COUNTIES OF WEST VIRGINIA

On June 20, 1863 West Virginia was created out of part of Virginia. To permit easy reference to source documents such as the census, a county in this book is identified as it was known at the time. (W)VA is often used to indicate that the county was originally in VA but is now in WV. Some important changes in the counties in which our ancestors resided are listed below:

1. 1799 Floyd Co. KY formed from parts of Fleming, Mason, & Montgomery Co. KY.
2. 1799 Tazewell County, VA separated from Russell & Wythe Counties, VA.
3. 1824 Logan County, VA formed from Kanawha, Cabell, & Giles Counties, VA.
4. 1850 Wyoming County, VA separated from Logan County, VA.
5. 1858 McDowell County, VA separated from Tazewell County, VA.
6. 1895 Mingo County, WV separated from Logan County, WV.

This book is a short genealogical history about Henry "Tucker" CLINE and his
descendants. Some background information about Henry "Tucker" CLINE seems
appropriate at this time. Henry "Tucker" CLINE was the oldest child of Michael "Mike"
CLINE and Margaret "Peggy" JONES. Both parents were born around 1769. Michael
CLINE (spelled "KLYNE on marriage records) married Peggy JONES in Frederick
County, VA on 29 Nov 1791. Their first child, Henry "Tucker" CLINE was born 29 Nov
1792 in Wolf Creek, Montgomery Co. VA. Peggy is listed in the 1850 McDowell
Co.(W)VA Census as being 81 years old. Evidently, Mike was dead at that time, and
Peggy was living with her son, Henry "Tucker" CLINE, as he is listed as head of
household. Mike and Peggy CLINE had seven children:
- Henry "Tucker" CLINE
- Albert CLINE
- Peter Harper CLINE
- John A. CLINE
- James A. "Dick" CLINE
- Sarah "Sally" CLINE
- Nancy CLINE

Marlin G. CLINE speculates in his book, DESCENDANTS OF PETER AND
MICHAEL CLINE OF VIRGINIA AND KENTUCKY, that Michael "Mike" CLINE
was related to two men named Peter CLINE and Nicholas KLEIN. This assumption is
based on the fact that all three names appear in records which indicate that these three
men moved about over considerable distances more or less together. At least, those three
names are found in proximity to one another repeatedly over a long period of time. Marlin
suggests the possibility that Nicholas, who was an immigrant from Germany, was the
father of Peter and Michael, though evidence for that is tenuous at best. A detailed
discussion of these three names is found in Marlin's book on pages 5-11, & 106.

A few explanations about the arrangement of our book, HENRY "TUCKER"
CLINE AND HIS FAMILY, will hopefully make its reading more enjoyable and less
frustrating to understand. In this book, individuals in the direct blood line of Henry
"Tucker" CLINE are written in bold face type and are listed chronologically in their
family with a number next to their name. Ancestors and descendants can be located using
that number. Henry "Tucker" CLINE is the first person listed in our family tree, and we
named him (C) because Cline starts with the letter "C". Henry "Tucker" had 11 children,
and we named them (C1), (C2), (C3), (C4), (C5), (C6), (C7), (C8), (C9), (C10), and
(C11). Therefore, (C5) is the fifth child of Henry "Tucker" CLINE. Henry "Tucker"
named this child John, and John had 14 children.
To give a number to each of John's fourteen children, we took his number (C5) and added another number. John's children would be listed as (C5-1), (C5-2), (C5-3), (C5-4), (C5-5), (C5-6), (C5-7), (C5-8), (C5-9), (C5-10), (C5-11), (C5-12), (C5-13), and (C5-14). We put a parenthesis around digits of the first three generations. For the fourth generation we added another number outside the parenthesis. (C5-4)-6 indicates that this number belongs to the sixth child of (C5-4). We added another number for the fifth generation. (C5-4)-6-1 indicates that this number belongs to the first child of (C5-4)-6. My number is (C5-4)(6-1-2). The example below, illustrates that I am a direct descendant of Henry "Tucker" CLINE.

