go west with him, which he did. They moved as always as large family movements during that period of time because of transportation going by to see their loved ones. They went by ox-drawn covered wagons to Tishomingo County, Mississippi. In 1870 that part of the county was changed to Alcorn County, Mississippi, where they lived. The town they settled in was named Troy, Mississippi, which was changed (1845) to Danville, Mississippi, because of a postal conflict with another town of Troy, Mississippi. Thomas Hinton built many grist mills.
throughout the Chickasaw Lands as new settlers swarmed like locusts into the new government land. In 1815 Tom bought land near Mays Creek, Alcorn County, Mississippi, where he at last built a home as fine as any in the land. They called the plantation "Sycamore." This line is supported by Clifton Hunter, Rt. #1, Gunter, Texas 75058, who is an avid horse lover.

NUMBER (92)

The Ross County, Ohio, history lists Druzilla Hinton as being the grand-daughter of Thomas Hinton who settled in Ross County, Ohio. This proof has not been found as of this writing. The only branch that has really been checked out was Elias Hinton. This was done by Mrs. Rex Queen, 658 Garden St., Chillicothe, Ohio 45601. Let's all help out and tie in the other branches who have many living people throughout the U.S.A. The other sons of Thomas Sr. are William, James, Ezekiel, Thomas Jr., Sebren, Phillip and Levi. There is only limited data on each one, which is listed in Volume One of this printing. Henry Strawser II, the son of Henry Strawser I, was born in Buck County, Pennsylvania. He was in the war of 1812. He came to Ross County, Ohio, with his father and family in 1805. He was sent back to Pennsylvania by his father to settle some business and collect some money for a farm they sold. He returned to Ross County, Ohio, in 1806 and was married there some years later. He died in Ross County, Ohio.
Henry Strawser II had large land holdings in Ross County, Ohio. He was German-Dutch and their children were listed in the family Bible in German, which Jimmie Rude has a xerox copy of the data. The Ross County, Ohio, history lists them as having only eight girls and two boys (no names given), but the family Bible has eight girls and four boys all listed by name. Two boys died young so this could be the error in the Ohio history. Listed are their children all believed to have been born in Ross County, Ohio. This line is being supported and worked by Jimmie Rude, 2240 S. E. 20th, Portland, Oregon 97214. Some of this data was added the last minute. Therefore, some names are not listed in the index.

This is a listing of Hinton’s that served with Mississippi companies during the Civil War. Many others also served but they have been connected to some line.

1. Lafayette Hinton joined Company "F" 1st Cavalry as a Private 12 in March 186(?). He was assigned to the famous Noxubee Troopers and was reported absent without leave. He returned of his own free will and was later arrested.

2. Augustus Y. Hinton joined Company "A" 27th Infantry as a Corporal at the age of 22 on 2 November 1861 at Vicksburg, Mississippi. He was sent to Waynesboro, Mississippi for duty. He was later captured at Vicksburg, Mississippi.

7. William H. Hinton joined Company "F" 17th Infantry as a Private on 29 October 1861 at Leesburg, Virginia. He was a college student at the time. He listed his residence as Mt. Pleasant, Virginia, age 18 and was single. He died April 1862 from disease.

8. William C. Hinton joined Company "F" 13th Infantry as a Private on 14 May 1861 at Corinth, Mississippi. Was later married, therefore, he was discharged 5 September 1862. Listed residence as Waynesboro, Mississippi.

As you can see, much has been accomplished by many, many nice people that have worked hard getting bits of data here and there. Looking at the many lines not connected and the vast number of people that are not even listed, one would say we have a lot of work remaining to be done. I ask each one of you to do your part and send your data to: Hinton History Data Bank, 5116 Dogwood Drive, Everett, Washington 98203. This data will be available for use by all throughout the world. This can only be accomplished by everybody working together.
