Preface

This body of work has taken 38 years of record searching in courthouses, interviews with living relatives, cemeteries, microfilm reading of census records, deeds and most important of all…libraries from the local town library to the National Archives, resources gathered from all over Missouri and Tennessee.

I have had help from many researchers sharing their research over the years with the intent that one-day, I would be able to compile and share what was found with others seeking their family histories. It is with great pleasure I am able to share this accumulative descendant research in this comprehensive volume of work.

Please make copies of this file for future preservation. I am the only one who knows how to create a book of this caliber.

**1430-1440 Birthblock of Sir Thomas Wright**

Date from "The Wrights of Oyster Bay", Page 21:
The earliest known ancestor of the Wrights of Oyster Bay, was the same as the earliest known ancestor of the Wrights of England, namely, THOMAS WRIGHT, of the Manors of Tindall, and Rouse, county Norfolk, whom, the earliest records say, was living during the reigns of Kings, HENRY VI, EDWARD IV, EDWARD V, RICHARD III, and HENRY VII, covering a period from 1422 to 1509.

As has been stated, this THOMAS WRIGHT had a son, JOHN WRIGHT, who died in 32d HENRY VIII. (1541), who was also described as seized of both Manors of Tindall and Rouse. These early records say this JOHN WRIGHT left three sons, ROBERT, NICHOLAS and EDMUND WRIGHT, and it is through this NICHOLAS WRIGHT the line of the Oyster Bay family descends.

Thomas married someone.

His child was:
+ 2 M i. **Sir John Wright** was born in 1465 in County Norfolk, England and died in 1541 in East Lexham, Norfolk, England at age 76.

1500-1520 Birthblock of Nicholas Wright 1rst; son of Sir John Wright

"The Wrights of Oyster Bay", Page 21:
Of Nicholas Wright, we have few historical fragments, and some family tradition. He was born in county Norfolk, some time about the first, or second decade of the 16th century, but place of his birth unknown, and from contemporaneous records we find he had deceased prior to 1567, and it is believed at Beaupre Hall. The early records disclose that he married ANNE, daughter of EDMUND BEAUPRE, of Beaupre Hall, Esq., and that ANNIE WRIGHT was living, and a widow in 1579.

"The Wrights of Oyster Bay", Page 23:
The ancient records as presented in the publications of the Harleian Society, referring to the year 1563, state that NICHOLAS WRIGHT had five children, but no names are given. From other contemporaneous records, however, and from family tradition, it is now well established that four of these children were JOHN, NICHOLAS, WILLIAM, ELIZABETH, and that this NICHOLAS WRIGHT was the grandfather of our ANTHONY, PETER and NICHOLAS WRIGHT of Oyster Bay.

No reliable data was found that would show when and where NICHOLAS WRIGHT was born, where he lived, or died, nor does family tradition throw light on any of these points, further that that he was of the county of Norfolk, and born there in the first of second decades of the 16th century.

In the Parish Register of St. Michael's Church, at Barton Turf, county Norfolk, among the earliest records of marriages, it states that on February 18, 1559, NICHOLAS WRIGHT and ELLEN GYLBERT were married, and that ELLEN died January 10, 1582. The Register shows that NICHOLAS WRIGHT subsequently on January 25, 1589, married MARGERIE ALYSANDER, relict of JOHN RASPOOLE, who married MARGARIE, July 4, 1560, and died July 18, 1588.

The Register of this church shows the names of two children of NICHOLAS and ELLEN WRIGHT, NICHOLAS and WILLIAM, but none of the second marriage. ELLEN GYLBERT or GILBERT, was a daughter of WILLIAM GILBERT, Vicar of Barton Turf, 1517-1531.