FOR EXAMPLE:
1st Generation: (C) Henry "Tucker" CLINE
2nd Generation: (C5) John CLINE
3rd Generation: (C5-4) Rebecca Jane CLINE
4th Generation: (C5-4)-6 Henry Lockney KEITH
5th Generation: (C5-4)-6-1 Fola Eugenia "Gene" KEITH
6th Generation: (C5-4)(6-1-2) Linda Brown KULLMAN

The number of digits increases with each generation, so the number of digits also indicates the number of generations involved. For example, John CLINE (C5) can be located in the second generation because the "C" and the "5" make a two digit number, and Fola Eugenia KEITH can be located in the fifth generation because the "C", "5", "4", "6", and "1" make a five digit number. For the sixth generation, we placed parenthesis around the first three digits and another parenthesis around the next three digits. (C5-4)(6-1-2) helps the reader see the digits more clearly.

For easy reference, we have provided family tree graphs for Henry "Tucker" CLINE, for each of his 11 children, and also for each of (C5) John CLINE's 14 children. We hope this will quickly assist the reader in following the path of each generation. To further help the reader, the following formats are also used throughout the book:
* Surnames are printed using all capital letters. For example: John CLINE.
* An underlined middle name indicates that the middle name was the preferred name by which that person was known: Henry Lockney KEITH.
* Nicknames are indicated by quotation marks: Fola Eugenia "Gene" KEITH.

The publication of this book is the realization of a dream for my mother, Fola "Gene" Keith Brown (age 84) and her cousin, Martha Mabel Robinson Jones (age 76). Fola "Gene" and Martha Mabel worked independently on family research for many years, unaware that they were cousins. In 1979 Fola "Gene" and another cousin, Nell Jeffers Hall, took an exercise class at a Charleston church and met a man named Hubert Cline. Fola "Gene" was delighted to learn that Hubert's grandfather was a man named John Cline from Blue Creek because Fola "Gene's" greatgrandfather was also a man named John.
Cline from Blue Creek. Hubert gave Fola "Gene" the name of his cousin, Hazel Mays Agsten, who was very interested in family geneology. After Fola "Gene" talked to Hazel, Hazel contacted Martha Mabel. Fola "Gene" and Martha Mabel met and became united in their efforts to discover more information about their ancestor John Cline and his father, Henry "Tucker" Cline. In 1994 Fola "Gene" and Martha Mabel gave me all of their vast files, data sheets, and research notes to organize and edit into a book. I have attempted to consolidate thousands of hours of research work into a manageable document of geneological facts, individual & group pictures, and personal recollections of family members. Enthusiasm is contagious, and I hope I have conveyed to our extended Cline family the sunshine from the smiles of these two wonderful ladies--Fola "Gene" and Martha Mabel!

We sincerely hope we have presented the research in this book in an accurate and logical manner. Many thanks to all of our relatives who provided any information, pictures, and/or narratives which are included throughout this book. You must forgive us if there seems to be an over-abundance of material on our immediate families, but those are the ones we knew best and for which we had the most information. Fola "Gene" offers to accept and hold for any future genealogist, the family stories, "remember-whens", and other material that our readers may wish to place in a future book. Because she has the files set up, it will be easy for her to do this, and she will be happy to oblige any member of this vast family as long as she is able. Thereafter, I will assume responsibility for the files and will be happy to assist any family geneologists in their quests.

(C) HENRY "TUCKER" CLINE

Henry "Tucker" Cline, son of Michael Cline and Margaret "Peggy" Jones, married Nancy Murphy on 13 July 1821 with Reuben Giddens officiating. Henry settled on Little Huff Creek, but later moved to what is now Pineville, Wyoming Co. WV and kept an Inn. Henry's granddaughter, Addie Krantz, a daughter of James C. Cline, stated that Henry used to walk from Pineville to Campbells Creek to visit his son, James, when he was past ninety years old. On one of these trips he contracted dysentery after drinking water from an open spring and died. He was given to the use of profane language until his death. When visiting his son, he always carried a change of clothing in a red handkerchief tied on the end of a stick which he carried across his shoulder. Nancy Cline, wife of Henry, died of "dropsey" in Wyoming County on 10 June 1856 at 57 years. [written by Willis C. Stinson]

*In the 1850 Tazewell, VA Census on pages 269 and 270, there are four Cline families listed on farms that border each other. Henry Cline, age 58, is listed as the head of one household along with his wife, his mother, and 8 children. (Peter 25, John 19, Polly 16, Clarissa 16, Moses 15, Shannon 11, James 8, and Betsy 8). The other 3 Cline households are headed by Mike Cline 29, William Cline 26, and Herranton Cline 22. (Herndon's name is spelled differently in each Census). We assume that these older sons of Henry and Nancy got married, but did not move far away from their parents.

