PREFACE.
PREFACE.

The National Numbers from 19001-20000 are contained in the Twentieth Volume of the Lineage Book.

Throughout these records, reference is made to the portion of the army in which these patriots served, but these volumes are too condensed to distinguish the grade of service, whether minute man, State or Continental Line.

The object of our Society is to honor all without regard to position or title. The soldier with his musket, the heroines of the Revolution, old men unfit for active duty but who were able to give counsel and contribute to the cause, stand side by side in our organization with the commanders in the field.