This same Register further shows that on November 15, 1582, the son NICHOLAS married MARGARET JEFFERS, of Neatishead, and WILLIAM married ELIZABETH JEFFERS, of same place, on November 18, 1584. Neatishead is located near Barton Turf, and part of that parish. The Register contains nothing further respecting NICHOLAS WRIGHT, and he had probably removed from the parish, but it shows that WILLIAM and ELIZABETH WRIGHT had children baptised there as follows: AGNES, on June 25, 1587, ROBERT, on November 1, 1590; MARGARET on April 10, 1593; WILLIAM, on August 1, 1596; JOHN on March 7, 1601, and died; and JOHN, on April 1, 1604, and buried May 16, 1604. Thus two brothers apparently married sisters. (Norfolk Parish Registers. W. P.W. Phillimore. 1909. Vol 4, pp.2-3.)

MARGARET JEFFERS dying we next find that a NICHOLAS WRIGHT married secondly, on September 20, 1594, in the Parish Church of SS. Peter and Paul, at Wendling, county Norfolk, one MARGARETA NELSON, and in this Register the name is entered as "NICHUS WRIGHT." (Hist. of Hundreds of Launditch. Carthew. 1877. Pt. 2, pp. 685-690.)

Nicholas married Ellen Gylbert, daughter of William Gylbert and Unknown, on 18 February 1559 in County Norfolk, England. Ellen was born in England, United Kingdom and died on 10 January 1582 in Outwell, County Norfolk, England.

Children from this marriage were:

+ 11 M i. Nicholas Wright III was born on 18 February 1559 in County Norfolk, England.

Nicholas married Margaret Jeffers on 15 November 1582 in Barton Turf, County Norfolk, England.

Nicholas next married Margaret Nelson on 20 September 1594 in Barton Turf, County Norfolk, England.

+ 12 M ii. William Wright was born in Outwell, County Norfolk, England.

JOB WRIGHT's occupation appears to have been that of builder, as he built a large number of houses in Oyster Bay, including his own, which was erected about 1667-70, and still standing, and occupied (1923), a view of which is given. His name occurs very frequently in the Town records, and he appears to have been very prominent and active in its public affairs. An entry in the records shows he was as kind hearted and generous, as well as active. Under date of Mch. 1, 1676-7, the town records show a bill of sale from one THOMAS NICHOLAS, of Newport, R.I., to JOB WRIGHT, for one Indian boy. It is tradition that his boy belonged to the local tribe of Indians, and had been captured during a foray, probably by a tribe from the east, the Narragansetts, as they were located in Rhode Island, and he had arranged with NICHOLAS to secure the boy's ransom. When the boy was received, it is said JOB WRIGHT set him free and returned him to his tribe. Such, and other kindly acts on the part of the townspeople toward the Indians, bore good fruit, and the appreciation of the Indians was shown in many ways. In an Indian deed of March, 1693, to which JOB WRIGHT, with others, was a party it recites "for and in consideration of ye many favors & Kindnesses by us ye said Indians received" &c. A copy of the will of JOB WRIGHT, which was proved at Jamaica, L.I., Sept. 22, 1709, follows: (Queens Co. Clerk's Office, Liber A of deeds, p. 173; Oyster Bay Town Records, Vol. 1, pp. 102,103,107,108,172,234,315.)

It appears there was a double wedding with daughter; Nancy Jane (KIMBERLING) and Nathaniel Kimberling since they were married on the same day and the same place.

1825-1827 Son's marriage of Rhinard Kimberlin(g) & Frances Jane (PETERS)
Presumptive conclusions indicates they were married between 1825-1827. Catherine is their oldest known child born August 1828. Since the Peters family was in Giles County, Virginia next to Botetourt County then they were probably married in one of those surrounding counties of Virginia or West Virginia. Nevertheless, it appears they were married before they moved to Missouri. France's father John Jacob Peters Jr. moved sometime in 1830 since he is in both the Giles County, Virginia census and the 1830 Washington County, Missouri census.