*Information concerning (C) Henry "Tucker" CLINE and his children compiled by Fola Keith BROWN from Willis C. STINSON, 15316 Gulf Blvd. Apt 104, Madeira Beach, FL 33708; from the Death Records of Wyoming Co. WV; & from the 1850 Census of Tazewell Co. VA.

"John & Martha CLINE

Roy DAWSON & Hazel MAYS"
"John Cline was the 5th son of Henry "Tucker" Cline and Nancy Murphy. John married Martha Jane Lambert at the bride’s home in Tazewell Co. VA, which is now McDowell Co. WV. John and Martha’s first five children were born in McDowell Co. WV. They moved to Horse Fork of Falling Rock Creek sometime between 1861 and 1865. The other nine children were born at Falling Rock, WV. John was a Confederate soldier in the Civil War in the 34th Cavalry Battalion. His brother Shannon was a Union soldier. They did not speak to each other for 40 years after the war, but their daughters, Mattie Mays (John’s) and Minnie Wolfe (Shannon’s) were good friends.

My mother, Ella Cline Robinson, was ten years old in 1892 when her mother and father, John and Martha Cline, along with the children still remaining at home with them, moved from Horse Fork of Falling Rock to Mink Shoales. Mom told us about taking a small boat and playing and riding the waves that were made by steam boats that would be going up Elk River. In 1896 when my mother was fourteen years old, her parents purchased the 56+ acre "Old Hoover" farm located on Blue Creek. This was to become their last move.

On August 14, 1903 John Cline conveyed a 66 foot wide right-of-way through the farm to the Imboden and O’Dell Railroad Co. This was to be a part of the first 12 miles of a railroad from Charleston. A tunnel on the farm was built primarily with Italian laborers. In 1906 a passenger coach was added because so many people were hanging on to the freight cars and riding to and from Charleston. In 1907 the entire line of 33+ miles was completed to Blakley.

John, Martha, their son William, and his wife Clara ran a boarding house during the building of the railroad and tunnel. When both of my grandmothers were very old, my mother helped take care of them. I remember that both of my grandmothers liked to smoke pipes. Grandma Cline always used R.J.R. tobacco. In 1915 John died at Blue Creek at the age of eighty-four years of age. In 1930 Martha died at the age of ninety-two years of age." [written by Martha Mabel Robinson Jones]

(C5-2)-6 Robert Lee "Rob" KEITH.

"Rob Keith was the sixth child of Rachel and Tom Keith. When Rob Keith was a young man, he worked for logging companies cutting timber. When WWI started, he was a year too old to enlist. So he lied about his age and volunteered anyway. He served in the Rainbow Division. He was in all the big battles of the war in France, Germany, and Belgium. He would tell stories about things that happened during the war. He always told about having to eat "green molded light bread" because they didn't have anything else to eat during some of the big battles that lasted for days. After the war he stayed in Germany with the occupation troops for a year. They stayed in private homes during this time. When he got home, he ran a barber shop at Vaughan until they passed a law requiring a license to run a shop. He loved to hunt coon and squirrel. He could describe each one he ever killed, where it was, and what tree it was in. He told stories about the Civil War that he had heard veterans of that war tell when he was a boy. He was a great story teller. He also played the five string banjo in old time mountain style. When he was 42 years old, he married Pribble Jarrett. They had two daughters. He died at Lockwood from a heart attack on 6 Jan 1957."  [edited by Linda Brown Kullman from a letter by Pribble Keith, Rob's daughter.]

DESCENDANTS OF (C5) JOHN CLINE:

Rebecca Jane Cline was the fourth child of (C5) John Cline and Martha Jane Lambert. Becky married Jacob Keith from Clay Co. WV. Jake was the brother of Tom Keith who married Rachel Cline, Becky's sister. [sisters married brothers].

(C5-4) Rebecca Jane CLINE.

born 22 Apr 1859 in Clear Fork, Tazewell Co. VA (McDowell Co. WV.) died 7 Dec 1934 in Fola, Clay Co. WV. buried with Jacob KEITH in the Keith Cemetery at the head of Middle Creek, above present day Fola WV. 10 children.