Research Note
Since John Jacob Peters Jr. was living in Giles County, Virginia up until 1830 when he moved to Washington County, Missouri indicates that Rinard and Frances were married in Giles County before their first born daughter; Catherine was born in 1828 in Missouri. After their marriage and before the birth of Catherine, Rinard and Frances moved to be near his parents who were living in Washington County, Missouri. The article John McCormick's book "Forest Hills and Vicinity" 1970 stated the following, "There were at least two and possibly three founding families of which the best known is the Rhinard and Frances Kimberlin family who came from Virginia in 1827 and settled in Washington County (according to Stevens history)." This is in harmony with the research evidence. Some believe Michel Kimberling is the father of Rinard,
however, I ask...what would motivate Rinard to move from Botetourt or Giles County, Virginia to Washington County, Missouri if his parents were not living in Washington County? Also, James and Nancy's children were married and living around Washington County all about the same time between 1825-1830. James and son James Jr. moved on to Greene County, Missouri while others moved on to southwest Missouri and Texas. Rinard and sister Nancy Jane (KIMBERLING) Clark remained in Washington County and raised large families. Also, Nancy Jane (KIMBERLING) was named after her mother Frances Jane (PETERS) Kimberling.

At the age of 19, Tom Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Tom Pratt started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others.

Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors.

It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800’s. Not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 42,000 individuals and achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt’s style of research, he is a strong supporter of the “hands on” approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended multi-state family reunions and obtained his material from the actual sources when possible.
A Little Something About Your Author

Being a researcher of the highest degree, in 1991, Mr. Pratt formed the Pratt Publications Company and offered to the public, a series of books titled, *The Prant Pragenitor Papers*. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 7 volumes were published with at total of 43 volumes scheduled for publication.

In 1996, Mr. Pratt formed the **Genealogical Institute** to further the education of serious researchers.

The **Genealogical Institute** offers a series of educational materials to teach and instruct the uninitiated in the procedures of family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical procedures for tracking your family history.

Beginners and experienced researchers have found a treasure chest of knowledge when undertaking these courses. Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, this course is a valuable tool for the researcher. One of Mr. Pratt’s favorite sections of the course is teaching researchers “how to stop” researching and compile their information for publication.

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the **Master Accreditation of the Genealogical Institute** (M.A.G.I.).

This designation is equivalent to a Doctorate Degree and signifies the recipient has been trained and demonstrated superior research techniques.

Mr. Pratt’s ability in family history research has amazed many educated researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize this knowledge has been acquired over 30 years of experience and research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task.

Outside of Washington, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750’s and traveled west to Missouri after the 1803 Louisiana Purchase.
A Little Something About Your Author

Mr. Pratt took down all the information off the headstones, including every person in the cemetery and researched each individual related or not. 1000 man-hours and two years later, he published the book “Johnson-Caldwell Cemetery of Franklin County, Missouri” © 2001.

Obtaining newspapers, legal documents, personal interviews with ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text. What makes this book stand out among the rest is basic content and structure.

First, it is the only book to cover the known and reported inhabitants of an entire cemetery.

Second, this book reports on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children.

Third, even the index is unique, listing the individual and their father’s name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research of cemeteries should be based. In their opinion, no one has ever produced a body of work about a cemetery as unique and professional as this publication.

Currently, Mr. Pratt is working on a series of books from the Pratt Archive Collections, which is a series of biographical publications concerning a progenitor and a generation of descendants. This collection is a “cradle to grave” report, which covers the subject’s ancestry, birth, marriage, children, and geographical domiciles as well as the political environment during the subject’s lifetime.

In addition, Mr. Pratt is working on additional volumes of the Pratt Progenitor Papers and several books on public records.

With all these accomplishments, Mr. Pratt humbly refers to himself as a Genealogical Anthropologist...resurrecting progenitors.

We in the genealogical world are deeply grateful to be associates of a man of Mr. Pratt’s caliber. Through his dedication to helping the novice as well as the professional researcher, future generations will benefit by his advances in the genealogical field.

In addition, we are thankful for the inspiration that sparks men like Mr. Pratt to magnify their love for people and history. We feel, with a lifetime dedicated to the genealogical pursuit of truth and knowledge, Mr. Pratt’s accumulative body of work, will stand as a quintessential manifestation of this divine love.

Lewton Cole, Chairman
Genealogical Institute