+Jacob "Jake" KEITH. born 4 Nov 1855 in Lilly Fork, Buffalo Creek, Nicholas Co. VA. (Clay Co. WV.) married 4 Feb 1881 in Falling Rock, Kanawha Co. WV. died 4 Jan 1932 in Fola, WV. parents were Guy KEITH and Rachel GOAD.

"My Grampa Jake and Gramma Becky lived in a log cabin next door to the house where I lived with my dad, Lock, and my mom, Jessie. Jake and Becky's house had a well in the front yard. Each side of the well was a 6'x 36"x 36" square rock. The well was lined with big flat stones, and the water was always clear and cool. The Fola Baptist Church was diagonally across the road from my grandparents's house. Aunt Rhoda and Uncle Howard lived across the road from our house, and Aunt Arie and Uncle Norman lived up the holler behind our house. My Grandma Ferguson took turns living with us or at Aunt Rhoda's. Mom and Aunt Rhoda were her daughters. Dad and Uncle Howard were Gramma Becky's sons. Aunt Rhoda and Uncle Howard had two daughters named Evelyn and Mary Gene. Evelyn, Mary Gene, and I have a special relationship because our dads were brothers and our moms were sisters. We three girls had exactly the same ancestors except we had different parents! Our extended family was so large that relatives were always in and around the four houses which sat so close together in Fola, WV.

Gramma Becky wore "Old Lady Comforts" (high top soft leather shoes). She always wore dresses down to her shoe tops and a white dust cap similar to a shower cap. She also wore a big white apron that completely covered the front of her dress. Gramma raised geese because she needed feathers for her feather bed. When she died, she still had long black hair without any gray. She was never taught to read or write. Every Sunday night Gramma made a special supper of mush and milk. She was a good cook and often made cornbread, great big biscuits, chicken & dumplings, fried ham, and pinto beans. She always kept a milk cow, and she kept a churn on the hearth. She served lots of soft butter at meals. Gramma always had a beautiful garden and liked to raise sweet potatoes. She pickled corn and kraut, and she made jelly with wild goose plums and also with blackberries. Beside the barn, she had a hot bed of manure to use for seeds and plants. Gramma would occasionally rub some cherry snuff.

People in the Fola community called my grandparents "Aunt Becky" and "Uncle Jake". Grampa was a gentleman of high moral character, and he was ever ready to give good advice to all who sought his counsel. Grampa was a notary public and often wrote deeds, legal papers, and letters for other people. He taught thirty years of one room schools. His father, Guy Keith, was a Union soldier and was killed in 1864, leaving Jake...
an orphan of 8 years. Grampa made sorghum molasses every year with his molasses mill. When he rode on his horse named Maud, he held his head very high and his back very straight. He loved to hunt coons, and he had a hunting dog named "Rove". After Grampa died, Rove would sit on the hill behind the house and howl. Grampa called me "Folie", and when he went to town, he always brought me a little box of raisins which he had bought from the "news butch" on the B&O train. A "news butch" carried a tray which hung by a strap around his neck, and he sold newspapers, magazines, apples, oranges, raisins, and stick candy. He walked from car to car selling things to the passengers. Grampa always carried a pocket knife and a pocket watch. He sang in the church choir. He especially liked "Amazing Grace", and he and Mandy Legg could always reach the high notes. Grampa could pray the prettiest prayers you ever heard. He used big words like "omnipotent Father" and always praised God rather than asking for things. He often mentioned his old christian mother in his prayers. He gave testimony at church, and he always prayed that when his time came, he would die peacefully in his sleep. At age 77 he died peacefully at home in his own bed." [written by Linda Brown Kullman from conversations with Fola Keith Brown].

"Mrs. Rebecca Jane Keith, 75 years of age, wife of the late Jake Keith, of Fola, died at her home at Fola, December 7 1934. For some time, Mrs. Keith had been suffering from a heart ailment which caused her death. Mrs. Keith was a member of the Fola Baptist Church and lived a constant and devoted christian life. She will be greatly missed in her community." [edited from the obituary in the Clay newspaper]

"I always spent my summers with Grandma at Fola, WV. She taught me how to sew and how to plant flowers. She did wonderful embroidery work. She made the biggest biscuits! She had a big speckly coffee pot and boiled the coffee without a filter. She washed clothes with a washboard and a ringer hooked onto a tub. I loved her very much. I always cried when I had to leave." [edited by Linda Brown Kullman from a letter by Vera Legg Myers].

"Howard Keith was the embodiment of the quietly patient, hardworking man, dedicated to his family and community. He always had time to take us to a game or a play or a band practice, and never complained or let us know how tired he was. In the evenings, we looked forward to his bear hugs and the way he chuckled at the stories we told. In his spare time, he enjoyed playing baseball, squirrel-hunting and playing a tune on the fiddle. He also lent his beautiful bass voice to the church choir every Sunday. In the summer, he tended a large garden, going out to hoe the beans and corn and tomatoes wearing, as always, a starched white shirt. At Christmastime, we remember him trudging out into the woods and returning with such a beautiful tree one year that we didn't even have to decorate it. Howard Keith gave us the best present that a father can give, a wonderful childhood." [written by Evelyn Keith Ellis and Mary Gene Keith Fitzwater]

"Jessie & Lockney KEITH with Fola "Gene" KEITH"
DESCENDANTS OF (C5-4) JOHN CLINE:

Lock Keith was the sixth child of (C5-4)-4 Rebecca Cline and Jacob Keith.

"My dad, Lock Keith, sang tenor in the church choir and was a charter member of the Fola Baptist Church. His favorite hymn was 'What a Friend We Have in Jesus'. Lock was employed for many years on the Hartland Railroad as Assistant Superintendent and Conductor. After his retirement, he became a farmer, and for several years in the 30's and 40's he owned and operated "Keith's Service Station" in Clay, WV. Lock liked to hunt squirrels, and he and a friend, Porter Hyer, had a hunting camp at the head of Leatherwood. He liked to garden, to landscape around his home, and to pick the banjo bluegrass style. He liked to sing 'Goin up Middle Creek, goin on the run, goin up Middle Creek, to have a little fun' and clog dance while he sang. (Lock's farm was on Middle Creek.) Lock chewed Beechnut tobacco, and he would sit on his large front porch in a cane bottom rocking chair with his feet propped up on a post and spit tobacco juice into the bushes. For years he played Santa Claus at the Christmas Eve Program at church and then took oranges and stick candy to the houses of little kids in the neighborhood. Lock always carried a pocket knife and a pocket watch with a chain which stretched across his chest. He liked people whether they were rich or poor, old or young. Lock liked to laugh and tell stories to people. He always said that anybody who drank water above the fork of Middle Creek (at Bickmore) would always come back but would never tell the truth again." Gladys Keith was the eighth child of (C5-4) Rebecca Cline and Jacob Keith.

"I remember Mom always liked to work outside in the garden and to fix fences. She helped me when I needed anything repaired. She liked country music and sang in the church choir. She loved to do carpenter work and work on a car. One Christmas she got a toolbox from Dad. It was her favorite gift! She didn't loan her tools often and kept close track of where they were. My Dad worked as a mine foreman in the mines. He liked music and was the choir director at church. That's why I love to sing in the choir. He was a kind man and good to me." "Earl was born to Nora Keith on 28 Oct 1901 when Nora was 17 years old. She left the baby with her parents, Becky and Jake Keith, so she could look for some kind of work. Becky was expecting a baby, and Ernie was born on 10 Feb 1902 (the ninth child of Becky and Jake Keith). Becky raised the two babies together as twin babies because they were only four months apart. Earl was always known as the son of Jake and Becky instead of a grandson. Earl always called Jake and Becky "pa and ma" and always went by the name of Keith. Little Ernie died 19 Oct 1907 when he was 5 years old with diphtheria. Earl almost died of the sickness but somehow lived through it. When Ernie died, Jake and Becky put all their love on Earl." [written by Jessie Ferguson Keith describing Earl's childhood in her diaries.]

"Earl lived in Ripley and was a mining engineer and a state mine inspector. For many years he came to the Fola Homecoming which is always the third Sunday in September. After everyone ate lunch at the Homecoming picnic in the churchyard, many Keith relatives and friends would gather at Lock and Jessie Keith's home which was close to the church. Earl would play the fiddle, Ada Carr (a Ferguson friend from Ripley) would play the piano, Lock would play the banjo, and everyone would sing!" "James died at birth." born 4 Apr 1879. died 4 Apr 1879.

(C5-13) Mary Ellen "Ella" CLINE.
Mary Ellen was the thirteenth child of (C5) John Cline and Martha Jane Lambert.
"In 1912 my mother, Ella, married John William Robinson from Shultz in Pleasant Co. WV. He had come to Blue Creek in 1911 to work in the oil fields. They first moved to Potato Creek at Pinch and then to Goose Creek in Ritchie Co. which was close to where he was raised in Shultz. Then my parents bought 52 acres of the old Cline farm on Blue Creek, Elk River, WV. All of my brothers and sisters were born on the Cline farm at Blue Creek. We attended school at Three Mile and Elkview. We walked to Three Mile School through the railroad tunnel. We lived near the tunnel in the house that Bernard Maynor had lived in for many years. I always had a terrible fear of going through that dark tunnel.

My mother was an excellent seamstress and made all of her own clothes as well as all the clothes for her children. She always worked hard, cooking and canning. We lived mostly on things we raised or grew on the farm. We had a large peach and apple orchard, a large garden, and wheat and hay fields. We had hogs and beef which we killed to "salt away" or to can. We always had a milk cow. My mother would make fifteen gallons of apple butter in a copper-lined kettle each fall. Also, she made her pumpkin butter this same way. We washed our clothes on a washboard with lye soap my mother had made from "hog fat". All of us worked hard in the fields. We had a threshing machine come there along with four or five men each year to thresh wheat. We had to cook their meals, and since I was the oldest girl, I had to help my mother to prepare these meals. Also, I carried many buckets of drinking water to where the men would be working. This water came from a hand dug well which was in the backyard. The water was very cool and tasted very good.

My mother was a very pleasant person and enjoyed life and family. She was also a religious person. She and Dad and two other Clines had a quartet, and they rode horseback to different areas on Elk river to sing at churches, funerals, etc. My mother played the old pump organ and sang along beautifully." Floyd Shannon Cline was the ninth child of (C) Henry "Tucker" Cline and Nancy Murphy. The following is a family story told about Shannon and his brother John. Shannon Cline served with the Union Army in the Civil War. This act ostracized him from his family for a good many years. It is said that he never saw his brother John for forty years following the War. When they met at John's home in Blue Creek, Kanawha County, WV, they wept on each others shoulders like two children. They were both old men then, having grown long white beards. Shannon spent most of his life in the Allegheny Mountains of Maryland, but he returned, late in life, to WV where he worked as a cobbler in Charleston. Shannon died at Cameron, WV at the age of eighty-six years. His daughter, Minnie, gave this information. A picture in Minnie's possession showed John and Shannon when they met following the long absence after the Civil War. Shannon was the larger of the two but looked as old as John who was ten years older. Shannon drew a pension from the Government for his service in the Union Army. [written by Willis C Stinson.]

DESCENDANTS OF (C10) JAMES C. CLINE (twin):

James C. Cline was the tenth child of (C) Henry "Tucker" Cline and Nancy Murphy. As a teenager, James may have lived for awhile with his brother Herndon. In the 1860 McDowell Co.,VA Census, a James Cline {age 17} is listed as a "serving person" under the family of Herndon CLINE {age 31}. James became a rural missionary and circuit rider throughout the Campbell’s Creek region. Several pictures show him with a long white beard. Some early families to settle this area were those of Andrew Belcher and James C. Cline. These two men apparently married sisters and came to this region from McDowell County shortly after the Civil War. James settled near the head of what is now known as Cline Hollow. James was licensed to preach in 1876 at the Green Bottom Church in WV and ordained in 1877 at the Campbells Church in WV. The community of Tad,WV, earlier known as Big Bottom,WV, was once a predominantly coal mining town approximately four miles up Campbell’s Creek. James served as the first pastor of the Big Bottom Baptist Church organized in 1912. He also pastored at Belcher, Bean Creek, Brownstown (Marmet), Evans Fork, Healing Stream, Mill Creek, Mt. Alpha, Myrtle Tree, Old Kanawha Valley Baptist (Pratt), Sandy Bottom (Shrewsbury), Sweet Home, White Oak, and Witcher Creek. James lived in Malden, WV in the 1880’s; in Dana,WV in the 1890’s; in Tad,WV from 1912-1924; in Cedar Grove,WV in 1934; and in Glasgow,WV in 1936.
